

## OREGON FRUIT IN EDINBURGH

### Apples high in favor in Scotland Markets Due to Their Remarkable Quality

Oregon apples are in high favor in Scotland. A price equal to \$15 a barrel was recently realized on a lot sold in the Edinburgh market. This high price was due not only to the remarkable quality of the fruit, but also to the excellent manner in which it is packed. The Edinburgh Scotsman, of February 11, in reviewing the apple situation there, says:

At the present time the finest apples from any outside source come from Oregon. Some of the best are put up in bushel boxes containing 120 fruits each. They have sold at various prices, depending upon the quality of the samples. These range from 14s to 15s for fine specimens. But the largest and finest have realized 15s to 20s. A sovereign a bushel for foreign apples in February is remarkable, to say the least. They are Newtowns, immense in size, clear-skinned, of high favor and above all, well graded and attractively packed. Eastern States Newtown Pippins packed in barrels the best that could be sent from these centers, have sold for as much as 4s a barrel—the highest price secured this season for Newtons in barrels. But what is that sum to 22s a bushel, equal to 60s a barrel?

### Thought and Disease.

Thousands of people actually hink themselves to death every year by allowing their minds to dwell on morbid subjects.

The idea that one has some incipient disease in one's system—the thought of financial ruin, that one is getting on in life without improving prospects—any of these or a thousand similar thoughts may carry a healthy man to a premature grave. A melancholy thought that fixes itself upon one's mind needs as much doctoring as physical disease. It needs to be eradicated from the mind or it will have just the same result as a neglected disease would have.

Every melancholy thought, every morbid notion and every nagging worry should be resisted to the utmost and the patient should be protected by cheerful thoughts, of which there is a bountiful store in every one's possession. Bright companions are cheaper than drugs and plasters.

### Startling Mortality

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c at A. S. Locke's, druggist.

### Have a Purpose In Life

Take life like a man. Take it just as though it was and is an earnest, vital, essential affair. Take it just as though you personally were born to the task of performing a merry part of it, as though the world had waited for your coming. Take it as though it was a grand opportunity to do and to achieve, to carry forward great and good schemes, to help and cheer a suffering, weeping, it may be, a broken brother. The fact is, life is undervalued by a great majority of mankind. It is not made so much of as should be the case. Where is the man or woman who accomplishes one tithe of what might be done? Who cannot look back upon opportunities lost, plans unachieved, thoughts crushed, aspirations unfulfilled, and all caused from the lack of the necessary and possible efforts? If we knew better how to take and make the most of life it would be far better than it is. Now and then a man stands aside from the crowd, labors earnestly, steadfastly, confidently, and straightway becomes famous for intellect, skill and greatness of some sort. The world wonders, admires, idolizes, and yet it only illustrates what each may do if he takes hold of life with a purpose.

If a man but says he will, and follows it up, there is nothing in reason he may not expect to accomplish. There is no magic, no miracle, no secret in him who is brave in heart and determined in spirit.—Ex.

### The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Biliousness and Kidney Disease, by A. S. Locke, druggist, at 50c a bottle.

### Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to diseases peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffiness or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stops irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. Sold by A. S. Locke.

### Incredible Brutality.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," said he, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at A. S. Locke's drug store.
