H. Douglas, the honey bee man will give his attention this summer to bees. Bee culture has come to be an industry worth looking after in Polk county. About one of every three farmers has been ranging from three to a dozen stands. Farmers generally as well as those living in the small towns are not versed in the best way of handling bees to get the greatest quantity possibly of pure clean honey and they will find Mr. Douglas can be of invaluable assistance.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is for sale by P. M. Kirkland, the Druggist.

And the Next Day He Died

YES, the man who said he would go out and look around a bit, and see if he couldn't find something better in the way of a suit than we were offering—died. He died from exhaustion, and so will any other man who tries to beat our Spring Suits in style and price.
