The Blaziers, Peter Grant and Harvey Dale, Portland's well known gamblers have finally quit the Metropolis of the Northwest and gone to Tonopah to set up in the gambling business. It has been a Herculean job but Sheriff Word ran them out despite the city administration. Word has certainly demonstrated that he possesses the Roosevelt honesty and Tom Lawson courage.

Before leaving Eugene Blazier remarked:

"I have come to believe that this man Word is strictly 'on the square.' He conceives it to be his duty to close gambling places, and I am convinced he intends to keep them closed. He doesn't play any favorites. Billy Simon has reached the same conclusion, and none of us intends making any more trouble. We're going to look elsewhere."

President E. L. Smith of the Oregon Development League is in receipt of advice from London that Hood River Newtown Pippins are selling for \$5.43 per box. Newtown Pippins have been selling in Edinburgh at \$4.83 per box. These prices are equivalent to about 7 cents apiece for Oregon apples and is said to be the high water mark for foreign apples in London markets. This is the best advertisement possible for Oregon's apples and will as a natural consequence stimulate the apple industry in the state. Oregonians sometimes forget to fully appreciate the luxuries they enjoy right at home.

The present penitentiary officials that assumed their duties shortly after the sensational Tracy and Merrill break, scorned the idea of a convict scaling the walls. Early Wednesday morning a prisoner by the name of Charles Williamson, deliberately carried a step ladder to the outer wall mounted the stockade and pulling the ladder up after him lowered it on the outside and descended unmolested to freedom. Everybody thinks he can manage a penitentiary until he has one to manage. Then he quickly learns how little he knows about it.

The Harriman officials have sent a special man to Salem to investigate and encourage the establishment of a flax mill at that point. It has been the effort of Mrs. W. P. Lord's life to secure a flax mill for Salem and if the Harriman people are in earnest in the matter there is prospect of her long cherished dream being realized.

Dallas will elect a mayor three councilmen and a recorder next month. E. C. Kirkpatrick is mentioned for mayor. Better streets will be a feature of the platform of the candidates.

According to General Manager Worthington, it cost \$100 a day to operate a passenger train between Portland and Independence, a distance of 76 miles. In making the round trip, the train would cover 152 miles making the operating expenses 65 cents per mile.

In spite of Dr. Osler, Mayor Williams will run for a second term as mayor of Portland.

At present, good prospect for hops and other crops.

Oregon apples are Pippins.

The man who likes his work well enough to keep everlastingly at it and take pains at every turn is a safe genius to tie to.

To do the right thing, in the right way, to do some things better than they were ever done before—that is task worthy any man's effort.

It's lots easier to slide down a banister than to climb a flight of stairs. You can slide down to obscurity without trouble, but it takes climbing to be somebody.

Gentleness and good cheer—these come after all questions of morals.

CANES FOR FAIR OF NATIVE WOOD

M. A. Baker is home on a furlough from the Soldiers Home at Roseburg. During his stay at the Home, Mr. Baker has put in his time making walking canes and he now has a collection of fifty sticks that make a valuable treasure. They are made of native woods in a variety of shapes and ornamented with shells and polished to a gloss finish. There are myrtle, madrone, oak, Indian-arrow wood canes and canes of leather wrapped around steel rods. Two of them are hollow and can be used as smoking pipes by merely removing the tip from the little end and a cap from the handle end. Mr. Baker's collection of canes is well worth seeing. He now has them at his home in Independence. Douglas county people have sought to have them made a part of that county's display at the Lewis and Clark Fair, but true to Polk, Mr. Baker brought them home and will see Mrs. Wolfe relative to having them made a part of the Polk county exhibit.
