The fish liar is abroad in the land.

Have you been to the mountains yet?

Take a rest when you have "that tired feeling."

It is in order now to say "the recent hot weather."

The thermometer fell with a dull thud yesterday.

The way to prevent forest fires is to prevent them.

The annual lecture about forest fires is now on in full blast.

If any of the children are missing, look in the Willamette river.

They have to come to Independence or Salem to get Albany beer.

It is said sealskin sacks will soon double in price. Better get you one now.

It is to be noted there is considerable activity among dealers to contract for the growers' hops.

Sunday in Independence is pretty much the same as in most of the towns in "dry" counties.

They say the ice plants at Eugene can't supply the demand. Whew! it must be hot down that way.

There must be something doing in the timber land business around Medford, judging from the appearance of the Medford Mail.

The social season in hop yard circles opens with a banquet and blowout at the Krebs yard and a dance at the Horst yard Saturday night.

If the lone highwayman who held up five stages in California the other day should enter commercial life, he certainly would be a "captain of industry" in no time.

It's refreshing even in this kind of weather for a newspaper man or printer to get hold of the McMinnville Telephone-Register. It's the neatest thing going, typographically.

Some talk of Uncle Sam being asked to insist that the German government compel the German insurance companies to pay their San Francisco losses. It would be more to the point for Uncle Sam to compel the home concerns to toe the mark.

Miss Della Goodhue of Salem, while visiting in Lewiston, Idaho, last week dared Max Alexander to go to the court house, get license and be married. Alexander called the dare. Now they are married. Miss Goodhue visited here two summers ago. The lady made no such dares in Independence.

The drowning of Mrs. Marie Parks and Miss Anna Hartman

in the Willamette at Magone's island, below Oregon City Sunday is a warning to frequenters of the river here. The Willamette river is a swift stream and no one, however accustomed he may be to swimming, can swim squarely against the current in such places as at the ferry crossing at Independence. One drowning has been narrowly averted here already this summer. During the warm evenings of last week the river was alive with evening bathers and there is no reason to discourage the custom. Properly indulged, it's a healthful as well as pleasing recreation. It's a privilege more people living along the banks of the river that mirrors the wealth of the beautiful Willamette valley, might well avail themselves of. But in the exhilaration that follows a plunge in the river on a hot evening, the laws of common safety should not be overlooked. The pleasing sensation should not be accepted as a license to throw caution to the four winds. Measure your depth, learn the course of the currents, and enjoy the evening swims.

Esther Mitchell and Maude Hurt-Creffield are weak women. They are fanatical, and alienists will likely pronounce them insane. They certainly are monomaniacs as to Holy Rollerism or Creffieldism, whatever that may be. Poor weak women! Let Mercy cast her pitying glances down. Let mankind refrain from harsh utterances of vengeance. Along the even tenor of their way, they were leading respectable, if humble, lives when discovered by that master of women's lives whose occult power turns the mother from her babes, the sister against brother, and in defiance of Nature's law, defies the family tie. Creffield selected his subjects. He knew the weakness of Maude Hurt and Esther Mitchell and they were completely entangled in his hypnotic mesh before family or friends were warned to come to their rescue. The most disgraceful and revolting things they may have done, were suggested by their master, Creffield. His suggestions and teachings have resulted in murder, but it must be borne in mind that whatever part the women have enacted and may enact in the unnatural crimes, they are only instruments of Creffield, who marked them with the declaration, "Frailty, thy name is woman." Maude Hurt and Esther Mitchell occupy felons' cells, but be it remembered, they are women, weak women and would be today leading natural lives and lives of respectability but for Creffield. There is a man, so called, in the case. Man is at the bottom of it. Demoniack as their deeds may be termed, the demon operating in their hearts was aroused and directed by man.

The Smile

A Tragic Finish
A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province in Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at D. G. Dove's drug store. 50c and \$1.00 Trial bottle free.

Being free from extreme heat or cold makes this wonderful valley an ideal place of residence. Two separate companies are now ready to begin the building of electric car lines from Portland into the valley, thus creating competition and the lowering of both passenger and freight rates, which will still further strengthen confidence and create a greater demand for rural property. Every town in the valley near the Willamette river will eventually become a thriving manufacturing center, as all the essentials are here—the raw material and adequate transportation facilities. Better invest now.

Modest Claims Often Carry the Most Conviction

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by P. M. Kirkland, the Druggist.

Makes the Liver Lively

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name ORINO and refuse substitutes. Sold by D. G. Dove, Druggist.

Only 82 Years Old

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by D. G. Dove, druggist. Price 50c.
