President Mulkey of Ashland State Normal

President B. F. Mulkey of the State Normal School at Ashland was in Independence Wednesday. No man in Oregon has done more to give high character to Normal School work than has Mr. Mulkey. As chairman of the Ways and Means Committee of the Oregon Senate in 1898, he secured funds for the erection of a wing to the Monmouth Normal School building which was the first time the state ever gave money to a Normal School for buildings and this act marked an era in Normal School development.

The past four years he has been at the head of the Normal School at Ashland and has been able to unify sentiment in that section of the state and every county is enthusiastic in its support of the school. That section of the state gave over 4000 majority in favor of the appropriation bill the Normal School being made prominent throughout that region.

Mr. Mulkey says the Ashland Normal has built two new buildings the past three years and is now putting in a heating plant for all the buildings and that the city of Ashland is extending its water system to the school at a cost of \$6000, that three additional teachers are added to the faculty for the coming year and large additions are being made to the Physical and Chemical laboratories and to the library.

Mr. Mulkey says he is in favor of a single board of control for all Normal Schools that there may be publicity, unity and economy in the expenditure of public funds and that each may receive aid according to its actual needs and merits.

Dr. Butler is in receipt of a letter from Dr. B. F. Eaton, stating that the latter has been appointed professor of ophthalmology in the San Francisco Polyclinic, which makes him also a member of the faculty of the University of California, a position of prestige in the medical world.

The Monmouth M. O. W. club had a jollification on Cupid's Knoll Tuesday. In the evening the members returned to the residence of J. L. Murphy, where they held their regular meeting. Summer Diarrhoea in Children

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by a dose of castor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by P. M. Kirkland, the druggist.

Children in Pain

never cry as do children who are suffering from hunger. Such is the cause of all baby's who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by D. G. Dove.
