Gathering Onion Crop

Forest Grove, Or., Aug. 29-Washington county, which pro duces more onions than any other county in the state, is beginning to harvest that product. While the crop is a little light and the onions are not so large as usual they are splendid quality.

Washington county onions always command the best price and the pulling of the crop has begun in the various fields. They will lay on the ground for several weeks and will then be put into sacks for the market.

Summer Diarrhoea in Children

During the hot weather of the summer months the first unnatural looseness of a child's bowels should have immediate attention, so as to check the disease before it becomes serious. All that is necessary is a few doses of Chamberlain's Colle, Cholera and Diarrhoea Remedy followed by a dose of eastor oil to cleanse the system. Rev. M. O. Stockland, pastor of the first M. E. church, Little Falls, Minn., writes: "We have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for several years and find it a very valuable remedy, especially for summer disorders in children." Sold by P. M. Kirkland, the druggist.

The Refreshment of Change,

A charming old lady who was so-cially inclined, but who was kept rather closely at home by the pressure of many cares, used sometimes to exclaim, "I do just love to drink out of somebody else's teacups !"

A fitting pendant to this agreeable anecdote is another of a little girl whose supper invariably consisted of bread and butter, milk and apple sauce, a monotonous diet, of which she frequently complained. One day she was asked out to supper at a neighbor's. At a late hour the hostess found that no apple sauce had been prepared for the little guest, so she sent one of the maids to the child's home for a supply. The little girl on returning to her mother was enthusiastic about the delightful visit and particularly about the "beautiful supper," when she had been allowed to pour milk and cream for herself from the daintiest little pitchers.

"And, oh, such good apple sauce. mamma, the best I ever tasted!"

Salt a Luxury.

Salt is the greatest luxury known in central Africa. In some sections among the poorer inhabitants salt is never used. Even among the better classes a man who cats salt with his food is considered a rich individual. In some tribes where salt is not so scarce children are so fond of it that they may be seen eating it like our American children would pieces of lump sugar.
