"Make Hay While the Sun Shines"

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by P. M. Kirkland, the Druggist.

Children in Pain

This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. Sold by D. G. Dove.

DOVE'S DRUG STORE

Value Received in Prescriptions

A prescription may be poor in two ways. It may be put up all right, but the drugs and chemicals used may be stale, or "off standard." Or the ingredients may be exactly right, and yet the full effects be nullified because it is poorly compounded, or put up carelessly. In such case, no matter how low the charge, you don't get value received, which is the essential part of the transaction. When sickness comes, consider well the reputation of the druggist to whom you take your prescription. One thing we perhaps need not add, if you bring it to us you are sure to get value received every time.
