In another column we have given space to an editorial from the Moscow, Idaho Journal. This space is given at the request of the Alumni Association of the University. We are in favor of higher education and have always done all that we could consistently to aid in its advancement, but the parties who have called the referendum have done so in good faith so far as the editor of this paper knows and it was done to prevent the indiscriminate appropriation of the peoples money. In any event the University should be supported in as liberal a manner as is consistent with the growth of the state, but we are of the opinion that it is becoming too much of a rich man's school and should be taken down a notch or two until it reaches the level of the common people. Those who are able to send their children to college and pay for it should do so at private institutions and not sponge off of the people who can ill afford to indulge in luxuries. If there is to be extraordinary expenditures of public funds for educational institutions, we would suggest that the larger part of it be expended in giving to all the children in the state a high school education in the district schools and in the county high schools of the state. These schools can be reached by all the children and it will not be necessary for them to go to Eugene and pay for rooms and board and take out memberships in a half dozen college societies which, like a vermiform appendix, are useless. There are other deserving schools in the state that need state aid just as much as the University and we believe that when matters adjust themselves rightly they will all be supported as they should.

Don't let any politician humbug you into the belief that Statement No. 1 should be cast aside. These are the fellows that want to make a living at the expense of honest labor. Tinchorn gamblers and professional politicians are expensive luxuries for any community to indulge in and the sooner they are dispensed with the better for honest people.

Independence needs a cannery and there is now a chance to have one by organizing local capitalists and farmers into a corporation for the purpose of putting one up. The trouble with local organizations which have taken hold of this kind of business and have failed, is that they did not get a good superintendent to handle the business. It requires a man who has had practical experience in all branches of the business and not a mere processor.

We are credably informed that men are making as much

as \$12 a month per cow from cream sold to the Monroe creamery. This requires good cows but it does not pay to keep any other. An acre of good land will sustain one cow and if she can be made to produce the above results for only eight months in the year it would mean a gross income of \$96 per acre. Seems to a man up a tree that there isn't many other things a farmer can indulge in with better returns on the investment.

A. H. Holman informs the local man that the item appearing in the Enterprise some time ago regarding the 980 pound eight months old colt belonging to John Stump, was an error, in that the colt is a Percheron and not a Clyde. We are glad to correct the item and to say that the colt is a mighty fine one.

KEEP THE KIDneys WELL.

Health is Worth Saving, and Some Independence People Know How to Save it.

Many Independence people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is an Independence citizen's recommendation.

J. R. Collins, City Marshal, living in Independence, Ore., says: "I am glad to have the opportunity of recommending Doan's Kidney Pills as they proved very satisfactory in my wife's case. She suffered for a number of years from a complication of diseases; doctored but received no relief and her health gradually ran down. Seeing Doan's Kidney Pills so highly recommended, she procured a box at P. M. Kirkland's Drug Store and the trouble gradually vanished. She is now in good health and attribute solely to the use of Doan's Kidney Pills."

REBEKAN DISTRICT CONVENTION.

The District Convention of the

Rebekahs met with Clover Leaf Lodge No. 56 last Tuesday afternoon. There were visiting members present from the lodges of Dallas, Falls City, McCoy, Jefferson and Corvallis.

The convention was conducted by Mrs. Wm. Galloway, president of the Assembly, assisted by Mrs. Ora Coper, Grand Secretary. Mrs. Joe Hubbard, Grand Warden was also present, making three officers of the Grand Lodge present.

The afternoon was given over to the business meeting and in the evening the initiatory work was put on by the team from Dallas lodge. An elaborate banquet was served in the banquet hall, after which the Dallas delegation left for home by a special motor.

The annual meeting of the Assembly will be held next year at Falls City.

Old Arkansaw.

It should be good news to those who like clean-cut, original comedy to know that Old Arkansaw will be seen here. It has a plot and a well defined one at that; carries more scenery than the majority of the attractions seen here and also many mechanical effects that will prove new and pleasing. However, good natured fun is the keynote that dominates the evening's entertainment and Jerry the "darned old fool," and the other fun makers will furnish many a laugh before the night is over.

RECIPE FOR RHEUMATISM.

Directions To Prepare Simple, Yet Remarkable Home Mixture.

There is no such Rheumatism here in our neighborhood now that the following advice by an eminent authority who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarasapilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys, so that they can filter and strain from the blood and system the poisons, acids and waste matter, which causes not only rheumatism, but numerous other diseases: Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

Wilson's Store

BELIEVES IN QUALITY

When a customer has once been convinced that it pays to buy quality, he will seldom seek a store that caters merely to those who wish to buy the greatest quantity for the money.

There are communities where quality arguments would have no weight, but there are many more that can be convinced that quality pays if the right arguments are used.

Quality arguments are sometimes slow trade builders, but they build exceeding strong.

Bargain Goods are only a bargain to those who have not the money with which to buy the best; but there is generally a hole in the bargain.

If you simply want bargain goods, pay the cheap price and get them. If you want absolutely the best, the kinds that bring you back, pay more and get more.

Quality has been behind every business that has built up a solid reputation.
