A new concrete sidewalk is being constructed on Main street.

Considerable improvement of that character is to be done at this time, and it should be remembered that too much of it is not likely to be done, either. The more concrete walks laid, the more inviting becomes the city to homeseekers.

Business men will judge the city by its sidewalks and investments will be secured to the city by improvements to them. It's a good thing, councilmen.

Someone was recently telling of a small town in western Kansas where the mayor of the city built concrete sidewalks until the people remonstrated with him, and he built more. The people cried out against his administration but he continued to build sidewalks of concrete.

He built concrete sidewalks in all parts of the city, suburban as well as business sections until there was no place for more sidewalks. And then he failed of re-election, because of his extravagant administration. It has been several years since he was mayor, but the people have grown in wisdom from the example which he set for them. The ex mayor of that town is now one of the most highly respected men in all that country and the people ever bless the splendid work accomplished during his term as mayor of the city. This story is true. The work was done in one of the sections of the country where they do not have such rainfall as Independence is accustomed to. There is all the more reason for such improvements to be made in this city. Don't be afraid that you will build too much.

The most important issue before the people of Oregon at the coming election is the referendum vote to be taken affecting the appropriation of \$125,000 for University of Oregon. Don't be narrow. Take a broad view of the matter. This is not for Eugene. It is for a greater Oregon. Do you know why so many of the Oregon young men are sent out of the state to secure schooling? Look up the difference in appropriations in other states. Let Polk give unanimous consent to the appropriation.

One of the good things to vote in favor of is the armory bill which comes up for consideration at this election. Don't vote it down. Remember that we have a militia company at Dallas and they will be benefitted by that bill.

COOPERATION.

"Cooperation" is a beautiful word, than which our lexicons contain none more beautiful. With head high and colors streaming, it strides right along in the front rank with "love," "peace," "justice," "honor," and all that gallant train. We are mighty pleased to mouth it and to discourse lengthily on its wonderful, potential benefits.

Until Some one proceeds to put it into effect; until capitalists cooperate to raise prices and increase dividends, or laboring men cooperate to raise wages and shorten their hours of toil. Then we rear up on our hind-legs and, in the

name of the flag, the constitution, and the consumer, we roundly denounce them.

Unless We happen to be on the inside. —Ellis O. Jones in May Lippincott's.

Dallas Wins Ball Game.

A game of baseball was played in Independence Sunday between Dallas and Independence which resulted in victory for the Dallas team. The game is said to have been a walk-away for Dallas from start to finish. Independence, however, has just organized and when the team has had more practice it will doubtless give Dallas one in the shape of a goose egg.

He Got What he Needed.

"Nine years ago it looked as if my time had come, says Mr. C. Farthing of Mill Creek, Ind. Ter. 'I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since.' Sold under guarantee at all druggists, 50c.

Card of Thanks.

I desire to thank the neighbors and friends for the many kind acts and words of sympathy which were rendered to me and my family during the bereavement which befell my home last Saturday.

MRS. NELLIE BURDINE.

Rheumatic Pains Relieved.

Mr. Tom Stenton, postmaster Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." For sale by P. M. Kirkland.

John Moran Splits Farm.

The Paul Tachem farm, located three miles north west of Monmouth, was sold last week by John Moran to a man by the name of LaFrance of Olympia, Washington. Mr. LaFrance will convert the place into a fruit and dairy farm and will remove here immediately with his family.

Chamberlain's has Preference.

Mr. Fred C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a large profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give the preference." For sale by P. M. Kirkland.

Assessment Call

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and restoring nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100.00 for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

FRIEND TO FRIEND.

The personal recommendations of people who have been cured of coughs and colds by Chamberlain's Cough Remedy have done more than all else to make it a staple article of trade and commerce over a large part of the civilized world.

AN INSTANCE.

Lucy Suldreth, of Lenoir, N. C., had been troubled with a very bad cough for over a year. She says: "A friend bought a bottle of Chamberlain's Cough Remedy, brought it to me and insisted that I should take it. I did so and to my surprise it helped me. Four bottles of it cured me of my cough."
