Stomach troubles are very common in the summer time and you should not only be very careful about what you eat just now, but more than this, you should be careful not to allow your stomach to become disordered, and when the stomach goes wrong take Kodol. This is the best known preparation that is offered to the people today for dyspepsia or indigestion or any stomach trouble. Kodol digests all foods. It is pleasant to take. It is sold here by Dove & Williams.

The Enterprise office acknowledges the first box of strawberries presented this season. It is not probable that the grower, Oren McElmurry, will have a competitor who can show anything as nice as the berries grown on his farm. Mr. McElmurry says that one large berry grown on his farm this year measured 6 1/2 inches in circumference. Truly, it is Polk county against the world for jolly bachelors and strawberries. Leave it to the Enterprise to judge.

Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something take it promptly, but take something you know is reliable—something like Kodol For Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Dove & Williams.

The government dredge has been doing some effective work on the river around Independence for the last week. The O. T. C. Co. dock has been put in condition for the summer and dredged out to the depth of twenty-one feet making it a safe landing at all times of the season. Mr. Damon the local agent has been very faithful to the position and under his supervision many changes have been effected for the welfare of the traveling public and the company by which he is employed. From the present condition of the river it looks as though the inland towns would have service all summer from Portland.
