SUMMONS.
In the circuit court of the state of Oregon for Polk county.
J. N. Jones Plaintiff, vs. W. E. Landreth, W. O. Landreth, Lizzie B. Landreth, Mabel I. Landreth, J. L. Landreth, Walter Landreth, and E. R. Landreth defendants.
To W. E. Landreth, W. O. Landreth, Lizzie B. Landreth, Mabel I. Landreth, J. L. Landreth, Walter Landreth and E. R. Landreth, defendants:

In the name of the state of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled court and cause on or before the 3rd day of August 1908, being more than six weeks from the date of the first publication of this summons, and if you fail so to appear and answer, the plaintiff for want thereof will apply to the court for the relief prayed for in said complaint which is as follows: that plaintiff be adjudged and decreed to be the owner in fee simple of the following described real property, to-wit: commencing at the south west corner of fractional block 1 in Hill's town of Independence, Polk county, Oregon, running thence north 162 feet, thence east 200 feet, thence south 162 feet, thence west 200 feet to the place of beginning, and that it be decreed that you have no right, title, interest or estate in said real property, whatsoever, and that you be forever barred, precluded and enjoined from asserting any claim or title to said real property. This service is served upon you by order of Hon. William Gallaway, Judge of the above entitled court, which order is dated the 13th day of June, 1908, and the date of the first publication of this summons is the 25th day of June, 1908.

H. F. JONES, Attorney for plaintiff.

WILL PROSPECT FOR PETROLEUM

C. N. Sherman, recently from Robinson, Illinois, is in the Independence country looking about for oil prospects. He is so thoroughly convinced that we have oil in Polk county that he has gone so far as to lease a large tract of land in the immediate vicinity of Independence and Monmouth. With unlimited capital behind him it is probable that he will begin extensive prospecting operations as soon as he completes leases on the lands that he will have to have. Mr. Sherman has had many years experience in the oil regions of eastern states and brings this store of knowledge to aid him in his operations in Polk county.
In talking of prospects in this section of Oregon Mr. Sherman says "I am thoroughly convinced that there is oil in this country in paying quantities. The only way to find out, though, for sure, is to drill. This territory is exceptionally favorable for operations for the reason that we are not dependent on the Standard Oil Company for a market. Being so close to Portland the product can be disposed of where there is a world's market, by a pipe line to that city."
Mr. Sherman now has over 4000 acres leased here and almost that much more in sight upon which leases have not been closed, but which will be within the week.

Twenty-Five Cents is the Price of Peace.
The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price, 25 cents. For sale by P. M. Kirkland.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100 Reward for any case that it fails to cure. Send for list of testimonials.
Address F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, 75c.

Wann-Taylor Nuptials.
Married, at the home of the bride's parents, Mr. and Mrs. B. J. Taylor of this city, at 10 o'clock Wednesday morning, Rev. I. A. Leonard officiating, Miss Orbie Taylor to Lorin G. Wann, both of Independence, in the presence of a few chosen friends and immediate relatives. The bride was beautifully attired in cream serge and the groom wore the conventional black. The parlor was decorated with carnations, sweet peas and ivy. The bride and groom received many beautiful and costly presents. The happy couple departed immediately after the ceremony on their honeymoon which will be spent at Newport. They will be home to their friends about the first of August.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.
"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by P. M. Kirkland.

C. & E. Time Card.
The following train service is in effect on the line of the C. & E. railroad between Albany and Yaquina, daily except Sunday: Train No. 16 leaves Albany 7:45 a. m. and arrives at Yaquina at 1:30 p. m. Train No. 2 leaves Albany at 12:40 p. m. and arrives at Yaquina at 5:30 p. m. Train No. 15 leaves Yaquina at 2:15 p. m. and arrives at Albany at 7 p. m. Train No. 1 leaves Yaquina at 7 a. m. and arrives at Albany at 11:55 a. m. Sunday service as follows: Leaves Albany at 7:35 a. m. and arrives at Yaquina at 11:40 a. m. Leaves Yaquina at 6 p. m. arriving at Albany at 10:30 p. m. 7-9

Help for Those Who Have Stomach Trouble.
After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctor's fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by P. M. Kirkland. Samples free.

Excursion Rates June 1st.
On and after the first of June the Southern Pacific Company will sell summer excursion tickets to Yaquina and Newport at the following rates: Yaquina, season, \$3.70; Saturday to Monday, \$2.50. Newport, season, \$4.20; Saturday to Monday, \$2.50.
Season tickets are good six months from date of sale. 5-28 t

Over Thirty-Five Years.
In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by P. M. Kirkland.

One Wet Precinct.
Frank Russell, with his well-boring machine, has demonstrated that Polk county is not all dry. Last Saturday he sunk a well for Charley Huntley and at a depth of thirty-six feet found a volume of water sufficient, almost, to irrigate the place. There is now thirty feet of water in the well. Charley says that Talmage precinct has gone wet. Go out boys and have a drink with him.

Delay in commencing treatment for a slight irregularity that could have been cured quickly by Foley's Kidney Remedy may result in a serious kidney disease. Foley's Kidney Remedy builds up the worn out tissues and strengthens these organs. Commence taking it today. Dove & Williams.

A Revelation.
It is a revelation to people, the severe cases of lung trouble that have been cured by Foley's Honey and Tar. It not only stops the cough but heals and strengthens the lungs. L. M. Ruggies, Reasnot, Iowa, writes: "The doctors said I had consumption, and I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages, and pain in my lungs and they are now as sound as a bullet." Dove & Williams.

PROFITABLE FOWL BREEDS

The question as to which is the most profitable breed of fowls, is very frequently asked. There are undoubtedly differences in breeds but undue importance should not be placed upon breed. The trap nest has shown that there is more difference in individuals than in breeds. Breed isn't everything. We must get away from that idea in poultry-keeping. If a man starts in the poultry business with the "best breed," as he believes, and has with it the notion that breed is everything he will meet with inevitable failure. To breed may be all right but the fowls must be encouraged to do their best by good care and management. When eggs are firm at forty cents a dozen and the hens fail to respond the owner is likely to become unreasonable and take up with another breed, and most likely the fault was not in the breed. The fault is usually one of two things: either the hens are of a poor or non-productive strain of the breed, or the management is poor.
It is a point in management that I wish to speak of here, one point in many that must be taken into account if poultry-keeping is to be made a success. It is a question of the most profitable age of the hen. Poultrymen who have kept in touch with poultry investigations during the past few years are pretty well informed on this point, but the importance of this subject is not yet generally appreciated. The writer carried on for several years at the Utah Experiment Station a line of experiments with the object of determining the value of the hen at different ages for egg production. The same hens were kept year after year under similar conditions and a record kept of the production and of food consumed. These experiments proved that the hen is different from the cow which retains or improves her productivity with age. The first year was the most profitable, and there was a gradual decrease in productivity each succeeding year. It is safe to figure this decrease at 25 percent each year. With average prices for food and for eggs it is not profitable to keep hens after they have finished their second year of laying. The first, or pullet year is very profitable, the second will give a satisfactory profit, but during the third year the egg yield will seldom pay for the food consumed.
These conclusions apply only of course when the eggs are sold at market prices. Fowls that have a special value as breeding stock should be kept longer, but the notion that "the old speckled hen" is the good layer should not be cherished unless she is caught in the trap nest. The fact that she sings a joyful lay, paints her comb a brilliant red and scratches a vigorous scratch should not be accepted as sufficient grounds for commuting sentence.

JAMES DRYDEN,
Oregon Agricultural College, July 16, 1908.

Notice to Creditors.
