NUMBER 10

CATHOLICS ARE TO HAVE CHURCH

Rev. Father McDevitt Cautions the Situation.

FINDS NUMBER OF CATHOLICS

Prominent Citizens of Independence Promise to Assist in Establishment.

Rev. J. H. McDevitt, of St. Mary's Cathedral, Portland, was in Independence three days the last of the week in the interest of the Catholic denomination. During his visit in this city he called on the Enterprise office on which occasion he briefly stated the object of his visit here. He was sent to Independence to take a census of the Catholic representation in this vicinity with a view to the establishment of a place of worship in Independence. Rev. Mr. McDevitt was pleased as well as surprised to find the number of Catholics here and he expressed the belief that the bishop would be sufficiently interested to take up the matter of the establishment of a church in Independence.

"It is an after consideration, but in the event of the establishment of a church in your city," said the father, "Independence may be chosen as the site for a hospital. Of course, the Sisters would not consent to come if there were no place of worship provided, and as soon as the church is established then steps may be taken to establish a hospital in Independence. It is not a bad location for the reason that the closest one is located at Albany."

The father departed on his return to Portland Monday morning, going from here to Corvallis, where he will stop for a day. Mr. McDevitt promised to return to Independence soon to resume the work. With the disposition found among all classes he is of the opinion that this community will be able to have the establishment of a church. People of other denominations have expressed a willingness to assist financially in building a Catholic church in Independence. Far-seeing business men will all help in such a cause.

Resolutions of Respect.

Whereas, In the death of Mrs. Abigail S. Pomeroy, Lady Commander of Holy Hive No. 31, of Independence, Ore., on July 28, 1908, there is lost to our Hive a woman whose worth can never be replaced; and,

Whereas, We fully realize and deeply feel the great loss sustained by the Hive in being deprived of her presence, and each member individually feels the removal of a sympathetic friend, therefore be it

Resolved, That Holy Hive No. 31, L. O. T. M., expresses the heartfelt sense of loss which it sustained through the death of so noble a woman, so valued a friend, and

Resolved, That to the family and loved ones be extended that sincere sympathy, which only a similar and co-existing sorrow can produce.

Resolved, That a copy of these resolutions be sent to the members of the bereaved family and also spread upon the records of the Hive.

James Bullard, Deceased.

James Bullard died in Independence July 30, 1908, at the home of his son, J. W. Bullard, at the advanced age of eighty-one years. Mr. Bullard was born in Rochester, New York, from which place he removed to Union, Wisconsin, where he lived on a farm for many years and at which place he was married to Miss Mary Webb. To their union were born seven children, five of whom are living at this time. During the latter part of his life he

resided in San Diego, California, coming to live with his son, J. W. Bullard, about a year ago. During his life he was a very active man and was known to be a man of more than ordinary business ability.

Mr. Bullard was conscious little of the time during the last few days of his illness and his death came as a relief to his infirmities, although he suffered little, passing away in peaceful sleep. He was buried in the Odd-fellows' cemetery Friday afternoon from the home of J. W. Bullard, the services being conducted by the Masons, assisted by Rev. Sanford Snyder of the Methodist church.

The three daughters who survive the deceased are now living at Sioux City, Iowa, and the other son, O. K. Bullard, resides at San Diego, California.

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by P. M. Kirkland.

Card of Thanks.

Dr. and Mrs. Ketchum wish to extend their sincere thanks to their many friends for the help and courtesy shown them during the illness and death of his mother.

POLK COUNTY COMES FIRST

In a contest for superiority of products and resources among several counties, only one can win. In Oregon, that one is Polk. Not once, but twice in succession has Polk been awarded the premium over the other counties of the state by competent judges at the Oregon State Fair. A certificate over the signature of W. D. Downing, president of the Oregon State Fair Board, contains the official declaration that Polk is the "Blue Ribbon County" of Oregon.

Independence, in many respects, the most interesting town in Oregon today. Commercially it occupies an advantageous position from which it can never be deprived. Situated in the midst of the rich hop producing section of the county, it is the point where rail and river meet, a natural manufacturing location and supply depot for what is and must continue to be one of the most prosperous sections of the Willamette valley.

When it does go ahead—and sooner or later it must—it will take supremacy over every other section of the state, in resources and production. Independence is the center of the richest country in resources in the Willamette valley.

WILL GO FOR BETTER ROADS

States Containing Forest Reserve Get Money.

OREGON GETS \$32,313.52

Law Requires That This Money be Expended on Public Roads and Schools.

Announcement has just been made of the amounts which each state containing national forests will receive under the new law giving 25 per cent of the gross receipts from forests to these states. The total amount to go to the states, from the receipts of the fiscal year which ended June, is \$447,063.79.

The amounts to go to each state or territory are: Alaska, \$2,684.78; Arizona, \$42,610.44; Arkansas, \$313.68; California, \$52,437.78; Colorado, \$50,955.67; Idaho, \$56,307.84; Kansas, \$643.55; Montana, \$75,807.41; Nebraska, \$2,349.77; Nevada, \$4,577.96; New Mexico, \$25,464.12; Oklahoma, \$554.48; Oregon, \$32,313.52; South Dakota, \$8,456.90; Utah, \$32,151.02 (including Uinta Indian refund of \$5,348.07); Washington, \$18,032.79, and Wyoming, \$41,402.38.

The law requires that this money be expended upon public roads and schools by the counties which contain national forest land. In this way the counties are compensated for the reduction of taxable area brought about by the existence of the forests.

Before this year the states have received 10 per cent of the gross receipts, but congress voted last winter to increase the amount to 25 per cent.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Dove and Williams.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions.
