

You Have to Eat

Why not make it

A PLEASURE

Many persons buy flour thinking that one kind is as good as another. When you buy cheap flour you miss all the pleasure there is in eating for no one can make good bread out of poor flour. One of the best brands of flour to be had in this market is the

Gold Dust Flour

made by the Sibley Power Co.'s mill at Sidney, Oregon. Just try

Gold Dust Flour

Buy one sack—the price is only \$1.20—and the satisfaction and good bread you will have will linger long in your memory.

PITY THE FRIENDLESS.

Human life is so fleeting, the span so infinitely short, it is a question often discussed whether it is worth the investment. Evolved, as we are from the chemicals of the air and the materials of the earth, it is reasonable to presume that when disintegrated we will be resolved back to the materials of the universe. Your component parts are so common that there does not seem to exist the slightest excuse for pride, for arrogance, for contempt for common clay.

Yet this is observed to an astonishing degree in Independence. It is so in most all towns where society can find little more with which to occupy itself than dismembering the character of its units. Miserable creatures. Self-constituted judges. You are worse than the sinner. You contribute to their abandonment without pity and without mercy. Acts of mercy and companionship which may appear to countenance error are so different and the former so commanding your budget of misdeeds is multiplied when you desert a child of error.

Attention of the Independence Commercial Club is called to the sale of special one-way tickets from all points in the United States to all points in Oregon beginning September 1st and continuing until October 31st. This is an opportunity to get more than our share of the newcomers with a little effort rightly directed. Some money in advertising pamphlets and a man in Portland to distribute them to the people as they get off the trains. Could it be possible to awaken Independence people to the urgency of this work this community could gather in a good share of the easterners who will come west to make their home in some locality of Oregon. A man to meet the trains and talk Independence and distribute literature is all that is necessary. Let's get busy.

The different Fair Associations of Oregon are co-operating for a splendid display of products and great showing of live stock at the fall show in Portland, with the best races ever held in the state. All this has its part in the development of the state, by creating such an interest in live stock production as will mean an ample supply for the support of the great packing plants now under construction in Portland. With the establishment of such extensive packing interests will come the demand for better class of live stock. That is to say, it will, in a sense, see the passing of scrub grades gradually breeding up to pure strain and registered. Portland is undoubtedly to become one of the greatest packing centers of the United States.

With the approach of harvest time and an enormous crop of wheat in the Inland Empire promising to sell at 7 bits a bushel or better, it begins to appear that that section of the country at least is well out of distress of the financial panic of a year ago. All of \$30,000,000 worth of wheat will come to Portland this fall. It is true that some sections of Eastern Oregon have suffered a drought but in the opinion of H. Cohen, of

THE BRINK IS NEAR

Few Independence People Know How Near It Is.

Every time you neglect backache, allow the kidneys to become clogged. Fail to cure urinary disorders. You get nearer the brink of Bright's disease.

Doan's Kidney Pills will save you from danger.

Proof of it in Independence testimony. P. H. Drexler, living on Main St., Independence, Ore., says: "I have used Doan's Kidney Pills and am glad to acknowledge the benefits derived. For a long time I suffered from a weak back and irregular action of my kidneys. I was advised to try Doan's Kidney Pills and procured a box at P. M. Kirkland's Drug Store. They gave me relief at once, continued using them and was relieved of every symptom of the complaint. I am glad to recommend Doan's Kidney Pills as a reliable remedy for the kidneys."

the Oregon Journal, who recently visited that section, accounts of drought have been, very much overdrawn. The crop however will not be as good as last year.

Vigorous protest was entered by the commercial interests of Oregon and the Oregon State Dairy Association, against the adoption by the Pure Food Conference at Mackinac Island, Michigan, of a standard for evaporated milk requiring 28 per cent solids. Oregon's milk is rich in butter fat, owing to our climatic conditions, but abundant pasture means less solids than in milk from cows fed eight months in the year. Oregon dairymen and condensers insist that solids should be such as result from the use of whole milk in their product.

The good roads conference which the West Side Enterprise has boosted for so hard during the last month took place in the Portland Commercial Club rooms Tuesday, and it is reported to have been a most representative gathering. Permanent organization was effected and much good legislation agreed upon. The conference was under the auspices of the Oregon Development League. Many nearby prominent people were present on the occasion of the conference.

Considerable improving in the residence section of the city is in progress in different parts of the town. There is one new house being built and an addition is being built to another while any number of houses have been repainted. Yes, Independence is prosperous. One thing, it is the best town in Oregon and is situated in the best country where is to be found the best soil and most favorable climate.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The boy who develops a lazy, tired streak at fourteen is quite likely to be termed shiftless and improvident when he becomes a man. It is a trait that should by all means be discouraged, for the tendencies which develop during these early years have a way of persisting and staying with the boy.

Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try a box of Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by P. M. Kirkland.

The latest millinery creation, the "Merry Maid" hat, said to have a diameter of four feet, has this in its favor—that it can be utilized as a sunshade by the boys on the riding corn plows after the ribbons have faded and the straw has turned yellow.
