

WATCH US GROW!!

Not quite four years ago we had a little store on Commercial street with a small stock and our force consisted of one man. From year to year we have steadily added to our force, increased our stock and enlarged our salesrooms. The first of this year we moved to our present commodious quarters, which had been fitted up especially for us, where we occupy the three large floors of the building, employ ten men and have the best stock in Oregon, outside of Portland. Our carpet department is immense, and you will be well repaid by an inspection of it. What is the reason for the phenomenal growth? Because our customers have invariably been satisfied with our courteous service and exceptionally low prices for goods that cannot be excelled elsewhere. These are some of the reasons why the people of Polk are coming to our store. They find it is the practice of this house to undersell all competitors. Every customer who comes to our store and buys once is sure to return to trade again.

The Tans and Wine Leathers are to be the favorites this season—with cloth tops very much in evidence.
