Three-Button Novelty Overcoat, No. 340

The Part You Don't See

of a suit—more particularly the coat—is the most important element of fine tailoring.

In an Ed. V. Price suit or overcoat it is the basis of neatness, durability, honest construction and superior workmanship, which means the garment is as

Good As Can Be Made

out of high grade materials and the world's best tailors, working with the most up-to-date equipment.

Suit or overcoat from your choice of 500 fine cloths, according to direct or modified style, made to fit and satisfy you perfectly, for half, or much less, the charge of any local tailor.

BOSTONIANS

Get from your cobbler a piece of ordinary cheap sole leather and bend it back and forth ten times; then see if you blame your tired feet, which do the same thing thousands of times daily, for kicking at cheap shoes.

The genuine oak soles used in BOSTONIANS bend without resistance as the foot bends, straining neither muscles nor stitches.

This attractive street shoe is made on a new last, roomy and comfortable, yet chock full of style.

HOP HOUSE GOES UP IN FLAMES

A hop house north of town, belonging to H. Hirschberg, burned to the ground Tuesday morning about 11 o'clock. The hop house was rented to C. L. Sperling who had about 12,000 pounds of hops in the house when it burned. The loss is estimated at about \$3000.

The origin of the fire is a mystery. The first notice of the flames was when the whole east end was on fire. There was an insurance on the hops.

LABOR WORLD FOR TAFT.

Characterizes Him as True Friend of the Workingman.
 (From the Concord (N. H.) Monitor.)
 The Labor World comes out strongly in its advocacy of Mr. Taft. It characterizes him a true friend of labor and declares that the unfair attacks of Mr. Gompers will have little or no effect in alienating from him the labor world. It says: "That Secretary Taft is a true friend of labor is certain, and all the untrue, ungenerous, vicious attacks that President Gompers or any one else may make on him cannot prevent him from continuing to be the friend of the wage worker. Organized labor cannot afford to have itself split up into factions on this political issue. That President Gompers is wrong in forcing this most unwise fight is certain, and intelligent wage workers will certainly come to this conclusion."

Campaign Funds.
 "We welcome Mr. Taft to this advanced ground," said Mr. Bryan in one of his numerous interviews since the Denver convention. The ground referred to is Mr. Taft's statement that no campaign contributions would be received from corporations. Mr. Bryan intended to convey the impression that Mr. Taft had come to that determination after the Denver convention, in that the Democratic "peevish one" is not honest. Mr. Taft is a law abiding citizen. Such contributions are unlawful, made so by a law passed by a Republican congress at the instance of a Republican administration of which Judge Taft was a part six months before the Denver convention. Be honest, Mr. Bryan, if you can!

Bryan's Precinct Republican.
 At the recent primary election in Nebraska Lancaster Precinct No. 4, in which is located Fairview, the voting precinct of W. J. Bryan, cast thirty-five Republican votes and twenty-six Democratic. The same precinct last fall cast forty-three Republican votes and thirty-five Democratic, a Democratic loss of slightly more than 1 per cent. When Mr. Bryan lived in town he registered in Precinct A of the Fifth Ward, a polling place which usually could be depended upon to vote about the proportion of three Republicans to one Democrat. At the time he removed to Fairview he remarked jocularly that he was going to a community where the political division was more even, and he hoped in time so to reform Lancaster No. 4 as to make it veer around to his way of thinking.

THE ISSUE AND PARTY RECORD.

Will the People Trust Experiment-
 alists and Theorists?
 (From Sherman's Speech of Acceptance.)

The overshadowing issue of the campaign really is: Shall the administration of President Roosevelt be approved, shall a party of demonstrated capacity in administrative affairs be continued in power, shall the reins of government be placed in experienced hands, or do the people prefer to trust their destinies to an aggregation of experimental malcontents and theorists, whose only claim to a history is a party name they pilfered?

With a record of four decades of wise legislation; two score years of faithful administration; offering its fulfilled pledges as a guaranty of its promises for the future, the Republican party appeals to the people and, with full confidence in their wisdom and patriotism, awaits the rendition of the November verdict.

DENIES THAT BRYAN "COULD DO NO HARM."

Congressman Burke Says Office of President is Infinitely More Powerful Than Congress.

Congressman James Francis Burke, of Pittsburg, in an address on "The Powers of the President," says:

"The American people can make no greater mistake than to elect Mr. Bryan on the assumption that he can do no harm in the face of an adverse Senate. As between the executive and legislative departments of the government, the former has infinitely greater power to rule and ruin than the latter."

"Mr. Taft and Mr. Bryan are wholly different types of men. Each possesses a strong individual character, which would certainly assert itself in the White House. What either of these men would do during a four years' term in the White House is causing as much anxiety among thoughtful Americans as the mere matter of election alone."

"As a disturber of noneys the President is without a rival in the world. Through the agencies under his control he will this year disburse a billion dollars, showing the great things we are doing in adding to the unparalleled list of the world's achievements."

"In view of the fact that during the fifteen years of Bryan leadership the States controlled by his party have decreased from 23 to 12, the number of Senators from 48 to 31, the number of Representatives in Congress from 220 to 164, and in that time the Democratic party was in control of the ground, whereas it is now, as a consequence of his teachings, a hopelessly heterogeneous mass of Populist elements, the American people can see little prospects of a constructive policy if Mr. Bryan should succeed."
