Consumption Cured.

An old physician, retired from active practice, having had placed in his hands by an East India missionary the formu-la of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrin, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellows. Actuated by this motive, and a conscientious desire to relieve human suffering, he will send free of charge, to all who desire it, this recipe, with full directions for preparing and successfully using. Sent by return mail by addressing with stamp, naming this paper, Dr. W. C. Stevens, 126 Powers' Block, Rochester, N. Y.

CHRISTIAN COLLEGE,

Monmouth;

POLK COUNTY, OREGON.

The College is under the core of a Board of Trustees, who will spare no pains to make it equal to the demands of the age.

The members of the Faculty are competent, energetic, and devoted to the cause of education.

THE LOCATION OF THE COLLEGE IS CENTRAL, ACCESSIBLE, AND BEAUTIFUL.

Every candidate for admission into any of the departments of this College, must present satisfactory evidence of good moral character; if he shall have been connected with any other college, he must produce a certificate of honorable standing from the authorities of that college.

The Session consists of two Terms of Twenty Weeks each, with a recess of one week for Christmas holidays, and an Intermediate Examination and Renewing of Classes at the end of the first term.

The discipline is mild and firm, administered on the principle that virtue brings its own reward and vice its own shame. The highest incentives to virtuous actions are impressed by precept and example, while vice and immoral-ity are restrained by all proper means Students are taught rather to govern themselves than to be governed. Moral power is the principle, an appeal to the head and heart, self-government from Christian motive. Hence no student can be permitted to remain who indulges in card-playing, intemperance, pro-fanity, neglect of stadies, or any other vice or impropriety. Daily moral instruction based on the Bible, leaves but little else to be done in government.

MIXED SCHOOL.

Experience has demonstrated conclusively that mixed schools, under proper regulations and restrictions, possess decided advantages over exclusive institutions. Young gentlemen and ladies exercise a refining, restraining, yet stimulating influence over each other, when associated in the same school and in the same class, which nothing else can supply. They vie with each other for the wreath of honor, as they labor side by side in a common cause

THE BIBLE

God has given man two great volumes—Nature and Revelation—suited to his physical and spiritual constitutions.

These are full of facts addressed to the understanding.

From Nature, we learn the principles which minister to the wants of the body, giving food to eat and raiment to wear. From Revelation, we receive those principles by which the spirit is fed, and clothed with truth and righteonsness. Any system of education, which neglects either of these volumes is incomplete. To train the intellect in physical science and neglect the moral nature, is dangerous to society; for it imparts power which, without moral principle to guide, may be destructive to the peace and happiness both of the individual and society. TO THE FRIENDS AND PATRONS

OF CHRISTIAN COLLEGE.

The prospects of Christian College are most flattering. The institution is increasing in reputation, and its influence and popularity are rapidly extending. Its friends may anticipate a career of still greater usefulness. The patrons of the school will do well to begin now DO YOU WANT CIRCULARS OR of next session. One full term, taking the classes in order, is worth more than double the time scattered over several sessions. We hope to welcome to the halls of Christian College on the first Monday in September next, a larger number of students, and to inaugurate a more successful and prosperous session than the one soon to close.
