

MONMOUTH.

J. A. Campbell, from Junction, was in town this week.

Miss Eva Borst of W. T., has just made her friends of this place a flying visit.

Sister H. Lindsay is now at Bethel spending a few days pleasantly at Dr. Warriner's.

Bro. Preston Murphy has brought to this office some ripe summer pears. They are delicious.

Sister Wm. Dawson now enjoys a pleasant visit by two of her daughters and Miss Jennie Doland, of San Francisco.

Sister Wm. Churchill, who has been spending some weeks with her son in San Buenaventura, Cal., returned home last week.

Mr. J. W. Hardison has been doing a wholesale business in the way of hauling oak grubs to town and sawing them up by means of machinery.

Harvesting of cereals in this vicinity has begun, and the familiar sound of the sickle, and buzz of the cylinder, are to be heard in divers places.

Our postmaster, Mr. W. Waterhouse, has by numerous experiments discovered a very neat and durable ink suitable for the special use of postmasters.

Bro. Jno. Wolverton and family are now enjoying the invigorating effects from the imbibition of the virtuous waters of the Willhoit Springs in Clackamas county.

Sister Bowman's daughter (Mrs. Kellogg), and her little son Clarence, from Portland, are in Monmouth, spending the summer vacation with relatives.

We are pleased to learn that Misses Ellen Chamberlin and Mattie Powell, two of Salem's favorite teachers have taken up their abode in Monmouth for the summer.

A very interesting class, who have secured the services of Prof. Hermann as instructor, was organized this week for the purpose of studying the French language.

Mr. Alva Churchill, brought us a number of Chilli club heads of wheat which will average over one hundred grains to the head. This is good enough for spring grain.

Messrs. Pince Campbell and John Stump, who have been spending a few weeks in, and around the Tellurium mines have returned home well pleased with their trip.

Miss Retta Nealley, who has been with us for some months, left by stage on Monday morning for Corvallis. We regret her departure, but hope she will return to live with us again when the summer is over.

Miss Florence Warriner, well known to the old students of Christian College, accompanied by Miss Kelly, of Bethel, and Miss Ollie Chamberlain, of Salem, gave their friends of this place a pleasant visit on Sunday last.

Mr. J. S. Cooper of Independence, has the mail contract on the route between Dallas and Albany for the next four years, and will soon have a new and commodious stage on the line. So far we have been well pleased with his success in affording accommodations on the route, and wish him prosperity for the future.

Mr. F. Y. Mulkey returned last Friday evening, from the Palouse country, where he has been for some months past improving a claim and rendering it suitable for future residence. His young friends upon learning of his arrival, and anxious for his welfare, improved the opportunity offered, turned out en masse and gave him a lively serenade at the residence of Judge Butler.

We had the pleasure of being shown through the extensive pottery works at Buena Vista last Saturday, by the gentlemanly proprietor, Mr. A. M. Smith. He is running a full force of hands, and making ware that is unsurpassed anywhere. A deposit of clay has been lately discovered that Mr. Smith thinks unequalled in America. We saw some ware made from it that was apparently as hard and as clear as flint.

It is a fact that is clearly recognized by those who have given the subject any attention, that Oregon can show the finest photography in the world, owing to the great purity and clearness of the air. We have been making a comparison of work of this class from various parts of the country. We compared photographs made in San Francisco with those made in eastern cities, and the San Francisco pictures were decidedly better, but on putting a Portland photograph by the side of the San Francisco work, the greater clearness and corresponding naturalness of the Portland work was easily discernable even by persons not critics in this field of art. Our Portland work was done at Davidson Brothers' Art Gallery, who have the finest instruments in the State, and give such close attention to their work, that we have never seen any other than a good picture from their gallery.

The 4th, was enjoyed in various ways by our citizens. While some remained at

home for the day in lonely solitude, the majority, with light and joyful hearts launched forth early in the morning by way of the usual conveyances, such as hacks, buggies and the big red stage, which by the way we can assure will be well remembered by about fifteen of the Monmouth youngsters, who took conveyance therein, and composed one of the jolliest crews ever Messrs. Cooper and Mulkey, held reins for. With some delay at the ferry all arrived at Salem in good style. The various exercises of the day, as well as the fire works at night, were good, instructive, and entertaining. People from every quarter of the country to the number of thousands were present to witness the display at the Capitol.
