INVALIDS' HOTEL.

The very large number of invalid people who daily visit Buffalo, from every quarter of the United States and Canada, that they may consult Dr. C. V. Pierce's and the widely celebrated Faculty of Specialists in Medicine and Surgery associated with him, rendered it necessary that the founder of this institution should provide a place on a grand and commodious scale for their entertainment and comfort.

ADVANTAGES OFFERED.—The Invalids' Hotel is more complete in its appointments than any similar institution in the world. The building is located in one of the most beautiful and desirable portions of the City of Buffalo, and commands a fine view of Lake Erie, Niagara River, and the surrounding country, being situated in the midst of an extensive system of beautiful parks. The Hotel is furnished with a patient safety passenger elevator, to convey patients to and from the different floors; is provided with all kinds of approved baths, and has also connected with it a well-appointed gymnasium and bowling alley to afford leisurely hours of exercise.

CHRONIC DISEASES of all forms, whether requiring medical, surgical, or mechanical treatment, come within the scope of our several specialties.

DISEASES OF WOMEN.—Especially are the facilities of this institution adapted for the cure of all of these chronic diseases peculiar to females. The employment of modern, electric, chemical, electro-therapeutic, and other approved baths, in many cases an invaluable auxiliary to the remedial means to which we resort in such cases. Dry friction to the surface, general shampooing, Swedish movements, and light calisthenic exercises, to enliven and equalize the circulation of the blood in the system, relieve congested parts, improve digestion, and strengthen the muscles, produce important beneficial results in all cases to which these means are applicable. No experimenting is resorted to in the treatment. The most approved medicines are carefully employed, and the judicious regulation of the diet, to suit the condition of the patient, the thorough ventilation of the sleeping apartments, the cheering influence of music, social intercourse, innocent games for amusement, and all those agencies which tend to arouse the mind of the patient from despondency, and thus promote recovery, are not neglected.

NERVOUS DISEASES.—Paralysis, Epilepsy (Fits), Chorea (St. Vitus' Dance), and other nervous affections, receive the attention of an expert in this specialty, by which the greatest skill is attained and the most rapid results secured.

LUNG DISEASES.—This division of the practice in the Invalids' Hotel is very ably managed by a gentleman of mature judgment and skill. Bronchitis, Throat, and Lung Diseases are very largely treated in this department, and with results which have been highly gratifying to both physician and patient.

EYE AND EAR.—Special attention is given to the delicate operations on the eye and ear, a distinguished oculist and aurist being under engagement to conduct this branch of the practice.

Invalids arriving in the city and desiring to consult us, should come directly to the Hotel. It is easily accessible by carriage, omnibus, or street cars. Miles' Express Agents, on all incoming trains, can be relied upon to deliver passengers and baggage with security and dispatch. Address R. V. PIERCE, M. D., World's Dispensary and Invalids' Hotel, Buffalo, N. Y.

WOMAN.

By an immense number, extending through a period of years, having within a short time received many thousands of testimonials, I recommend it to women. I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of disease with positive certainty and exactness. To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, Favorite, is but a feeble expression of my high appreciation of its value, based upon my own personal observation. As a case of extreme Fatness, which I recommend it, results in the few special diseases incident to the female system, I am willing to stake my reputation as a physician. Now, even more so, as I find it will not disappoint the most sanguine expectations of a single invalid lady who is afflicted with the complaint. I recommend it to women. I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of disease with positive certainty and exactness. To designate this natural specific compound, I have named it

The following are among those diseases in which my Favorite Prescription has worked cures, as if by magic, and with a certainty never before obtained by any medicine: Leucorrhoea, Excessive Flowing, Painful Menstrual Periods, Suppression when from unnatural causes, Irregularities, Weak Back, Protrusion of the Uterus, Anterior and Posterior Hemorrhoids, Nervous Debility, Despondency, Thrombosis, Menstruation, Chronic Constipation, Inflammation and Ulceration of the Uterus, Involuntary Emission of Sterility, Female Weakness, and very many other chronic diseases incident to woman's hot bloodedness. My Favorite Prescription works upon the marvel of the world. This medicine is not sold as a cure-all, but it is a powerful aid in a single dose of purpose, being a most perfect specific in a large number of the sexual system of woman. It will not disappoint, nor will it be found to be a failure in any case.
