

MONMOUTH.

Quite a number of strange faces in town this week. Bro. C. B. Graves, of Bethel, gave us a call this week.

Wheat is now worth 77 1/2 cents per bushel in Independence.

G. W. Quivey, Esq., of Independence, gave us a pleasant call last week.

Bro. and Sister Henry Davidson, of Halsey, were in town this week.

Quite a number of new students this week and many more anticipated soon.

L. E. Rowland is running a wood saw this week, on the college premises, with the MESSENGER steam power.

W. P. Catron, Esq., has taken up his abode in Eugene, for the purpose of engaging in the study of law.

Mr. W. P. Leonard, of the *Itemizer*, was in our town Tuesday last, looking after the interest of the county paper.

The preaching brethren from a distance have been invited to speak at six o'clock each evening of the present week.

Bro. H. C. Powell and family, of Linn county, were in town a day or two this week, visiting relatives and friends.

Misses Lottie and Mittie Ground, who have been suffering for some weeks with fever, are now rapidly convalescing.

No marriages, no deaths, no accidents, and no birthday cakes, this week, consequently Monmouth items rather slim.

Mrs. Hathaway, who has been on a visit for a couple of months in Portland, returned Monday last, and is quite feeble.

Our Sunday school is being largely attended, and is one of the most interesting places, in a literary point of view, now in our town.

A good shower of rain fell Monday last, which moistened the ground that was becoming too dry, and the plowman now works with renewed energies.

The farmers of our community have, for some weeks past, taken advantage of the most favorable and pleasant weather, and have sown much more fall wheat than usual.

Bro. G. W. Richardson and family, of Watsburg, arrived here Monday last, and have taken up their abode with us. Their many friends welcome them and trust they will make this their permanent home for the future.

The Annual Operation Meeting met in the church house at 11 A. M. Tuesday, and appointed committee to make proper arrangements for conducting the meeting, &c. Further information concerning the meeting can not be given at the present time of writing.

Catarrh and its Cure.

Rev. T. P. Childs comes before the public again with a wonderfully accurate description of the causes of Catarrh, and the results from inattention to the first symptoms of this terrible disease. From the details given of his method of cure, it seems to be easily applied and very simple in its action. Inhalation is evidently the most rational and sensible way of reaching any diseases of the air passages; Mr. Childs application of this principle in medicine, together with the knowledge of the inhalants to be used, have given him his wonderful success in the treatment of Catarrh and Bronchitis. To judge from the published statements of some of his patients, the medicine Mr. Childs contrives to place by the use of his inhalers, just where it is needed, must be most powerful and searching in its character to produce such surprising results. None need feel any hesitancy in placing their case in Mr. Childs' hands for treatment. The number and character of the certificates, as well as the favorable notices from well-known publishers, who have carefully examined the subject, must dispel every doubt in regard to his reliability. We would call especial attention to the advertisement, and request a careful perusal of the facts as set forth.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper, W. W. Sheraz, 149 Powers' Block, Rochester, N. Y.
