WOMAN.

By an immense practice, extending through a period of years, having within that time treated many thousands of cases of those diseases peculiar to women, I have been enabled to perfect a most potent and agreeable medicine that meets the indications presented by that class of diseases with positive certainty and exactness.

To designate this natural specific compound, I have named it

Dr. Pierce's Favorite Prescription.

The term, however, is but a feeble expression of my high appreciation of its value, based upon my own personal observation. As a close observer, I have, while witnessing its positive results in the few special diseases incident to the separate organism of woman, singled it out as the climax of my crowning gem of my medical career. On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, set kindly and in harmony with the laws which govern the female system, I am willing to stake my reputation as a physician. Nay, even more, so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under a POSITIVE GUARANTEE. If a beneficial effect is not experienced by the time two-thirds of the contents of the bottle are used, I will, on return of the bottle, two-thirds of the medicine having been taken according to directions, and the case being one for which I recommend it, promptly refund the money paid for it. Had I not the most perfect confidence in its virtues, I could not offer it as I do under these conditions; but having witnessed its truly miraculous cures in thousands of cases, I feel warranted and perfectly safe in risking both my reputation and my money on its merits.

The following are among those diseases in which my Favorite Prescription has worked cures, as if by magic, and with a certainty never before attained by any medicine: Leucorrhoea, Excessive Flowing, Painful Monthly Periods, Suppressions when from unnatural causes, Irregularities, Weak Back, Protrusion, or Fall of the Uterus, Anger, Nervous and Retroversion, Hearing Down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Threatened, or Scarcely Begun, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, Female Weakness, and very many other chronic diseases incident to woman not mentioned here. In all affections of this nature, my Favorite Prescription works cures—the marvel of the world. This medicine does not exert as a cure-all, but it admirably fulfills a single, well-defined purpose, being a most perfect specific in all chronic diseases of the sexual system of woman. It will not disappoint, nor will it do harm, in any state or condition.

Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 100 pages, sent, post-paid, on receipt of \$1.50. It treats minutely of those diseases peculiar to Females, and gives much valuable advice in regard to the management of those affections.
