Church News.

(*From the Christian.*)

—The church at Little Rock has repaired its house.

—College commencements are mainly over.

—The essay on "Faith," by Miss Lenoir of Columbia, Mo., won the prize in the junior contest in Christian College.

—Bro. B. W. Johnson, office editor of the *Record and Evangelist*, has turned his face towards Manitoba, in search, perhaps, of the "Manitoba wave.

—In referring to some of the prominent brethren we met at Camden Point, we either strangely omitted the name of Bro. J. J. Wyatt, or else the printer skipped it, as we notice it does not occur. Bro. Wyatt has done great service for the school, and is yet intimately related to it, being the preacher of the church at Camden Point.

—We regret to learn that Bro. M. M. Davis, of Rocheport, was thrown from a buggy recently and severely injured.

—Changes and rumors of changes among the preachers, Bro. J. W. Allen has resigned his charge at Jacksonville, Ill. Prof. Shackforc, of Lexington, will occupy the pulpit during the month of July.

—Bro. Buford Allen goes to Springfield, to take the place of Bro. Atwater, who has resigued.

—We learn that Bro. J. W. Allen and wife have gone to Colorado for a few weeks.

—The following item, concerning the Kentucky University, we clip from the *Apostolic Times*:

—The following gentlemen were elected Curators of Kentucky University at the late meeting of the Board, to fill vacancies of members who had resigned:

—Hon. John F. Fisk, Covington.
—John T. Hinton, Paris.
—James L. Neal, Mercer county.
—John L. Cassell, Lexington.
—Robert McMichael, Lexington.

The new Executive Committee is composed of the following gentlemen:

—W. T. Withers, Lexington.
—John L. Cassell, Lexington.
—Wm. E. Rogers, Versailles.
—Wm. Mitchell, Mt. Sterling.
—W. T. Tibbs, Mt. Sterling.

—The Curators declined to give Woodlands for the location of the State Agricultural and Mechanical College. The vote stood 8 to 11. It is scarcely necessary to state that the last General Assembly of Kentucky severed the Agricultural College from the University. Bowling Green. Ghent and Richmond, we believe, are bidders for that College.

—The twentieth Annual Commencement of Kentucky University was held in Morison chapel, on June 12th inst. The following are the graduates:

Latin Salutatory, P. I. McCarthy, (College of Arts) Paris, Ky.; English Oration, C. W. Cook (College of Arts) Rowena, Ky.; subjects—Commencements: English Oration, E. T. Catlin (Commercial College) Greenville, Ill., sabject—We Win by Sacrifice; Valedictory, E. A. Tripton (College of Arts) Paris, Ky.

The essays and orations were spoken of in complimentary terms by those fully competent to judge of their merits. The Latin Salutatory by Mr. McCarthy, was highly eulogized by the best scholars. Altogether the University has closed a very successful and prosperous year, and its friends feel greatly encouraged.

—In fifty years the number of native Christians connected with the missions of European and American societies has increased from forty thousand in 1825 to five hundred thousand in 1875. And this, with good reason, is claimed to be an underestimate. At no time has the work been more prosperous than at present.

General Church News.

(*From the Sunday Chronicle.*)

—Moody will spend the coming summer at Northfield.

—There is a total of 737 Universalist churches and 710 ministers in this country.

—The Welsh Calvinistic Methodists are increasing very rapidly in England and Wales.

—The receipts of the British and Foreign Bible Society from all sources were last year $1,015,000.

—The Moravians in the United States have 8517 Sunday school scholars, with 988 officers and teachers.

—The English Presbyterian church has 16 missionaries in China, 57 native evangelists, 32 students and 2117 members.

—The entire outlay of the Christians of the United States upon foreign missions does not exceed $2,000,000 annually.

—During the last nine years $447,862 50 have been contributed by the Women's Foreign Missionary Society of the Methodist Episcopal church.

—Rhode Island has sixty Baptist churches, with a membership of 10,906. Last winter an addition of 1017 by baptism was made to these churches.

—Subscriptions of $87,000 have been received for the further endowment of the Harvard Divinity School. Mrs. Thomas Tileston, of New York, giving $40,000.

—Though the English Presbyterians have less than three hundred congregations, they raise large contributions. Last year 256 churches contributed a total of $1,143,635, an average of $4374 to each congregation.

—An item of Roman news of interest to Irish-Americans is that Mgr. Pecci, brother of the Pope, will take his title from St. Agatha's Church, belonging to the Irish College. In this he succeeds the late Cardinal Antonelli.

—The Presbyterian Church South spends over $1,000,000 yearly in maintaining itself and its work in this country. The Presbyterian Church North expends over $8,000,000 annually upon its churches and work in the United States.

—The Methodist General Conference next year will have to settle whether Bishops shall be elected in place of those who have died since 1872, when the last election was held. Since then, when eight Bishops were chosen, Bishops Morris, Janes, and Ames have passed away, leaving only ten to do the Episcopal work of a large church.

—It would seem that there is a High Church and a Low Church party even among the Friends; for they are beginning to discuss a proposition for the organization of a national yearly meeting—a body that should be to the rest of their yearly meetings something what the National Council is intended to be to the Congregationalists.

—At the beginning of this century the Turkish Government allowed only three hundred Jews to live within the city of Jerusalem. Within the last ten years all restrictions have been removed, and now there are over thirteen thousand inhabiting their ancient capital. They have bought up the old houses and built a large number of new, and have established schools and hospitals.

—Statistics of the eighty-five Protestant Episcopal Sunday schools in New York City are presented in the Church Sunday School *Teacher's Weekly*. The largest single school is that of St. John's Chapel, Trinity Parish, with 79 teachers and 1112 scholars; total, 1191. The school of St. Augustine's Chapel, Trinity Parish, has 47 teachers and 1121 scholars; total, 1168. The schools of St. George's Church and its two chapels have together 90 teachers and 1200 scholars.

—The average salary of Methodist ministers in fourteen Southern Conferences is said to be $572, and the average amount paid $438. In Northern Conferences the average is $700 and the deficiency in payments about 12 per cent.

Notes and Observations by the Way.

On Tuesday, leaving the brethren at the camp-ground, near Tangent, I proceed on my journey toward Scio. Stopped over night with Bro. Reader, with whom I had formed an acquaintance at said meeting, and was pleasantly and agreeably entertained by his devoted family. Bro. Reader is living a few miles east of Albany, in as pretty a prairie as the sun ever shone upon, called "The Albany Prairie."

Reached the "Richardson Neighborhood" in the afternoon, and formed the acquaintances of Bros. Thomas, John, and Winson Richardson, brothers of the well-known G. W. Richardson, now of Waitsburg. W. T.

From Bro. Richardson's I visited my brother James Morgan, who is my senior by fifteen years, who is trying to make him a home in that vicinity, putting in his Sundays preaching the Word. May the Lord bless him in his life of godly purity.

On Lord's day I visited my brother's appointment, and preached at 11 A. M.; but it being a rainy day the attendance was small.

Also visited Scio, Stayton and Sublimity.

Stingy Men.

I despise a stingy man. I don't see how it is possible for a man to die worth fifty millions of dollars. or ten millions of dollars, in a city full of want, when he meets almost every day the withered hand of beggary and the white lips of famine. How a man can withstand all that, and hold in the clutch of his hand twenty or thirty millions of dollars, is past my comprehension. I should not think he could do it any more than he could keep a pile of lumber when hundreds and thousands were drowning in the sea.

Do you know I have known men who would trust their wives with their hearts and their honor, but not with their pocket books—not a dollar. When I see a man of that kind I always think he knows which is most valuable. Think of making your wife a beggar! Think of her having to ask you every day for a dollar, or two dollars, or fifty cents. What did you do with that dollar I gave you last week?" Think of having a wife that is afraid of you.

What kind of children do you expect to have with a beggar and a coward for their mother? Oh, I toll you, if you have but one dollar in the world, and you have to spend it, spend it like a king, spend it as though it were a dry leaf, and you the owner of unbounded forests! That's the way to spend it. I would rather be a beggar and spend my last dollar like a king, than be a king and spend my money like a beggar. If its got to go let it go! Get the best you can for your family—try to look as well as you can yourself.

When you used to go courting how nice you looked! Ah, your eye was bright, yonr step was light, and you just put on the very best you could. Do you know that it is insufferable egotism in you to suppose that a woman is going to love you always look as bad as you can? Think of it. Any woman on earth will be true to you forever when you do your level best. —*Young Folks Rural.*

—Sanctified afflictions are like so many artificers working on the good man's crown to make it more bright and beauteous and massive.

Married.

At Monmouth, July 7, 1879, at the residence of Mr. Luke Mulkey, by Elder H. M. Waller, Mr. T. O. Waller to Mrs. Rachel Arterberry.

Obituary.

Died, near Independence, July 6, 1879, little Willie, son and only child of Ed. and Martha Marshall, aged two years and five days.

"Suffer little children, and forbid them not to come unto me; for of such is the kingdom of heaven."

Died, at Fair Oaks, Douglas county, Or., July 1, 1879, Sister Relle Wiley, wife of Bro. H. H. Wiley, aged 25 years, 1 month, and 23 days.

Sister Wiley was born at Chalis, Vermont, and united with the Church of Christ at Main Prairie, Minn., about nine years ago, and by letters of commendation both were admitted to the congregation here. Sister Wiley was one of those quiet, steady, faithful, earnest Christians who live Christian lives every day. She bore her protracted illness patiently, and died without a struggle in the full triumphs of faith in Christ, believing that what he has promised he is able and willing to perform.

The remains were followed to the grave by a large concourse of friends after some remarks by the writer, drawn from Rev. xxi. 5, "And he that sat upon the throne said, Behold, I make all things new."

Bro. Wiley and his only little son Harry, have the sympathies of the friends.

May we all live as Sister Wiley lived, faithful to our Master, that we may be ready to go when called.

Yours in hope of eternal life,

E. A. CHASE.

The U. S. Signal Service.

Gradually, the wild and ungovernable forces of nature are, through science, made of use to man. Following in the wake of the ingenious inventions for the use of steam and electricity, comes the organization of the U. S. Signal Service. Is it not wonderful that a system could be originated and perfected whereby an operator can accurately predict the weather of a distant locality? And yet experiences proves our "storm signals" to be reliable. Equally great are the advances made in the science of medicine. Step by step, uncertainties and doubts have yielded to absolute certainty. The discoveries of Harvey and Jumer have been succeeded by the Golden Medical Discovery of Dr. R. V. Pierce. No longer need people despair because some physician has pronounced the lungs unsound. Hundreds of testimonials are on file in the office of Dr. Pierce from those who had abandoned all hops. Incipient consumption bronchitis, and scrofulous tumors, speedily, surely, and permanently, yield to the healing influences of the Discovery. If the bowels be constipated, use Dr. Pierce's Pleasant Purgative Pellets. For full particulars, see Pierce's Memorandum Book, given away by all druggists.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curaaive powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper. W. W. Sherar, 149 Power's Block, Rochester, N. Y.

—The Bible which belonged to Luther, containing sixteen autograph lines, with his signature, and date 1542, is on exhibition at a London bookseller's.

—It is about a year since the American Bible Society issued their beautiful agate Bible and Testament, and the sales amount to about 400,000 copies—or 1,200 copies a day for each working day, and two copies for every minute in the day.

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.
