THE GREAT LEGACY.

 A PRESENTATION OF THE GOSPEL
PLAN OF SALVATION UNDER
THE SIMILITUDE OF A
WILL.

BY

S. R. EZZELL.

THIS TIMELY WORK IS A CONNECTED series, a solid chain of argument, with Scripture proofs given, and is intensely interesting, being interspersed with TABLES and ILLUSTRATIONS, by which the Gospel Plan of Salvation is overwhelmingly demonstrated, and so simplified that all accountable persons are left without an excuse for not understanding it.

THE GREAT LEGACY is the result of eighteen years' hard study, and is published by request. It is just the book that every lover of the truth will delight to read and hand to his neighbor—just the book to send to destitute places by the dozen. In matter and price it is just the book for the masses and for the herd times. It contains 316 pages, embraces 13 discourses, printed in clear type, on good paper and is substantially and handsomely bound in cloth.

ASTHMA, BRONCHITIS, CROUP,
WHOOING-COUGH,**

 And all other diseases of the throat and
lungs.

This new medicine is purely vegetable and is harmless to the most delicate constitution. It purifies the blood, gives tone and vigor to the general system, while it soothes the lungs, causing them to throw off all unhealthy secretions. As it acts on the blood it will be found very useful in all scrofulous diseases. Its pleasant taste and soothing effects make it a great favorite with children; and for measles, whooping-cough, croup, &c., it is unequalled by any medicine in use. It has produced remarkable cures in asthma, dyspepsia and bronchitis. Try a bottle and be convinced that it is the best lung medicine in use. Price, \$1 bottle.

VOLUNTARY

TESTIMONY.

 [Extract from the Baltimore "American,"
December 21, 1878.]

"The Pulvermacher Electric Belt is recom-
mended to general use for the following rea-
sons: First, for its wonderful properties for
the cure of diseases of the kidneys, stomach,
liver and blood; secondly, for its extreme
simplicity, and the fact of its being applied
outside, precludes all possibility of any in-
jury being done to the patient, as an external
remedy is universally acknowledged to be
safe. Another advantage is the facility with
which the progress of the disease and cure
can be watched, and if the Belt be not quite
in the right place, it can be very easily read-
justed so as to cover the parts affected. The
Pulvermacher Electric Belt, and its perfec-
tion, has been hailed with delight, not only
by the sufferers who have regained health,
enjoyment, and a new lease of life through
its beneficial qualities, but by the medical
profession, who very frequently prescribe its
use to their patients."

PULVERMACHER'S
ELECTRIC BELTS AND BANDS

 are endorsed and approved by the most em-
inent medical and scientific authorities in
the world, by the Faculties of France, En-
gland, Austria, Prussia, Belgium, and Amer-
ica, and by well-known writers, who refer to
the extraordinary cures effected by Pulver-
macher's Electric Belts and Bands, in up-
wards of one hundred medical and philo-
