A PLAIN LETTER

J. R. Hill and Harry M. Milliron Have Many Friends.

UNTRUTHFUL REGISTER

EDITOR GUARD:—You may say to your readers that the statements made in the Register of the 23rd that "J. R. Hill was mad as a wet hen, etc.," and held out the idea that Mr. Hill was not favorable to a union ticket, is untrue in every particular, and I will give my reasons for making this statement.

In the first place Mr. J. R. Hill favored a union of reform forces at the first meeting of the Democratic Central Committee held this year, at the court house, and was appointed by the chairman, Judge Walton, on the committee to arrange for calling convention, etc., and as Mr. Hill was very busy at the time of the meeting of the committee, with the committee appointed by the Mayor Republican and the Populists, and could not attend, he sent a letter to attend that meeting, and he said that he wanted to be heard, and he knew my views on the union movement and fully endorsed them.

The Citizens organization in this city is the result of this meeting, and every member of these committees will remember the stand that I took on the committee work, while setting for Mr. Hill, and he ever since fully endorsed my action in that matter. I nominated Mr. J. R. Hill for delegate from South Junction to the Citizens convention, and he declined, saying, "I want to hear Bryan speak, and I am too busy with my duties to attend the county convention," so he had no occasion to "get mad as a wet hen," and of all the present of that primary meeting, there is not one that will say that he did. You see, he had "The Register" (and other papers) up a stump on both sides.

Now, for that "editorial" which says his name "Democrat taxpayer," to an article in the Register of the 25th inst, in which he holds out the idea that Mr. Lee is a wonderful business man, and that the Citizens' candidate, Mr. Milliron, is not competent to hold down the job of the court clerk. The fact that there is not a Democrat or Populist or Silver Republican in the north end of the county that is working against H. M. Milliron, and that all of them are supporting Mr. Milliron, is proof enough that "Democrat Taxpayer" is a badly off in the county of Hill.

The fact that U. Lee's friends say that Harry Milliron will probably beat him in the north end of the county is further proof that Mr. Milliron is thought to be competent to take Mr. Lee's place as the "County Clerk."

Now, in conclusion, I want to say that it has been generally understood that there should be no "muzzling" by these two candidates or their friends, and there has not been until this morning's work for the G. O. P. took up his pen to do that which he did not dare sign his name to, and that is not approved by any Republican that I have heard speak of, and I have heard some of Mr. Lee's friends speak of it. I hope it won't be necessary to write any more on this subject, but I do not care to "appear in print," but will say what I think is necessary, over my own name, and will be ready at all times to prove what I have to say.

Respectfully,
W. L. HOUSTON.

Overstated

PORTLAND, May 28.—(To the Editor.) The statement in this morning's Oregonian by Mr. L. M. Knutson regarding the Blue River mines is misleading and greatly overstates the output of the Lucky Boy mine. It is true, I am part owner of this mine, and I am glad to say that it is a good paying property, considering the money invested. The mine is not for sale, and the owners have no desire to boot it. The gentleman, no doubt, got his information from some unreliable source.

Public Speaking

Hon. L. Bilyeu will address the citizens of Siuslaw precinct at Lorane Oregon, Saturday evening, June 2, 1900, at 10 o'clock in the afternoon. All invited; especially the ladies.

H. G. Miller of the University Bookstore, is having some interior improvements made at his place of business. The Salem postoffice building is going to be a handsome structure, three stories high, says the Statesman. It will compare very favorably with the Oregon capitol and the Marion County courthouse, between which buildings it will stand.

BURNED-OUT LAKEVIEW.

Business Men Double Up in Temporary Quarters.

The Lakeview Roster issued an extra May 24, the morning after the fire, headed "Fire Edition—A 'Warm' Number." We make extracts: "The business portion of Lakeview is temporarily a black spot of vacancy on the face of the earth. It will not remain so long, however, for goods are being ordered by wire, and contracts are being let as fast as figures can be made for material and building. Some of our business men have already secured temporary quarters and are selling their goods as they saved from the flames. They have taken pot luck together many of them, and it is common to see all kinds of business carried on under the same roof and in the same room. They reasonable department stores on a small scale in many instances."

"To undertake to estimate a reliable loss, would be the next time be impossible. Not less than 300,000 have been lost. All are losses who were in business, and of two hundred, Dr. Daly's complete building, and Edward & Son's department store. The fire occurred to have been ten days, and the loss would be ten times as much."

DR. DALY'S LOSS.
"Dr. Daly alone lost more than \$30,000 worth of property, without any insurance." (Dr. Daly is the Union candidate for congressman in this district.—ED. GUARD.)

COURT UPDATES

San Francisco Health Authorities Can Not Discriminate Against Them in Precautions.

SAN FRANCISCO, May 28.—Federal Judge Brown has granted an injunction to prohibit the federal and local health authorities from discriminating against Chinese in taking precautions against the plague.

This means the Chinese cannot be forcibly inoculated with anti-plague serum, and they cannot be prevented from entering or leaving San Francisco by the health authorities.

Naturally So.
Yesterday E. O. Smith paid his taxes on those of the California and Oregon Land Co. of which corporation he is agent. The total amount was \$147. In conversation with a Register reporter, Mr. Smith stated that the total taxes were \$115 lower than last year's assessment.

THE ORIGINAL "HILDA."—Sunday's Seattle Star: "Hilda Hobson, the original, is in the city. She arrived in the city on the afternoon train yesterday from Lane county, and is accompanied by her Celestial paramour. Hilda is not a bad looking girl, and was very well dressed. This individual is the original 'Hilda,' who for several months last summer and fall resided in this city. She became enamored of a Chinaman, who was fairly prosperous, and after a brief courtship, concluded to wed. The couple went to a lumber camp near Eugene, where the Chinaman is employed as cook. There the couple has since resided in perpetual bliss."

ARM FRACTURED.—Last evening a four-year-old child of G. L. Larimer, of Springfield, had the misfortune to fracture its arm below the elbow, by falling off a teetering board. Dr. Brown, of this city, was called and attended to the matter.

MARRIED.—Albany Democrat: "In Eugene, on Saturday evening, May 26, Mr. William Ralston, and Mrs. Platens Biddle, two prominent and worthy people of this city. They have the best wishes of many."

RUSSIA AND CHINA

Gunboats Sent to Aid Soldiers in Landing

A PENNSYLVANIA STRIKE

SPECIAL TO THE GUARD.
SHANGHAI, May 29.—All the available Russian gunboats in the Pacific Squadron have been sent to Taku. From this and other moves it is believed the Russians expect to land troops at that point.

The boxes expect to receive assistance from the downer engines, the prices and the Manufacturers for the purpose of driving out the Chinese.

PENNSYLVANIA STRIKE.
SCRANTON, Pa., May 29.—All of the station west of the Lehigh Valley road between Sayre, Pennsylvania, and Jersey City have struck for better wages.

CEREY LEE

W. B. Smith, a Hale Farmer, Settles His Affairs

EDITOR GUARD:—I want you to publish the fact that I have settled my affairs, and I want to let the public know a few facts that concern themselves. About four weeks ago I took a deed to the county clerk for record; he said it would be done in about three days. I came to it yesterday, and it lay in the desk unrecorded. So they are about one month behind, with all the extra duties. You see it is going to work a hardship on Mr. Milliron to do the work that should be done by Mr. Lee.

If a man can a job that is not the county and another man or woman goes to the clerk and he issues the warrant to the man or woman without the owner's consent, in order to give the premium they must be guilty of a criminal offense, are they not? They have done just such work, and I would like to be compelled to prove it. Lee is learning fast, but I believe the person that learned this.

I think the person that learned this should be punished. I will be glad to go to do it.

Respectfully,
W. B. SMITH.

LEASED.

W. H. Baber Leases the Junction Flouring Mills.

This forenoon the well known grain buyer, W. H. Baber, of Junction, leased the Junction City Flouring Mill and Elevator from the owners, the Eugene Loan and Savings Bank, of this city, for a term of one year, the lease to begin July 1st. Mr. Baber expects to run the mill profitably from that date. He is a good rustler, and ought to make the property pay fair returns.

EUGENE, May 27, 1900.

EDITOR GUARD:—The Register, run by renegade populists, calls me "One Simons." I will state that I am a taxpayer and also fought for Uncle Sam in the civil war for three years, and have always been a true republican. However, I do not vote for men like McQueen who supported numerous grafts in the last legislature and is not a man of his word. I will also inform the Register I am entirely financially responsible for all my statements. Don't vote for McQueen.
