

MOHAWK RAILROAD

Track Will Be Laid to Wendling Before August 5th.

Work on the new steel bridge across the McKeanie river will be completed today. The construction is in charge of W. E. Ballie, who commences work Tuesday, the 12th, and surfacing the road bed and trucking will be finished. The location of the trucking outfit is to complete one-half mile of track a day. If this is done the track will be laid to Wendling before August 5th.

Hops - Valentine Lewis' Price current of June 30th says: Crop reports from the Pacific coast are conflicting, but there does seem to be any question that less hops will be grown this year. The quantity of unsold stock in Oregon is said to have been reduced to 5000 bales. In New York state the young yards and the older ones that have been well taken care of are looking reasonably well, but many of the old yards, especially those that have been neglected for a year or two past, are not so promising. The dry weather is retarding the growth in some sections. The government report just published shows that the sale of malt liquors during May increased 238,016 barrels over the corresponding month last year.

AN EXPERIENCE.-Corvallis Times: The experiences of Johnny Pipes, of Portland, son of Hon. M. L. Pipes, formerly of this city, have had quite a romantic turn. It seems that he had formed an attachment for Miss Susie Fennel, of Portland, and wished to wed her, but his parents objected seriously and matters became quite complicated. Johnny was fortunate enough to secure a position in the census bureau at Washington, recently and shortly after his arrival there he sent for Miss Fennel and on her arrival in Washington they were married. The bride is spoken of as a most estimable young lady.

ORGANIZED FOR BUSINESS.-The State of Oregon has granted the following company the right to do business in the state: The Collins-Preston-Wilson Company will engage in the manufacture and sale of harness, saddlery, hardware, and merchandise generally. Portland is given as the headquarters of the company, and the capital stock is fixed at \$20,000 divided into shares valued at \$10 each. C. R. Collins, Wm Preston and W. E. Wilson are the stockholders.

FIRST NATIONAL BANK.-In today's GUARD will be found the regular monthly statement of the First National Bank as required by the U. S. Government. The bank shows a total business of \$581,736 91, cash on hand \$65,601; deposit in bank \$453,875 89. This is a most excellent showing. The bank is increasing in business every day.

THROUGH THE RESERVE.-Salem Statesman: Supt. S. B. Ormsby of the Cascade forest reserve, left yesterday for Sisters postoffice to settle a timber land trespass, and to examine some land with a view of restoring it to the public domain. The trip is taken under the orders of the commissioner of the general land office.

CAMPING PARTY.-The following Eugeneites have a very nicely arranged camp on Gillespie island and are enjoying themselves immensely: Joseph Lauky and wife, Ada and Ruby Hendricks, Mary Chambers, Belle Brown, Maude Shelly and Richard Smith. Mrs. T. G. Hendricks visited the camp over last night.

TIMBER LAND FOR SALE.-160 acres of wood for sale, one-half mile from saw mill. Logging camp on timber land. Inquiries of Frank McArthur, 423 Brit's store, Eugene, Oregon.

DIED.-Miss Anna K. Johnson died of fever, in Springfield, July 12th, aged 25 years. The burial will be held at Natron, at 2:30 p. m., July 13th.

BOND FILED.-A S. Patterson county treasurer filed his bond in the sum of \$40,000 with T. G. Hendricks, S. B. Eakin, W. E. Brown and F. W. Osburn as sureties. Bond approved.

BORN.-In Eugene July 10 1900 to Mrs. Ida Taylor, a son.

All teachers holding either state or county certificates are required by law to attend the institute. There will be three instructors in attendance and every possible effort will be made to make the institute profitable and interesting. W. M. MILLER, County Superintendent.

Paris Fair. The American exhibit at the Paris Exposition will be an open volume, whose lessons of skillfully directed endeavor and unflinching energy may be read by all. Our Government Building is complete, and no effort has been spared to make it worthy to represent our nation. It is by the same American perseverance that Hostetter's Stomach Bitters, the famous dyspepsia cure, was first produced. Since that time - fifty years ago - it has never failed to cure constipation, indigestion, biliousness, liver and kidney troubles, and all other ailments that are caused by a weak and unbalanced system. It is an excellent laxative and a regulator for the bowels; this cannot be equalled. All druggists sell it. Do not be talked into taking something "just as good." There is nothing equal to it.

He Fooled The Surgeons. All doctors told Benick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Prolapse, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklin's Arnica Salve, the surest Pile cure on Earth, and the best Salve in the world. 25 cents a box. Sold by W. L. DeLano, Druggist.

Call For County Warrants. Not is hereby given that the following warrants will be paid on presentation at my office on and after July 10, 1900. Interest on same will cease July 10, 1900. Drowned.

Word was received here late last evening announcing the sad news that R. W. Lyman, of this city, was drowned, while working with the Eugene log drive at opposite Natron.

Coroner Griffin and Dr. J. W. Harris immediately started for the scene of the accident, while Marshal Sibley left on his wheel to inform Mrs. Lyman, who was picnicking with the Baptist Sunday school at Seavy's ferry. Mr. B. F. Guiley, who brought the news and who is working on the drive, states that the accident happened about 4 o'clock while Lyman was attempting to dislodge a log which was entangled in a drift. Tom McEsters, who was with him at the time, started him against the drifters of the place, but Lyman evidently thought lightly of it, for he backed his feet and sat down in deeper water below. Tom Crail attempted to swim his horse into the current, but, with the cruelty of fate, they were the only horses in the drive that would not go in beyond their depth.

Lyman appeared only once above the water, and when a boat was brought and his body recovered, about 10 minutes later, all signs of life were gone. The body was brought to town about 11:30 last night and taken to the family residence on south Pearl street, where the funeral will take place July 13th at 10 a. m.; interment will be in the Masonic cemetery.

William Lyman was born in New York, April 1st, 1857, and came to Oregon in 1892. During his residence in this vicinity he was well liked by his associates, as he was an honest hard working man.

CORONER'S JURY. A jury was impaneled and the following verdict was brought in: We, the jury find the following verdict: R. W. Lyman came to his death by accidental drowning on July 11, 1900, at 4 p. m. No fault is attached to anyone.

E. T. Templeman, E. C. Morgan, H. L. Carter, J. A. Blakely, J. M. Cain, E. M. Parker.

Bryan's Notification.

BUFFALO, July 11.-National Commissioner Norman E. Mack said today: "Unless Mr. Bryan desires the notification made in a Western city, I should prefer that it be made in some of the large cities of some of the middle states. Naturally I would favor New York because of its importance as a political and commercial center. New York will probably go into the Democratic column in the coming election and Democrats in this section of the country would like to have the honor of having Mr. Bryan notified in the East, especially as the West has had the convention which nominated him."

Glorious News

Comes from Dr. D. B. Curgile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved, - that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, skin rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by W. L. DeLano, druggist. Guaranteed.

Dr. Willoughby reports that Prineville is a very busy town and is quite favorably impressed with it.

CAME NEAR DROWNING.-While the Edwards crew, who are bringing two million feet of logs down the river, were at work on the logs near the Eugene bridge yesterday afternoon, Will McBea, who was riding a log in the rapids, fell off into a whirlpool and sank the second time. Oscar Drury swam to his rescue and prevented the chocking of a log. Mr. McBea is one of the best loggers in the county, showing that no one is proof against accident.
