LONDON PESSIMISTIC

STILL BELIEVES THAT THE WORST STORIES OF PEKIN ARE TRUE

REPORTS OF MISSIONARIES MURDERED

Special to the Guard.
LONDON, July 26.—Those best informed in diplomatic circles here are agreed that the worst news about the members of legations and other foreigners in Peking is true.

It is reported that several missionaries have been killed at Shanghai.

Earl Li is barricaded in the arsenal at Shanghai for safety.

A mission dispatch from Shanghai reports rioting and all kinds of lawlessness, rapine and butchery at Ai Yuen Fu and other points in that vicinity. All the missions are said to have been destroyed. Some of the missionaries escaped from their quarters, which were destroyed, but are reported to be yet in danger.

[This brings no new phase of the question to Americans. London has from the first persisted in believing the worst news to come from besieged Peking, and has never consented to believe that the message from Conger was bona fide. The status of affairs is practically unchanged during the past 24 hours.—Ed.]

BOFRS STILL WINNING.

Special to the Guard.

LONDON, July 26.—Lord Roberts reports to the war department that General Hunter had a heavy engagement with the Boers south of Bethlehem, in which the British were repulsed, with casualties amounting to 50.

GOLD DEMOCRATS.

Decided Not to Put a Ticket in the Field.

NOR TO FUSE WITH THE ARTIS.

INDIANAPOLIS, July 25.—By unanimous vote of the national committee of the National Democracy, this afternoon, the scheme of fusion with the anti-imperialist movement, originating with the recent mass meeting at the Plaza Hotel, in New York, was defeated, as was also the plan to place a gold democratic ticket in the field this year.

When it came to W D Haldeman, proprietor of the Louisville Courier Journal, a sensation was sprung. Haldeman, in 1896, contributed valuable aid actively raising funds for the organization and maintenance of the work of the gold democracy. When he concluded he withdrew from the room. In the course of his speech he said:

"In 1896 I took upon myself abundant abuse from the Kentucky democrats, and I did it because I believed, with my friend Henry Watterson, in the righteousness of the refusal to compromise with dishonor on the question of a sound and stable currency. I believed then that the nation's honor in the stability of its money was involved, and if I believed that, in this respect, there was any danger now, I would stand this day against the regular democratic organization."

"No sane man believes this danger exists. The free and unlimited coinage of gold and silver, at the ratio of 16 to 1, without the consent of any other nation, has been relegated to another generation by this nation. My heart goes out to those who struggle for liberty in every nation, but I applaud and approved the expression in the democratic platform sympathizing with the Boers, a people who may be robbed of free citizenship in order to help English greed to gather to its coffers the diamonds and gold of South Africa. I am compelled, with the sense of what is due to free America, that I love, to sincerely, actively support an American whose, I believe, loves his country and whom I believe to be the highest and best type of an American citizen, and thus believing, I shall vote for and support William Jennings Bryan."

Haldeman then moved that the money now in the treasury of the gold democratic organization be paid to "that splendid democrat and able leader of the democrats of the East, David B Hill, to use as his judgment may direct."

When the vote on the question of fusion and a third ticket was taken, Gordon Woodbury, of New Hampshire, was the only committeeman present who favored a third party ticket. The vote stood 26 to 1 against the proposal.

Rev. W. E. Stitzer, W. Caton, N. Y. writes, "I had dyspepsia over twenty years, and tried doctors and medicines without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat. Vincent & Co., Corner Drug Store.

NEW MIXING DISTRICT.

Is On a Direct Line With Blue River and Bohemia.

Messrs Strachey and Partridge have just returned from their group of ten claims in the new McKenzie mining district. They have left two of their party to make for the developments. The gentlemen are well pleased with prospects so far and expect to attract much interest to that section. The new district is west of the Blue River district and on a line with the Fall Creek and Bohemia mining districts.

The claims are about six miles in a direct line from Wyoell's, on the McKenzie, but these gentlemen went in the last time from Thompson's and cut a trail along the Martin ridge for 18 miles to their camp. These gentlemen have located a group of ten claims, all showing well-defined ledges. One of these they have opened on the surface, the ledge showing a face 300 feet wide. The rock is of good character, and indicates that much can be expected from the farther development of the property. The active development of these claims will continue, and as the expected values are shown, a five-stamp mill will probably be put in this fall.

A number of other parties are locating in this neighborhood, and the finding of ore formations here only indicates what has long been suspected, that the entire range of mountains has mineral ores of good values. That this section will be one of the mining centers within a comparatively short time, is now more than ever apparent.

County Superintendent.

Would Not Suffer So Again for Fifty Times Its Price

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my house hereafter, for I should not care to endure the sufferings of last night again for fifty times its price. G. H. WILSON, Livermore, Burgetstown, Washington Co., Pa. This remedy is for sale by W. L. DeLano.

CHAMBERS BLOCK

A Second Story Will Be Added at Once.

LENDER TO WINTER PHOTO CO.

Mr Chambers is making arrangements to erect a second story on his brick building. It fronts 51 feet on Willamette street and extends back 90 feet. Mr Chambers will also remodel the front of the first story and build a good wide stairway to the second floor at the north side of the building next to the Young block.

C L Winter, the photographer, has leased the second floor of this block for his gallery. It will be modeled after special plans adapted to his use. This will make one of the finest galleries in the state.

Mr Chambers will commence at once the building of the second story, and expects to have it ready for occupancy by Mr Winter October 1.

It is said that plans are being considered for more business buildings in this portion of the city during the fall, all of which are badly needed and will prove good investments.

REPUBLICAN FOR BRYAN.

Imperialism of McKinley Forces Banker to Support Nebraskan

Special to N. Y. World.

JOLIET, Ill., July 20.—Michael C Collins, a Pequot banker and a life-long republican announced today that he will support William J Bryan for president, as he cannot stand for the imperialistic policy of the McKinley administration.

Mr Collins is one of the most influential politicians in Will county. He was formerly a member of the legislature.

Mr Collins said: "My reason for giving my support to Mr Bryan is that I consider his position on imperialism right, and I believe that issue to be the most important one that is before the people."

Teachers' Institute.

The teachers institute which begins at the court house Monday, July 30, 1900, promises to be of unusual interest and benefit to the teachers attending. The instructors secured are among the very ablest in the state. The course to be given follows the State Course of Study, and includes several high school branches.

Teachers intending to pass an examination for either county or state papers, can not afford to miss this opportunity for study and improvement. The law requires the attendance of all teachers and the teacher owes it to the profession to attend and take part in this institute. Every effort will be made to instruct and entertain the teachers in attendance. Good music both instrumental and vocal will be a daily feature of the exercises.

A number of the leading educators of Oregon will speak on topics of interest to all. All teachers and friends to the public schools cordially invited to be present during the institute.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female disease quickly cures nervousness, sleeplessness, melancholy, head aches, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50c. Sold by W L DeLano, druggist.

Flour Trust.

EUGENE, July 25, 1900.
EDITOR GUARD:—How is it a laboring man must pay 50 cents per 50-pound sack of flour when the farmer gets only 45 cents per bushel for his wheat.

No Cure? No Pay.

That is the way all druggists sell Groves' Tasteless Chill Tonic for Chills, Malaria and Biliousness. It is as pleasant to take as Lemon Syrup. 50 cents.

From a note sent us by our Sodaville correspondent we learn that Rev J F Claycomb is improving nicely in health, and will probably return to his home in this city on Saturday, accompanied by his wife; also Mrs Withrow, of Eugene, who has been spending a few days at the springs.

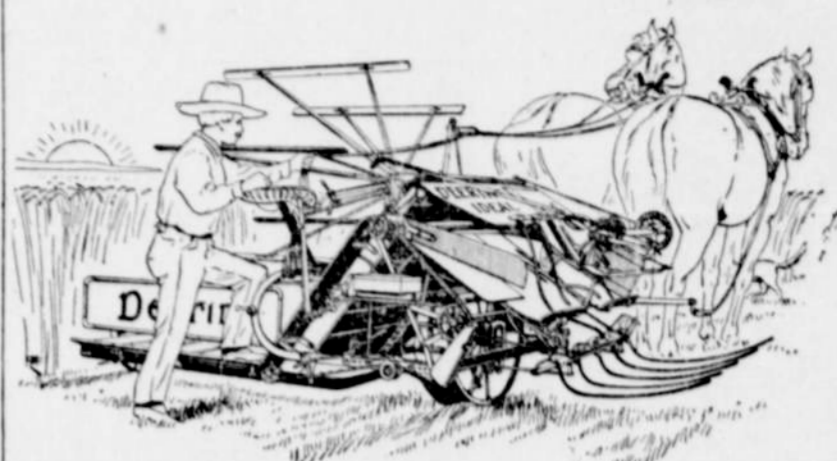

Last fall I sprained my left hip while handling some heavy boxes. The doctor I called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor said I had rheumatism. It continued to grow worse and I could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain Balm. I tried it and one-half of a 50-cent bottle cured me entirely. I now recommend it to all my friends. F. A. Babcock, Erie, Pa. It is for sale by W. L. DeLano.

AT THE PRESIDIO.

San Francisco Concentrating Point for China-Bound Troops.

SAN FRANCISCO, July 25.—San Francisco is now a point of concentration for troops gathered together from all over the United States for duty in the Orient. At military headquarters everybody is working under pressure. Battery D, of the Third Heavy Artillery, has arrived and encamped with Batteries A, I and O, bringing the battalion to its full strength. The four batteries will sail with the Fourth Cavalry on the Hancock, July 28, for China.

This morning troop H, of the Ninth cavalry (colored) came in. This completes the concentration of the regiments there. The three companies, A, C and D, Eighteenth infantry, which are just back from Manila, will remain at the Presidio and not go to Montana, as was expected.

Recruits are coming in at about the rate of 75 a day. They are from all parts of the Union. There is so far no difficulty in obtaining all the volunteers necessary.

Sixteen bodies of soldiers from the Philippines were buried yesterday in the National cemetery.

It Keeps the Money at Home.

We are just in receipt of a quarterly report of the Oregon Free Labor Association for the quarter ending June 30, 1900. The association is evidently growing rapidly and is keeping much money at home that would otherwise leave the state never to return. It now has insurance in force to the amount of \$7,693,253, having made a net gain of more than \$678,000 during the past three months. It paid 23 losses during the quarter and made a saving for its members, as compared to board rates, of \$17,713.58. For further particulars address R K George, agent, Springfield, Oregon.

Prevented a Tragedy.

Timely information given Mrs George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at W L DeLano's drug store.

Presbyterians Gather at Denver.

DENVER, Colo., July 25.—The annual meeting of the Young People's Christian Union of the United Presbyterian church of North America opened a five days' session here today, with delegates present from every state and territory in the Union. The number of visitors is estimated to be not less than 8000, and among them are speakers of prominence from New York, Pennsylvania, Ohio, Illinois, Iowa, Wisconsin and California. The meeting will close on Monday evening next.

It Saved His Leg.

P A Danforth, of LaGrange, Ga., suffered intensely for six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. For ulcers, wounds, burns, boils, pain or piles the best salve in the world. Cure guaranteed. Only 25c. Sold by W L DeLano, druggist.

An Epidemic of Whooping Cough

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for group and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E Clifton, Proprietor, Norwood House, Norwood, N. Y. This remedy is for sale by W L DeLano.

BLUE RIVER ROAD

Substantial Improvements Must Be Made.

A JUST DUTY OF LANE COUNTY.

Eugene is awakening to commerce. The question of building a good and substantial road to the Blue River mining district is being agitated, and before any interest is allowed to cease the funds should be arranged for and the work begun.

A proposition is now on foot to expend the sum of \$5,000 on the road from Eugene to the district. If this is done it should be made into one of the best pieces of road in the county, and one over which the heavy traffic of the district could be safely carried on.

Messrs C M Young and G W Griffin started out today with a paper seeking the encouragement of the business community, and will also present the matter fairly to the board of county commissioners. As stated yesterday the Lane county court has pledged \$5,000 to assist in building a road to the district from Brownsville, and Lane county must act at once or lose thousands of dollars worth of trade. It is believed the business men will assist an enterprise fraught with so much benefit to themselves, and aid in the development of the county.

The Lucky Boy company, which alone and unaided spent about \$7,000 in building six miles of road to its property from the main traveled road, states that it is still out for road building and that if the county court of Lane county and the business men of this city will raise \$4,500 it will add another \$500, making a total of \$5,000 for the improvement.

Keep the trade which by virtue of right belongs to us by building good and substantial highways.

All subscriptions will be published.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

F J CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Worms Attack the Hops.

OREGON CITY, Or., July 25.—Reports today from the farming districts indicate that the army or cut worms are on the increase. W S Hurst, of Aurora, states that in some yards the worms are feeding on leaves of the hop vines, but it is not expected that they will do any damage to the hops, unless they tackle the blossoms later in the season. Farmers report a large yield of hay, and many fields of spring wheat give promise of a good yield.
