D. J. PAINE, President.  
W. W. BROWN, Asst. Cashier.

## CHICAGO WELCOMED BRYAN.

### Thousands Crowded to Greet the Candidate.

## YELLOWSTONE PARK AFIRE.

Special to the GUARD.

CINNEBAR, August 7.—Timber fires are raging furiously throughout the Yellowstone National Park. Outside assistance is necessary to protect government buildings from the flames and to subdue the fire. Loss of life is feared.

## RUSSIANS DOING BUSINESS.

Special to the Guard.

LONDON, August 7.—It is reported that the Russian army detachment defeated the Chinese at Tasi Chow with great slaughter. Three thousand Chinese were killed. The Chinese refuse to surrender the forts at New Chwang, on Russian demand, and the Russians will lay siege to them.

## BRYAN GREETED BY THOUSANDS.

Special to the Guard.

CHICAGO, August 7.—William J. Bryan arrived in Chicago today. He was greeted at the depot by tumultuous cheering of thousands. No speeches were made on the occasion.

Vice-Presidential Stevenson joined the Bryan party, and together they left for Indianapolis this afternoon.

## ROOM PAUL READY TO SURRENDER.

Special to the Guard.

LONDON, August 7.—It is authoritatively reported that President Kruger of the Transvaal is willing to surrender should the British guarantee his personal safety. No conditions will be granted. Unconditional surrender will be exacted of the president who has lost his country.

## WELCOMED HOME.

His Townspeople Turn Out With a Brass Band and Give the Candidate a Good Send Off.

## BLOOMINGTON, Ill., Aug. 4.—

The democratic candidate for vice president, Adlai Stevenson, returned to his native city today. This is his first appearance since his nomination. All the citizens turned out, irrespective of party. They formed a carriage procession headed by a band. Thousands followed on foot to Franklin Park where the welcome was prepared. Mr. Stevenson felicitously replied.

## Narrow Escape.

Salem Journal, August 4: "W. D. McGee, [formerly of Eugene] who is employed by C. A. Whale as an organ and piano agent, was injured in Lane county, Thursday, by going through a bridge. Workmen were repairing a bridge near Drain and a temporary bridge was constructed for use until the main bridge could be repaired and McGee drove over the temporary bridge which collapsed.

"McGee and his outfit were thrown overboard and himself and horse badly bruised up but not seriously injured. The organ and wagon were somewhat demoralized. C. A. Whale went to Drain yesterday and brought his agent to this city and he was taken to his home in Yaw Park where at the last account he was resting easy." It means Douglas county instead of Lane.

## Towne Welcomed Home.

DULUTH, Minn., Aug. 6.—Hon. Chas. A. Towne, who was nominated for Vice President by the Populist party, returned to his home here today. He was royally received by his friends and neighbors, and escorted from the depot to his residence by a procession and brass band. He will remain here only a few days, when he will start for the East to begin campaign work in that section.

To INSPECT ROUTES.—Salem Statesman: "Postmaster Edward Hirsch yesterday received a letter from H. J. Ormsby, postal inspector for the Rural Mail routes, to the effect that the writer would start from his home in Great Falls, Wisconsin, for the coast, here to inspect a number of new routes. He will first stop at Boise, Idaho, where a couple of routes have to be inspected; he will next go to North Yakima, and Frewwater, Washington, and to Gresham, Oregon, after which he will cross to Salem, and begin the active work of inspecting and arranging the mail routes out of Salem." If anything is done at Eugene it should be done without delay. The time is short.

## FOREST FIRE LAW.

### Serious Penalties for Those Who Cause Conflagrations in Oregon.

Now that interest has been aroused in the question of the setting of forest fires in Oregon and Washington mountains, the text of the law will be worth reading. Game and Forestry Warden Quimby is sending out copies of the law as follows:

"Any person maliciously kindling a fire on his own or other land, which shall injure the personal property or wooded timber lands of any other person, shall be punished by a fine not less than \$20 nor more than \$100, or by imprisonment not less than three months nor more than twelve months.

"Kindling a fire without malice on any land without consent of the owner, which shall spread and damage any property or wood or timber land not his own, not less than \$10 nor more than \$100 and costs.

"Entering upon lands of another person for the purpose of hunting or fishing, and without the consent of the owner, kindling any fire thereon, not less than \$10 nor more than \$100.

### MALICIOUS SETTING OF FIRES.

"It kindled maliciously, not less than \$20 nor more than \$250, or by imprisonment not less than three months nor more than twelve months.

"Willfully setting fire to any wooded country or forest, not more than \$1000 or imprisonment not exceeding one year or both.

"Section 21. The said game and forestry warden, or any sheriff, deputy sheriff or constable, may without warrant arrest any person violating any of the statute now or hereafter enacted and in force at the time, for the protection of game, game birds, song birds and forests, or any of them, and take such person before any court having jurisdiction, who shall proceed without delay to hear, try and determine the matter, and give and enter judgment according to the allegations and proofs."

## CHAS. HOLT KILLED.

### Ran Over By a Water Sled at the Wendling Mill

Daily Guard August 6.

A telephone message to the head office of the Booth-Kelly Lumber Co. in this city about noon today from the mill at Wendling brought the news of the accidental death of Chas. Holt, a 15-year-old boy in the employ of the company, and a request for the coroner. Coroner G. W. Griffin started for the scene of the accident at once, accompanied by Dr. W. L. Cheshire.

From information received at the head office of the company it is learned that Holt was found dead some distance from the mill lying under a sled with which he was using to haul water. Holt had been away much longer than usual and some of the other workmen started to look after him. The boy had been in the habit of riding on the front of the sled, and it is presumed that the horse started suddenly, the boy slipped and fell, the sled ran onto his body in which condition it was found.

### DIVIDEND DECLARED.

In the famous Clow milling case, W. C. Washburne, cashier of the Farmers' and Merchants' Bank, receiver, a first dividend of 14 cents per bushel has been declared and is now being paid on storage receipts. Negotiations are now under way with the plaintiffs in the suit whereby the people holding exchange receipts can come in for a share in the distribution of money received from the sale of wheat. The exchange receipts are numerous and held mostly by the poorer class of farmers, who had stored enough wheat to run them in flour until the next harvest.

### TRANSFER OF MILLINERY.

Mrs. J. A. Sibbette, who has conducted a millinery establishment here for a number of years, has purchased the millinery stock of Mrs. Milliron, and is moving into the store occupied by the latter.

### REPORT CONFIRMED.

J. P. Milliron received a letter today from W. U. Lawrence, an old resident of this place, who is now at Cape Nome, Alaska, confirming the report of the death of Mr. Lawrence's brother, Andrew, who was lost off the coast of Alaska, together with a comrade named Speer.

### MAKING LUMBER.—

The Egger saw mill sawed a little lumber today, the first since the disastrous fire. The machinery worked as well as could be expected under the circumstances. In a few days the mill will start up on its regular run.

### LOSS ADJUSTED.—

Geo. F. Crawford, agent for the Alliance Insurance Company received this morning \$135, the adjustment of the loss on the residence of Jerry Beam, recently damaged by fire.

### HOPS.—

The hop yards in Lane county are in fine condition and very green. The hop growers are generally thinking it is useless. Predictions locally are for a two-thirds crop.

## BLUE RIVER ROAD

### COMMITTEE STILL WORKING.

Daily Guard August 7

The work of soliciting for the improvement of the McKenzie River road to the Blue River mining district was continued today, and before it ceases everyone will be given an opportunity to assist in bringing the trade of this rich section to Eugene.

It is not necessary to urge the importance of concerted action and that all participate equally in the profits to accrue. This has already been done time and time again. It now remains to fill up the subscription paper, and get to work on the road.

Those who have placed their names on the paper so far are as follows:

Griffin Hardware Co.	\$100.00
F. L. Chambers	100.00
First National Bank	100.00
Hampton Bros.	100.00
P. Frank & Sons	100.00
J. W. Shumate	100.00
Geo. T. Hall & Son	50.00
Washburn & Son	50.00
Eugene Mill & Elevator Co.	50.00
Eugene Loan & Savings Bank	50.00
F. E. Dunn	50.00
Booth-Kelly Lumber Co.	50.00
J. V. Kaufman	50.00
E. Bangs	50.00
E. H. Ingham	35.00
J. U. Green & Son	35.00
G. N. Frazer	25.00
Sterner & Wright	25.00
W. M. Renshaw	25.00
W. O. Ziegler	25.00
Preston & Hales	20.00
West Bros.	20.00
E. Hanson	15.00

### THE S. P. CO. AT WORK.—

The Southern Pacific Railroad company has been spending a great deal of money improving its main line in Oregon during the past three years, and still has a large force of men employed in ballasting track and strengthening bridges from Grants Pass north as far as Woodburn. The ties now being put down are expected to last 15 years. Old rails are giving place to new 62-pound steel rails on the line between Salem and Woodburn, a distance of 30 miles, the extra heavy traffic in that portion of the valley.

Williamette valley rendering the stronger rails necessary. Eighty cars are kept busy hauling gravel from the company's pits at Myrtle Creek, to be used in ballasting the track north of Roseburg. The grade will be raised several inches, as the new dressing is applied to the roadbed later on.

A good many wooden trestles between Roseburg and Grants Pass have been relieved of responsibility by a filling of decomposed gravel being dumped around them. These new fillings are somewhat more expensive than the timber trestles, but they last longer.

Most of the company's depot grounds have now been treated to a six-inch coating of decomposed quartz from the banks near Merlin.

CAR OF GOATS.—Lee Perkins now has his carload of goats, received Monday from California, at his home on Spencer Creek, about seven miles southwest of Eugene. They are very finely bred and will yield a large quantity of hair.

CABIN BURNED.—J. S. Luckey's cabin, near the Saginaw saw mill, was burned last week. A fire had been set out to burn some slabs by the saw mill hands and it got away from them. Mr. Luckey's damage was about \$50.

BURIED AT TURNER.—Today's Salem Statesman: "The funeral of M. P. Berry, whose death at Eugene was announced in Sunday morning's Statesman, took place in Twin Oak cemetery, at Turner, Sunday.

Religious services were conducted by the pastor of the M. E. church, of Turner, at the home of Mr. N. W. Silver, father of Mrs. Berry, after which the body was given over to Pearl Lodge, A. F. & A. M., of which deceased was a member, for burial. The ceremony at the grave was conducted by Dr. W. T. Williamson, of this city, in a very impressive manner. The Macabee lodge, in which Mr. Berry carried a policy for \$1000, was also in attendance."

NEW YORK YACHT CLUB RACES.  
GLEN COVE, Long Island, N. Y., August 7.—Today the yacht races of the New York Yacht Club are being sailed off this port. The principal event will be sailed this afternoon for the cup offered by Commodore Lewis Cass Ledyard, for the competition of schooners and sloops.

## TO CAN PEARS.

### Eugene Cannery Will Be Operated by the Allen Packing Co.

Saturday's Salem Journal: "C. L. Nieman went south last evening to Eugene, where he will go to work on the cannery there for the Allen Packing Co., of this city. The Eugene cannery will be operated by the Salem firm and a large number of pears have already been engaged.

"L. E. Abby will also go up, probably tomorrow, and the plant will be put in first class shape.

"The cannery here will handle the Bartlett pears from the Wallace orchard.

"The blackberry crop is now receiving the attention of the force."
