## ALLIES TO WINTER IN PEKIN

### Empress Will Return to Capital if Powers Will Protect Her.

#### GALVESTON DEATHS REACH 4754.

Special to the Guard.

GALVESTON, Sept. 20.—The deaths from the hurricane, computed on bodies actually found, have reached 4754.

Other bodies are being found as the debris is cleared away, though in such a state of decomposition as to preclude any thought of identification.

#### DOWAGER TSI AN HOMESICK.

Special to the Guard.

PEKIN, Sept. 20.—Dowager-Empress Tsi An announces that she is willing to return to Pekin with the emperor and the imperial court if the powers will guarantee protection.

#### ALLIES WILL HOLD PEKIN.

Special to the Guard.

PEKIN, Sept. 20.—All indications go to show that the allied powers will not evacuate Pekin at once.

Ten thousand soldiers will be held there for the winter, or until the Chinese government is rehabilitated, and shows that it will protect foreigners and carry out treaty stipulations in good faith.

#### REMEY AND LI HOBNOB.

Special to the Guard.

TAKU, Sept. 20.—Admiral Remey of the United States navy made an official call on Earl Hi Lung Chang yesterday.

#### BRITISH MINISTER LEAVES CHINA.

Special to the Guard.

SHANGHAI, Sept. 20.—The British minister to China, Sir Claude McDonald, has left China and gone to Tokio, Japan.

McDonald urged severe measures in dealing with China and it is not thought that the solution of the difficulties that beset the Chinese situation can be best solved through him.

#### FILIPINOS STILL FIGHT.

Special to the Guard.

WASHINGTON, Sept. 20.—General McArthur reports an engagement with the Filipinos at Navilac.

Of the Americans engaged there was a thirty-three per cent loss in killed and wounded.

#### STATE FAIR ATTENDANCE.

Special to the Guard.

SALEM, Sept. 19.—The State Fair continues to have a very large attendance notwithstanding the unpleasant and threatening weather.

#### NO COMPROMISE ON STRIKE.

Special to the Guard.

PHILADELPHIA, Sept. 19.—Coal mine owners have organized and are working together in the strike.

They declare that there will be no compromise and that they will fight the United Mine Workers organization to a finish.

#### KRUGER LEAVES HIS COUNTRY.

Special to the GUARD.

THE HAGUE (Holland), Sept. 19.—Oom Paul Kruger accepts the offer of a government war vessel for an escort to Holland.

#### DEMAND ON THE SULTAN.

Special to the GUARD.

CONSTANTINOPLE, Sept. 19.—Our diplomatic representative has made a demand on the Sultan for the release of an American citizen held as an Armenian sympathizer.

#### EDICT SUPPRESSED BOXERS.

Special to the GUARD.

SHANGHAI, Sept. 19.—The Chinese government has issued an imperial edict commanding Chinese commanders to speedily suppress the Boxers under penalty of loss of favor for failure thereof.

#### BRYAN GIVES HOAR A DIG.

Special to the GUARD.

LEAVENWORTH, Kansas, Sept. 19.—In his speech today Bryan declared that he could stand Hanna's criticism if Senator Hoar of Massachusetts could endure the praise of such a self-confessed political corruptionist.

#### HOME FOR BURIAL.

Special to the GUARD.

Will Debate Hanna if He is to Be President.

LEAVENWORTH, Kansas, Sept. 19.—The attention of Wm J. Bryan has been brought to a statement made by Senator Mark Hanna that he was willing to "debate the Philippine question with Bryan or any other man." The presidential candidate says:

"No challenge has been received, and I would not accept it if it was. While I would be glad to debate public questions with the republican candidate for the presidency, I would not be willing to debate with one whose responsibility is less than my own. If I am elected I shall be president. If the republican committee will certify that Mr Hanna is to be president in case of republican success, I shall willingly meet him in joint debate."

Storm at Cape Nome.

SEATTLE, Sept. 20.—The steamer St. Paul brings full advices of the terrible havoc wrought at Nome by the recent storm. Seven vessels were either wrecked or blown on the beach. In addition, many members of tents and buildings situated on the beach were entirely swept away. The Alaska Commercial Company's wharf is a mass of wreckage.

## A New Safety Match.

A match has at last been discovered which can be manufactured absolutely without the aid of phosphorus. This safety match contains neither red or yellow phosphorus, but possesses the great advantage of being able to be manufactured with the plant and machinery hitherto in use. Invention still resides onward through every line, and yet there are some things which seem impervious to improvement. For instance, Hostetter's Stomach Bitters, that famous medicine, has stood unequalled for fifty years as a corrective of stomach disorders. Imitations have sprung up about it, but like a beacon light, it has stood immovable, pointing the way to health from all such ailments as constipation, indigestion, dyspepsia, biliousness, sluggish liver or weak kidneys.

## Hops Down the Valley.

INDEPENDENCE, Sept. 19.—Owing to the continued heavy rains of the past three days pickers, that is, campers, have been leaving the hopyards by the wagon load, going home where they can get dry again.

The rainfall here has been something serious, and the damage to the hop crop, which has not yet been all gathered, is going to prove serious. All the smaller yards have been finished, but the larger ones are only about one-half picked. Mould and lice are said to have appeared in the hops across the river from here, but as yet the yards herabouts are free from both these pests.

## A COLLAPSE.

Messrs. Densmore & Fuller, who have had a contract from the city of Eugene for 3000 yards of crushed rock at 80 cents per yard delivered upon the streets of Eugene, after furnishing about 1200 yards of rock, last Tuesday concluded to shut down as they were losing money daily. The firm has paid out all the money received and still owe their men quite a sum in the aggregate. They gave bonds to fulfil the contract in the sum of \$1,000 with A. E. Wheeler and Mrs. Densmore as bondsmen. The city needs more of the crushed rock. They have not determined upon what action they will take in getting it yet.

## SPECIAL SCHOOL MEETING.

At a special meeting of the board of directors of school district No. 4 held this afternoon W. T. Gordon, principal of the Harrison schools last year, was elected to the vacancy caused by the promotion of Miss Ida Patterson to the principalship of the Central school held by C. L. Scott, who recently resigned to take a position in the First National bank.

## BRUTAL WIFE MURDER.

Aftermath of the Horrible Fair West of Junction.

Daily Guard September 19

Coroner Griffin held an inquest over the bodies of Lena and Herman Petersdorf yesterday afternoon.

The testimony was about the same as published in last night's GUARD. The following additional facts were brought out:

That Petersdorf had given as a reason for killing his wife that her little girl had told him that her mother had poisoned his tea and for him not to drink it. It was also shown that Petersdorf had been considered mentally unbalanced for two or three years, he having on various occasions awakened the neighbors at unseasonable hours to tell them his troubles. He lived upon a small farm on which there was considerable debt.

In the room where the body of Petersdorf lay sat a pail of water and near by was a cup. A cork with some crystals upon it indicated strychnine, as did the water in the cup. A further search of the house brought forth a small vial, and Dr. Lee, of Junction, gave it as his opinion that strychnine had done the work for Petersdorf. The woman was about 35 years old and Petersdorf between 35 and 40.

## CORONER'S VERDICT.

After considering the testimony the coroner's jury returned the following verdict:

We, the coroner's jury, duly impaneled, after examining the witnesses duly sworn and after examining the bodies, find that Lena Petersdorf was killed by the hand of Herman Petersdorf, her husband, on the 17th of September, A. D. 1900, at her home six miles west of Junction City, in Lane county, Oregon. We find further that Herman Petersdorf came to his death by means of poison taken with suicidal intent at his home six miles west of Junction City, on the 18th day of September, A. D. 1900.

J. J. WINN, Foreman,  
H. W. WILLIAMS,  
J. C. BAKER,  
J. D. COX,  
EMERY HERREN,  
A. L. COON.

Sheriff Withers and Deputy District Attorney Harris returned from Junction last evening by private conveyance, the sheriff bringing with him the blood-stained blade with which Petersdorf trained his wife. Coroner Griffin returned on the morning overland.

## ACCIDENTALLY KILLED.

David Galley Met Death While Logging at Glentena.

GLENTENA, Or, Sept 19, 1900.

EDITOR GUARD:—David Galley was killed this morning while sawing sawlogs. It seems that after cutting the log off, in some manner it rolled down and caught him, killing him almost instantly, as he lived only about 15 minutes after the accident. The body will be taken to Eugene today and there await instructions from his relatives in the East.

## A MURKIN.

The body of the unfortunate man was brought here this morning at 7 o'clock and was placed in the undertaking parlors of Day & Henderson to await telegraphic advices from relatives in the East as to its disposal.

It appears that the young man was helping saw a log on a hillside and was repeatedly warned to let the man on the upper side complete the sawing, but only at the last minute agreed to this, but it was too late, as the log gave away, crushing him against another log. He was highly respected by all who knew him; was 27 years of age and unmarried. He was a nephew of Mrs. Henry Spores, of Mohawk, has an uncle at Spokane, and brothers and sisters in the East.

He was a partner in a logging contract with the Messrs. Southerland, who have 2,000,000 feet of logs ready to be placed in the river. The deceased had intended coming here and taking out a donkey engine he had purchased to do the work.

## No Right to Ugliness.

The woman who is lovely in face form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, skin eruptions, blotches and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at W. L. DeLano's drug store.

A POPULAR SPEAKER.—The Portland Telegram, republican, said yesterday: "For over three hours Hon. Charles A. Towne addressed about 2000 people at the Metropolitan opera house last evening. After speaking two hours and a half, he stopped, but was urged to continue and he complied, although with a husky voice. Not a single seat in the theater was empty, the stage was a mass of humanity, and hundreds of people stood in the aisles to listen to the arguments on finance, trusts and imperialism."

### STREET RAILWAY QUESTION.

Mr. Dennis Concludes to Surrender to the City.

Daily Guard September 20

From W. B. Dennis' interview in the GUARD last evening, it looked as if he intended fighting the city "to a finish" over removing his street railway track. This morning his entire demeanor had undergone a change. He surrendered.

The only cost to the city of removing the historic mule car line will be \$4 or \$5 for hauling some rails placed on the city's yard to the Halden lot.

Mr. Dennis called at the GUARD office this afternoon and stated that the city council had treated him badly; that the mayor had treated him as a man should be treated. He said he came to the conclusion that he could not afford to quarrel over such a small matter. He said also that he had been influenced to a great extent by Mayor Harris in settling the matter. He hated to have the city sue for damages when the voters were not responsible, but would willingly see the conclusion sued for damages if it were possible, but he found it was not.

Thus ends the whole matter.

### A WONDERFUL CURE OF DIARRHOEA.

A Prominent Virginia Editor Had Almost Given Up, But Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL.

From the Times, Hillsville, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I spent much time and money and suffered so much misery that I had almost decided to give up all hope of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. MOORE.

### GUNS THAT KILL.

A Eugene Firm Has Received a Lot from Belgium.

We have just received direct from Belgium a big stock of double-barreled shotguns. These guns were ordered last February. We bought them direct. Knocked all the middle men out. We will sell them cheap. Come and see them; see if they are not the greatest bargains you ever saw, or ever heard of. In fact it is amazing how we can sell these fine guns so cheap.

One man killed 35 diffent squirrels out of 75 shots with one of these guns, another killed a pheasant at 75 yards with number 8 shot. Another killed a big black bear with number 4 shot. We hear good reports from all over the country about our guns. You may just as well as not have one.

Look at these prices and consider that they are double-barreled breech loading guns, the far-killing kind: \$10.50, \$12.50, \$13.50, \$14.50, \$16.00 and \$17.00 and on up. Single barrel guns \$6.75, \$7.50 and \$9.00. We have also just received from eastern manufacturers a fine stock of Marlin and Winchester rifles and shotguns.

All our rifles are sighted correct. One man shot at a deer three times in two seconds, three-quarters of a mile, and hit it each time. You get good guns of us and you get them cheap. Biggest stock in the Northwest.

BARKER GUNS WORKS, Ninth Street, Eugene, Oregon.

### His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50 cents and \$1.00. Trial bottles free at W. L. DeLano's drug store. Every bottle guaranteed.

### TAXPAYERS TAKE NOTICE.

It has been the custom and the requirement of the law for the sheriff of the county to place notices of sale for delinquent taxes on the property of the delinquent taxpayer, but owing to the passage of a law at the last session of the legislature repealing this requirement, there will be no levy made on the property of taxpayers by placing notices of sale for taxes on the property. Hereafter there will be a certificate of levy filed with the county clerk in accordance with the requirement of the new law, and the customary notices of sale of property for delinquent taxes will be published in one of the county papers, beyond that there will be no further notice given to the delinquent taxpayer.
