ELECTION FORECAST

GIVES BRYAN 320 VOTES OUT OF 447.

GERMANY ISSUES ANOTHER NOTE

Special to the Guard.

CHICAGO, Oct. 4.—Information is being received daily at democratic national headquarters in this city, and it is of the most satisfying character to the supporters of Bryan.

On the basis of information at hand today the managers gave out the following forecast of the election: Bryan, 320 electoral votes.

McKinley, 94 electoral votes. Doubtful 33 votes—Michigan, Minnesota and New Jersey.

CHINESE SETTLEMENT.

Special to the Guard.

BERLIN, Oct. 4.—Germany has issued a second note on the settlement of the Chinese difficulty. The United States, by accepting, will establish a complete unity of purposes.

AMERICANS PROTEST.

Special to the Guard.

TIEN TSIN, Oct. 4.—American residents of this city have protested against the withdrawal of American troops from China.

HOLDING FOR A RISE.

Marion County Hopgrowers Apparently in No Haste to Sell.

WOODBURN, Oct. 3.—Most of the hopgrowers are holding onto their hops until the market reaches 15 cents, and even then there will be some who will not let go with the expectation of realizing more, but the majority will be sold at that figure. That 15 cents will offer as soon as is very probable.

Water was turned into the pipes of the new water works system for the first time yesterday.

Walter L. Tooz, postmaster of Woodburn, and well known throughout the state, who has been confined to the house with typhoid fever, is much better and on the road to recovery.

Hops Bring 14 1/2 Cents.

OREGON CITY, Oct. 3.—The news comes from Marquam today that J. A. and Thomas Riddings had sold about 20,000 pounds of hops to H. J. Miller, of Aurora, for 14 1/2 cents per pound. A considerable number of growers are holding for an advance to 20 cents per pound, while others are awaiting reports on hop samples sent East and to London. The excellent quality of hops this season gives growers a hope of eventually getting top prices, although some are avoiding the risk of holding while good prices prevail, believing it safer to profit by the experience of past years.

Judge Beebe for Bryan.

MONTICELLO, N. Y., Oct. 3.—Judge George M. Beebe, of Monticello, has announced himself for Bryan. In 1896 he supported Palmer and Buckner. This year he believes imperialism is the paramount issue. The judge has represented the county in the Assembly and this district in Congress, and for the past 15 years has been a judge of the court of claims. He is one of the best speakers in the state and will offer his services to the state committee.

Where Harrison Will Speak.

NEW YORK, Oct. 3.—It is announced tonight that ex-President Benjamin Harrison has decided he will not speak in New York state, neither will he give out an interview while here, but he will make a speech in Indiana the last week of the campaign.

Godwin Attacks the President.

NEW YORK, Oct. 4.—E. L. Godwin is out with a fierce attack on McKinley, asserting in a letter in the Evening Post that the president has done everything that might lead up to a coup. He says: "To tell me such a man as McKinley is fit for the presidency because his non election will cause a fall in stocks, strikes me as ridiculous. It is the old argument by which Napoleon III justified his coup."

ABOUT A DOG.—Andy Taylor and H. E. Schwering, two well known barbers of this city are not able to determine to the mutual satisfaction of both, which one owns a certain Irish pointer dog. The animal, which had been in the possession of Schwering was turned over to Taylor on a writ of replevin, and marched back to Schwering again upon his having a re-writ served. The process of law has kept Marshal Brady and the Irish pointer on their ornate rather regular, Justice Wintermeier will hear the case in chambers next Monday.

A CAR FAMINE

The Lumber Business Too Much for the S. P. R. R.

THE COBURG MILL.

Special to the Guard.

PORTLAND, Or., Oct. 4.—The S. P. Co. in Oregon are having a hard time to handle their freight. A lack of motive power and of cars is the reason of this condition. It is said that there is fully 300 loaded cars on side tracks between Portland and Ashland, not moving on account of lack of motive power; besides the shippers from all points are demanding cars and cannot obtain them.

The lumber business is directly the cause of this condition and it is said the mills are fighting to obtain cars. All freight trains are loaded too heavy for the motive power and occasionally a passenger train comes up to a "stuck" freight and pushes them over the hill. There does not seem to be any immediate relief from this condition.

COBURG MAY BE COMPELLED TO SHUT DOWN.

Special to the Guard.

COBURG, Or., Oct. 4.—The Booth-Kelly Lumber Co here cannot obtain cars. They have had to cancel a large order on account of a scarcity of cars, and now have the yard piled up nearly to its capacity. Should cars not be obtained at once this mill will have to close till the car famine is over.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy, and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by W. L. DeLano.

FIFTEEN CENTS PAID.

A Polk County Grower Seils His Crop of Hops.

SALEM, Oct. 3.—Fifteen cents a pound for Oregon hops has been paid, and the market is slowly but surely advancing. John Munson, living near Dallas, sold his entire crop of hops to Abe Uglov, a local dealer, this week. The price paid was 15 cents a pound for one lot, and 14 cents for another lot, there being a slight difference in the quality. This report was yesterday brought to Salem by residents of Dallas, and is authentic.

P. K. Johnson, of Mt. Angel, yesterday sold his crop of hops, consisting of 160 bales, to A. Wolf & Son, of Silverton, the price secured being 14 cents a pound. Mr. Johnson had a splendid crop of a choice quality.

It is reported that several Marion county growers have been offered 15 cents for their growth, but they refused the offer, being certain that the market will advance still higher, and give the growers a better price for their product.

Many of the local dealers are now going out among the growers to secure samples, and in a short time orders will begin to come from Eastern houses—brokers and dealers—for the Oregon hops.

Land Office Receipts.

SALEM, Oct. 3.—M. L. Chamberlain, clerk of the State Land Board, has filed his report of the receipts of that office for the month of September, as follows: School Fund Principal, \$10,930.85; School Fund Interest, 1,762.14; Swamp Land Fund, 156.21. \$12,849.20

The land board today approved of 25 applications for school fund loans, amounting to \$24,175. Three farms were sold by the board today; one for \$7,700 in Polk county; one for \$3975.45 in Clackamas county; and one for \$350 in Morrow county.

A Life and Death Fight.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after exposure induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I begged to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even if it cost \$5.00 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1.00. Trial bottles free at W. L. DeLano's drug store.

Big Rush Predicted.

VICTORIA, B. C., Oct. 3.—Provincial Mineralogist Rogers, who returned today from Porcupine, reports rich finds of gold in that district and predicts a big rush there. Already there a number of men in that district. Fifty-five claims were staked on Bar and Clear creeks in one day. Good reports also come from the headwaters of Stewart's River, where 25 cents a pan is being taken out.

TOO MUCH NOME.

T. C. Powell Returns a Sadder But Wiser Man

Portland Telegram.

T. C. Powell, ex county clerk, has returned from Nome a sadder, but wiser man. He found the glitter of gold that looked so attractive at a distance, an elusive phantom, and is glad to get back to civilization. He paid for his experience.

Mr. Powell reports that but few of the Portlanders in the frozen North are making any progress in the search for wealth. The large majority are disappointed and nearly all will be back as soon as they can get away. Mr. Powell is well known in Eugene, being a graduate of the University of Oregon.

Glorious News.

Comes from D. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of a colic, which had caused her great suffering for years. Terrible sores would break out on her head and face and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates the liver, kidneys and bowels, expels poisons, helps digestion and builds up the strength. Only 50 cents. Sold by W. L. DeLano, druggist. Guaranteed.

President Kruger.

NEW YORK, Oct. 3.—A despatch to the Journal & Advertiser from Lourenco Marques, says: The restrictions around Kruger are increasing and he is virtually a prisoner. He has been allowed to use the Portuguese governor's carriage. While driving yesterday he met a party of burghers and made them a patriotic speech. The governor has now refused the use of the carriage. Kruger has been warned to make no more speeches and is forbidden to wear the green sash that is the insignia of his office. Kruger expects to sail on a Dutch cruiser for Holland next week.
