They Are Deserting Mr. McKinley.

Two press dispatches from the East:

MONTICELLO, N. Y.—George Waller, who was for eight years editor and proprietor of the Sullivan County Republican, the official organ of that party in the county, has decided to support Bryan.

In the Monticello Watchman, Mr Waller gives his reasons for refusing to support McKinley. He is a good speaker and will devote his time from now until election to the task of showing that trusts and imperialism must be destroyed at the ballot box if the country would thrive.

CHARLESTON, W. Va.—Joseph Beury, a wealthy coal operator, whose home and business interests are along the Kanawha river, in Fayette county, was nominated by the republicans for presidential elector. Since his nomination Mr Beury has taken no part in the campaign, and has made no contributions to the committee. No one, however, was prepared for the announcement that he will vote a straight democratic ticket this fall. Mr Beury is a large employer of labor and his influence is great.

Georgia Showers.

The Georgia shower is a peculiar one, and sometimes a single day has a score of them. It is on you before you know it. For a few moments the lightning flashes, the thunder rolls and the rain falls, and it is apt to cease as suddenly. Out comes the sun again as smiling and serene as though no great damage had been done to the crops. There is something else that comes on one unawares, and that is dyspepsia. Many people have suffered years from this complaint, because they have allowed indigestion, constipation and biliousness to become chronic. Hostetter's Stomach Bitters should be taken at the first sign of indigestion. It will strengthen your stomach and produce sound sleep and good health must naturally follow.

TERRIBLE OREGON CRIME.

Jefferson School Janitor Brained Young Girl With Axe in Schoolhouse Basement.

EARLY END OF STRIKE EXPECTED.

Special to the Guard
HAZLETON, Pa., October 23.—Representatives of the United Mine Workers announce that an early end of the strike is expected.

President Mitchell refuses to be interviewed and remains non-committal.

CHINESE REBELS FIND FAVOR.

Special to the Guard
HONGKONG, October 23.—Chinese refugees from the interior of China say that the rebels are welcomed everywhere.

CHINESE HARBOR LEASED.

Special to the Guard
LONDON, October 23.—The British government has leased another Chinese harbor, the location of which is not definitely stated. Preparations are being made for the shipment and landing of men and stores at the new acquisition.

EXPANSION IN THE GULF.

Special to the Guard
WASHINGTON, October 23.—Denmark has been notified by the Secretary of State that the United States is ready to negotiate for the purchase of the Danish West India Islands.

Some time since Denmark gave the United States intimation that she wished to dispose of her West India Islands' holdings, Santa Cruz, St Thomas and St John, containing an aggregate of 223 square miles and a population of 33,763.

These islands have proved expensive luxuries for Denmark, and she is only too willing to part with them for ready cash.

CHINESE FOREIGN OFFICE.

Special to the Guard
WASHINGTON, October 23.—Minister Conger has been instructed by the United States government to demand of China the abolition of the Tsun Li Yamen, the Chinese office of foreign affairs, also the appointment of ministers to foreign countries who speak some European language.

TERRIBLE MARION COUNTY CRIME.

Special to the Guard
JEFFERSON, Or., October 23.—A terrible crime was committed in the basement of the Jefferson public school building today.

Clyde Vaughn, janitor of the building, for some cause became deeply incensed at the young daughter of the Widow Jones and struck her on the head with the back of a chopping axe, the wound reaching and lacerating the brain.

The girl is unconscious and cannot live. Vaughn disappeared at once. Men are scouring the neighborhood in search of the assailant, and it will probably require no court if he is captured.

LOOKS FOR A LANDSLIDE.

Chairman C. C. Hughes Says He Is Justified in Claiming New York by 125,000.

New York Journal.
"Fully thirty thousand republicans Greater New York will vote for Bryan. And that is why I calculate that he will have at least 125,000 plurality below the Bronx," said Chairman C. C. Hughes, of the Anti-Imperialist League yesterday.

"We have on our lists the names of the majority of these republicans. We have ascertained their sentiment through a most systematic canvass of practically every one of the election districts. We have found that the millions of documents we have sent out have had their effect. Thousands of republicans have testified to this over their own signatures. I expect to see a landslide for Bryan in this state," added Mr. Hughes.

Big Crop in Iowa.

DES MOINES, Ia., Oct. 22.—The crop this year is a wonderful one. Official estimates give the following figures: Corn area, 8,618,560 acres; averaging 41 bushels per acre; total product, 355,365,000 bushels, or 18,000,000 more than was ever harvested in the state in one year. The total of all cereals will be 524,349,000 bushels, which is 10,000,000 bushels in excess of any previous year, and 131,000,000 above the average yearly output for the past 10 years.

ANTI-IMPERIALIST ADDRESS.

Urges All Independent Voters to Support Bryan.

CHICAGO, Oct. 21.—The anti-imperialist league issued an address tonight to "All independent voters of the United States," asking them to support W. J. Bryan for president. Among the names of those attached to the document are those of George S. Boutwell, Boston; D. H. Chamberlain, Massachusetts, former governor of South Carolina; Joseph S. Fowler, Washington, D. C., ex-United States senator; Edwin L. Godkin, New York; William Lloyd Garrison, Boston; Judson Harmon, Cincinnati, ex-attorney-general; Bishop F. D. Huntington, Syracuse, N. Y.; Thomas Wentworth Higginson, Boston; ex-Congressman Henry U. Johnson, of Indiana; William R. Lord, Portland, Oregon; Charles Elliott Norton, Harvard University; Franklin Pierce, New York; Arthur Latham Perry, Williams College; Edward M. Shepard, New York; Morfield Storey, Boston; Edwin F. Uhl, Grand Rapids, Mich.; John J. Valentine, president of Wells-Fargo Express Company; United States Senator Geo. L. Wellington, Maryland, and ex-Congressman John DeWitt Warner, New York. The address says:

"We regard with profound apprehension the course of the present administration in Porto Rico and the Philippines. Our prior acquisitions were of adjacent territory, extension of area of constitutional government and creation of new states of the union. We made their few inhabitants citizens, our people settled them; we there established the institutions of freedom. For the first time in our history it is now proposed that the president and congress shall rule vast territories and millions of men outside of our constitutional system. Officials sworn to support the constitution and deriving all their powers therefrom have acquired colonies and assumed arbitrary authority to govern their inhabitants without consent and to tax them without representation. This policy offers to the people of Porto Rico and the Philippines no hope of independence, no prospect of American citizenship; no representation in the congress which taxes them. This is the government of men by arbitrary power; this imperialism.

"We believe it is the first duty of the American people to stamp with their disapproval doctrines so hostile to liberty and dangerous to constitutional government. If they are to remain free, and their government is to continue representative, their servants must not have or exercise any but constitutional powers. Between the claim of freedom that all men are entitled to equal political rights, and the dogma of tyranny that might makes right, there is no middle ground.

"We have not prior to this year supported the candidacy of Mr. Bryan. We do not now concur in certain of his views on minor issues. Yet his position on the supreme issue of the present campaign is so sound and his advocacy of it has been so able and courageous that we now favor his election as the most effective way of showing disapproval of Mr. McKinley's course. Without claiming any special political influence we unite for what our example may be worth to our fellow citizens in this statement of proposed action in the presence of a greater danger than we have encountered since the Pilgrims landed at Plymouth—the danger that we are to be transformed from a republic founded on the Declaration of Independence, into a vulgar commonplace empire founded on physical force.

"We invite the co-operation of all independent voters to avert this great and impending danger."

IN A STOVE.

Hardware Man Hid \$1,000 and His Wife Sold the Stove.

ALTON, Ill., Oct. 22.—H. E. Hoffman, a hardware merchant of this city, has no money to turn. He had \$1,000 in a stove in his store for safe keeping, and while away his wife sold the stove. When the merchant returned his wife proudly informed him that she had sold the stove at a handsome profit. He became greatly agitated and learning the name of the purchaser hurried out of the house without a word of explanation.

The purchaser had just built a roaring fire in the stove when he arrived. He explained matters and water was poured into it. The remains of some of the bills were found in the ashes. They were turned over to a bank and forwarded to Washington for redemption.

Mr. Pierce at Medford.

MEDFORD, Or., Oct. 23.—Hon. W. M. Pierce, of Unstilla county, spoke here last night to a crowded house. His address was mainly on the general policy of the democratic party. He was frequently applauded and his speech was well received.

A BIG BUSINESS.—Albany Democrat:

"Mr. Hammond complains of not being able to do anything with his Oregon properties until common point rates are secured. They certainly ought to be guaranteed. At the same time the large number of cars of lumber which the Booth-Kelley Co. is sending through here for different points all over the coast, many loads going into Colorado, Utah and Nevada, would indicate there is big business here anyway."

Daily Guard October 23

AT THE UNIVERSITY.—CONGRESSMAN THOS. H. TONGUE visited the University of Oregon this morning, and addressed the students at assembly. He is well pleased with the progress of the state classical school, and under its present management anticipates for it renewed activity and usefulness. Mayor T. W. Harris, Regent S. H. Friendly, Senator R. A. Booth and Hon. J. H. McClung accompanied him on the visit.

PLANE BROKEN.—The Booth-Kelley Lumber Co. had the misfortune to break their big planer at the Coburg mills on Saturday. The broken parts were shipped to Albany for repairs on Monday. Meantime the lumber shipments from the Coburg mills will be limited till the planer is repaired.

TWO CARS OF APPLES.—T. N. Segar shipped two cars of apples Tuesday, and 131,000 above the average yearly output for the past 10 years.

HOPS COMING UP.

251 Bales of 1899 Hops Sold for 10 Cents Per Pound.

The hop market is very strong, and it looks like they might soar as Dealer Ottenheimer, of Salem, predicts.

OLD HOPS SOLD.
This forenoon Ben Owen sold 171 bales of 1899 hops to Huchman & Schucking, of Portland, for 10 cents per pound, and J. R. Lyles sold 110 bales of like hops to the same firm for the price named. These hops could not have been sold for over five cents at any time during the 1899 season.

We also understand that the 300 bales of 1899 hops belonging to J. W. Owen were sold last week for good prices to the same firm.

There are about 400 bales of old hops still here unsold.

Very Good Logic.

Extract from a Portland Telegram article on election bets:

"Bets were offered Will R. King, populist secretary of the Bryan state central committee, by United States Marshal Zeo Houser. King replied that if Bryan was elected he'd feel good enough without Houser's money, and if Bryan was defeated he'd feel sore enough without having to pay besides. So the former candidate for governor did not bet."

A HOT RECEPTION.

Mark Hanna Attempts to Speak at the Chicago Stock Yards.

Mark Hanna recently made a speech in Chicago, or rather tried to, but was obliged to give it up. It was in the stock yard part of the city and he got more than he bargained for. Here are some of the questions he was asked: "How did you get your money?" "I earned every dollar of it by honest labor," answered the liar. "No sir," yelled a man, "you made it off labor and through the trusts you have formed."

"How about the coal miners?" Upon his answering that the strike would be lifted the men cried from all parts of the house that the 10 per cent rate had been made to coerce the miners to vote for McKinley.

"Every dollar I ever had I—" began Hanna, and the crowd yelled "stole!"

"How about the seamen you threw out of jobs?"

"You're a scab," shouted a man. "You're another," responded Hanna. "How about Hay?" said a man. "How about straw?" answered Hanna. "Why did congress turn down the Boers?"

"Get off the earth." "Throw Hanna out." "Did the democrats give you the gold?" etc, which was too much for the greatest boss in the history of the world, and he retired.

Albany Holdups.

Albany has no street lights owing to failure of city council and electric light company to agree on terms. A Monday dispatch says:

Several hold-ups have been reported lately, and more may be expected unless the city will arrange for street lights. Many of the Albany business people every night in the evening, and unless street lights are started people will be afraid to venture away from their homes in the evening unless they carry lanterns. There is some misunderstanding between the light company and the city, but it is hoped that satisfactory arrangements may be made pretty soon, so that the streets will be lighted.

FLAX FIBER FACTORY.—Capitalists are in the city interviewing the business men with a view to securing the assistance of local capital to build and equip a flax fiber factory. A meeting will probably be called soon.

FOREST RESERVE ROAD.—We understand that Congressman Tongue thinks that it would be impossible to prevail upon congress to appropriate money to construct a wagon road in the forest reserve.

A match factory has been established at Marshfield, Coos Bay, with the latest improved machinery, capable of turning out 2000 cases a month. Fifteen hands are employed. The timber used by San Francisco factories is mainly shipped from Coos Bay.

Albany Democrat, October 22: Mr. Alex Brandon, one of Linn county's best known pioneer farmers, this afternoon was committed to the asylum. This was the result of a kick in the head four or five years ago, from the effects of which he never recovered. His head is filled with imaginary family wrongs. Mr. Brandon's misfortune is generally regretted.
