THE CAPE SITUATION

British Authorities Actively Preparing for Defense.

GUNS LANDED FROM THE MONARCH

Invading Columns Are Still Marching Southward—Kitchener's Conference With Burghers Removes Anxiety.

London, Jan. 5.—Advices from Cape Town this morning are more hopeful, owing to the active recruiting of local forces in all quarters, and a better feeling prevails in London, based upon the prospect of Lord Roberts taking the reins at the war office.

From Sydney, N. S. W., it is reported that there is quite a rash of men there anxious to join the new contingents, 5,000 having volunteered. The reports of Lord Kitchener's conference with the burghers also tends to remove anxiety. According to the Daily Express, Lord Kitchener has warned the mine owners that they must not count upon military protection.

There is an unconfirmed report from Cape Town that fighting has occurred 50 miles north of Matielonsteins.

Preparations at Cape Town.

Cape Town, Jan. 5.—The military authorities are providing for all contingencies. It has been decided to transfer the Boer prisoners from the camps to transports.

Farmers coming in from Carnarvon describe the Boers as traveling in parallel columns, with numerous flanking parties sweeping the country on horses, plundering loafers and carrying off everything edible. It appears that they are accompanied by strings of packhorses lightly loaded. Colesberg telegraphs that Kritzinger's commando is crossing the Middelberg district, but is getting few if any recruits.

Here in Cape Town, such business men as are unable to leave are organizing a town guard, composed of the leading citizens. The commercial companies have asked the mayor to call a mass meeting to urge the government to suppress district newspapers and to proclaim martial law.

The British battleship Monarch today landed men and guns to relieve the troops for service northward. It is believed that the guns will be sent up the coast.

Five hundred citizens enlisted today. It is hoped that the first batch of mounted men will leave within three days for Worcester. They are to hold the passes of the Hex river to protect the railway tunnel. The organization is rough and ready, and not troubled much with drill or special uniforms. Horses are scarce. Six thousand five hundred South African irregulars have been recruited during the last eight weeks.

The Boers in the Transvaal have been exceedingly active for the last week or so, daily attacking trains, convoys and isolated posts. In most instances they have been repulsed, and the railways are now working more regularly.

A commando is supposed to be in the mountains dividing Middelberg and Graaf Reinet, but cannot be exactly located. The invaders in the west, who are expected at Fraserburg today, have altered their course and are now moving in the direction of Williston, to the northwest. The British have occupied Fraserburg.

GEORGIA NEGRO LYNCHED.

Judge Refused to Protect Him and Mob Strung Him Up.

Rome, Ga., Jan. 5.—George Reed, a negro, charged with an attempted assault upon Mrs. J. M. Locklear, of this city, last night, was hanged to a tree today, after which his body was riddled with bullets by a mob of 150 men. Reed protested his innocence. Much excitement prevailed throughout the day before the hanging. After his arrest this morning, the negro was taken before Mrs. Locklear, but she failed to identify him, and he was referred to jail. However, the mob which had been seeking the prisoner's life apparently was not satisfied. The demonstrations were so pronounced that Judge Henry, of the superior court, not seeing any reason for holding Reed and leaving an attack on the jail, ordered the sheriff to release him. The mob, after the release, formed within the city limits and marched to the house of Lila Glover, in North Rome. Here they found Reed. He was taken three miles from this place before being lynched. Mrs. Locklear's condition is serious.

A Newport Bank Arrest.

Newport, Ky., Jan. 5.—E. C. Remme, late cashier of the German National bank, was today arrested on an affidavit of Bank Examiner Tucker, charging him with aiding Assistant Cashier Brown in the embezzlement of the bank's funds. He was held in \$20,000 bonds.

Coal Train Wrecked.

Niles, O., Jan. 5.—A coal train on the Niles & Lisbon road was wrecked last night, killing Charles Frack and seriously injuring Fireman William Klein and Brakeman Garfield Powers. The train was descending a steep grade when a farmer attempted to cross the tracks with a wagon loaded with hogs. The engine struck it and with six cars went down an embankment. The engine was buried under the debris. The farmer escaped.

Kruger Is Sick.

The Hague, Jan. 5.—Mr. Kruger is suffering from a slight attack of bronchitis. While there is no anxiety as to his condition, he is obliged to keep to his bed. Drs. Heymans, Van Kuyven and Coort today issued the following bulletin: "Mr. Kruger has for some days been suffering from a recurrence of bronchitis, which, in view of his age and the effects of this climate, makes it necessary for him to be more than ordinarily careful."

UPRISING OF DUTCH.

Situation in Cape Colony Takes a Serious Turn—Boers Half Way to the Cape.

Cape Town, Jan. 4.—The British battleship Monarch will land guns tomorrow as a precautionary measure. The situation is serious. It is true that the Dutch have not joined the invaders in any considerable numbers, but a lack of arms is believed to be the true reason for abstention. In many places horses are freely offered and information readily supplied to the Boers.

The early proclamation of martial law in the Cape Town division is expected. The division does not include Cape Town itself.

The latest reports show the situation to be generally as follows: Krugman, if still uninvited, probably soon will be.

Grigueland West is filled with small parties of Boers, who are working south toward Priesak for the purpose of co-operating with or supporting Commandant Hertzog, whose advance parties are in the neighborhood of Fraserburg.

The Boers are close to Graaf Reinet, where of late the Dutch have given many demonstrations of extreme sympathy. In the eastern part of the colony the advance guard of the Boers is close to Mariesburg, about 25 miles north-west of Cradock.

The general opinion here is that the position is not properly appreciated in England. The Worcester conference excited the Dutch throughout the colony. Many aid residents, who are by no means alarmists, regard a general uprising of the Dutch as quite likely.

UNFORTUNATE VENEZUELA.

One Revolution Terminates and Two More Break Out.

Caracas, Venezuela, Jan. 4.—The revolution has ended, but ex-Secretary General Peraza is said to be, with about 50 followers, in the mountain districts.

San Juan de Porto Rico, Jan. 4.—Passengers who have arrived here on the Red D line steamer Philadelphia, from La Guayra, December 30, say a serious revolution has broken out in the Maracaibo district of Venezuela. They advised that government troops had defeated the rebels and arrested 20 of the leaders. Another rising is reported to have occurred in the vicinity of the Orinoco. The United States auxiliary cruiser Scorpion left here yesterday to join the Hartford at La Guayra.

NEARLY FROZEN TO DEATH.

Man in a Drunken Condition Slept Out in the Cold for Quite a Time.

Express, Or., Jan. 4.—A man by the name of Tudor started from this place yesterday evening for the Big Kidd mines, about 12 miles east of this place. A party leaving for the same place this morning found him about half way between here and the mines in a frozen condition. He was brought to this place and later removed to Huntington, where he could receive medical aid.

As far as could be ascertained, the man had been drinking quite heavily before leaving here. On reaching a cabin near the True Blue mines he stopped for the night and built up a fire on the floor of the building. He then dropped off to sleep. He awoke in time to escape before the burning structure collapsed. Although he suffered several burns, he crawled a short distance away and fell to sleep again. As the weather was bitter cold, it is a miracle that he was not frozen to death.

A Zambesi College.

Chicago, Jan. 4.—A special to the Record from Richmond, Ind., says: Bishop Hartzwell, of the Methodist Episcopal church in Africa, has arranged with the Rev. George H. Reibold, of Indiana, to go to Zambesi, Africa, to conduct a college at New Otolia, in the country. This being a British colony, the British government donated to the Methodist Episcopal church \$15,000 and 13,000 acres of land for the purpose of building a school to educate the English residents. Rev. Mr. Reibold's mission is to go to Africa to superintend this school. He will sail from New York the last of this month.

Cable Around the Globe.

Ottawa, Ont., Jan. 4.—Sanford Fleming, one of the principal promoters of the Pacific cable, has written an open letter to Hon. Willim Mullock, postmaster-general, in favor of a state-owned telegraph line encircling the globe. This is said to be the beginning of a movement to nationalize the cable and telegraph services of the British empire. If this were done, Sir Sanford says, it would reduce the price of messages to one-eighth or one-tenth of what it now costs to distant British possessions.

A Dismal Salute.

Tien Tsin, Jan. 4.—Ten Germans were killed and nine wounded at Lese Hn, January 1, through the firing of a salute with a defective cartridge.

Pittsburg Ironworkers Strike.

Pittsburg, Pa., Jan. 4.—One thousand structural ironworkers struck today for an advance of 6 cents per hour in wages and a nine-hour day. Not a single man is working, and a number of important contracts are tied up.

Travel Resumed.

Travel has resumed over the Lewis and Clark road, Clatsop county, and the break in the dike has been repaired.

Famous Army Nurse Dead.

Norristown, Pa., Jan. 4.—Mrs. Anna Morris Holstein, widow of Major W. Hayman Holstein, and a famous army nurse, is dead at her home in Red Hill, near here. She was 76 years of age. From 1862 until the close of the hospital service, she was mainly through her influence that Washington's headquarters at Valley Forge were purchased, restored and made accessible to the people. She was regent of the Valley Forge Centennial and Memorial Association.

CHINESE INDEMNITY

Envoy at Pekin Not Expected to Settle Question.

AMOUNTS DEMANDED VARY GREATLY

It is Believed That the Bill of Germany Will Be Largest—State Department in Correspondence With Other Powers.

Washington, Jan. 7.—The state department is making a strong effort to secure an understanding among the powers to serve as a basis for the adjustment of the question of indemnity to be paid by the Chinese government. It appears from Mr. Conger's reports that it is hopeless to expect the foreign ministers at Pekin to reach an agreement on this important point, and if the problem is to be solved at all it must be removed from the Pekin council and dealt with by direct diplomatic exchange, as was successfully attempted in the case of the preceding serious differences between the ministers. Therefore the state department is in correspondence with other foreign offices respecting this subject, though the negotiations have not proceeded to a point where it can be said that a successful termination is in sight.

The principal difference in the way is believed to be the enormous indemnities demanded by some of the powers. The efforts of the Chinese government to secure better terms, so far as they tend to retract the negotiations, are also expected to have the result of adding considerably to the sum total which must be paid in the end.

The expenses of maintaining the foreign military establishments in China probably will be assessed against the Chinese government, and the cost of keeping foreign troops in Pekin at this season of the year, and in a country where every necessity of life has to be transported from a distance, will make the bill very heavy. It is believed that the bill of Germany will be by far the largest, and it is a significant fact that the German government has allowed its officers on service in China five fold their regular salaries, a rate of pay probably higher than hitherto known in military history. The Chinese, however, are expected to pay for this.

FAILED TO BLOW UP.

Mechanism of an Internal Machine Would Not Work.

Paris, Ill., Jan. 7.—Thomas J. Coffman, an attorney residing at Hume, narrowly escaped being blown to atoms with an internal machine received through the mail today. The box was of wood with a sliding lid. It contained a pound stick of dynamite and several match heads, which, however, failed to ignite and explode the charge when the box was opened. Two thicknesses of heavy brown paper covered the box, which was addressed to Dr. Sylvester Coffman, Hume, Ill., a brother of the lawyer, who opened his mail. The inner surface of the box lid was studded with tacks, so arranged that they would scratch the match heads and there was also a slip of sand paper fixed so that it would be drawn over them if the tacks failed to do their work. It is thought the jolting of the box in the mail disarranged its mechanism. An indistinct postmark seems to indicate the box was mailed at Loganport, Ind. The only other clue about the box is a printed label pasted on the lid, inscribed: "Dr. J. W. Blusser & Son." The United States marshal and the local police are investigating.

DYNAMITE EXPLOSION.

Three Men Were Blown to Atoms in a Cartridge Factory.

Philadelphia, Jan. 7.—A frightful explosion of dynamite occurred in the powder machine house of the Reynolds Chemical Company, whose works are located at Thompson's Point, N. J., a thinly settled spot on the Delaware river, 12 miles below this city. The building was demolished and three workmen in it at the time were blown to atoms. Several workmen in other buildings were hurt by the force of the explosion, but none seriously. The men killed were in a frame building eight-inch paper shells with dynamite for use in blasting. It is thought the loss will not be over \$50,000.

Will Pay Tax Under Protest.

Rochester, N. Y., Jan. 7.—The latest development in the woman suffrage fight, begun over a quarter of a century ago, when Susan B. Anthony and her sister, Mary S. Anthony, were arrested and fined, is the stand taken by Mary S. Anthony in the matter of taxation of her property. She sends notice to County Treasurer Hamilton that she will not in the future pay taxes except under protest, until she is allowed the right of suffrage. The action will likely result in a test case being brought in the court.

Wrecked by Boiler Explosion.

Watsoka, Ill., Jan. 7.—Bishop's mills, controlled by the Pure Food Milling Company, were wrecked by a boiler explosion today. John Spohr, a member of the firm, and Lute Maile, the engineer, were instantly killed, and Rex Jones, a miller, was slightly injured. The boiler was thrown 300 feet, demolishing a large hardware store. The cause of the explosion is not known.

Turks and Bulgarians fought.

Constantinople, Jan. 7.—In the course of a serious fray near Isbitri, originating in an attempt to arrest a number of Bulgarians suspected of being emissaries of the Macedonian committee, eight soldiers were killed. The troubles continue.

Retirement of Rear-Admiral Kautz.

Washington, Jan. 7.—The navy department today issued the expected order announcing the retirement of Rear-Admiral Kautz, to take effect January 25.

BOMB IN A TUNNEL.

Discovery Was Made by a Chicago Detective Sergeant.

Chicago, Jan. 7.—The Record says: "On information from a source which he declines to make public, Detective Sergeant McLaughlin located a gas pipe bomb in one of the niches of the La Salle street tunnel shortly before midnight. The bomb was taken by the policeman to the central station, and thence carried to the lake front and exploded. Detective McLaughlin said he received a hint to the effect that an effort would be made to blow up the tunnel used for the passage of the North Side cable cars. He hastened to the scene and found a piece of three-inch gas pipe about 15 inches long in one of the small arched openings in the dividing wall of the tunnel. A half-inch pipe protruded from one end. When touched off the bomb is said by the policeman to have exploded with a loud report.

Earlier in the night one of the sweepers employed in the tunnel saw a man about 25 years old and shabbily dressed loitering in the tunnel. He was asked what he was doing there, and replied, "Nothing." The stranger left the tunnel hurriedly. The police suspect the bomb was placed there by a discharged employe of the company."

FROM A BOER STANDPOINT.

Over 16,000 Hardy, Determined, Invincible Patriots Under Arms.

New York, Jan. 7.—Charles P. Pierce, consul-general of the Orange Free State in New York, and treasurer of the Boer relief fund in America, has given out the following statement: "The news coming to us every day, both by public and private cable, shows the reported conquest of the Boers to be a delusion. There are under arms on the Boer side over 16,000 hardy, determined, invincible patriots, of which 5,000 are now invading Cape Colony—against the 210,000 troops landed from Great Britain and her dependencies. The Boers' total loss in killed and dying from wounds have not exceeded 1,500, but their loss in property has been very great. Part of the Boers are armed with Mausers, using a plain bullet, but many have Lee-Metford rifles, which use the dum-dum bullet, and all of the latter were captured from the English; they bear the arrow mark of Woolwich.

PRESENTED TO LANSDOWNE.

The British Foreign Office Has the Canal Treaty Amendments.

London, Jan. 7.—United States Ambassador Choate presented the Hay-Panama treaty amendments to the secretary of state for foreign affairs, the Marquis of Lansdowne, today.

No discussion occurred and the nature of Lord Lansdowne's answer is not indicated. Mr. Choate simply notified the secretary of state for foreign affairs that he had sent him a document forwarded by the state department. An answer probably will not be sent until the cabinet discusses the matter fully. The interview between Mr. Choate and Lord Lansdowne was chiefly devoted to an expression of the latter's view on China's answer to the demands of the powers. It is understood that Secretary Hay desired to know what Great Britain thought of those points, which China in her answer said she was unable to fulfill at present. No difference of opinion appears to exist between Secretary Hay and Lord Lansdowne.

TRIED TO DROWN HIS LANDLORD.

Chicago, Jan. 7.—In view of several persons, Joseph Schwehr committed the final act in a confessed plot to kill John Korda, Schwehr's landlord. He pushed Korda into the lake from a pier at the foot of Michigan street, at a point where the water is 12 feet deep, and then ran from the scene, leaving Korda to drown. The plot failed, for the intended victim was rescued from the water by workmen in a near-by factory. Schwehr was arrested last night. He was surprised to learn that Korda was alive, and confessed to an attempt on the man's life.

GENERAL BATTLEDEER DEAD.

Washington, Jan. 7.—General Richard N. Batcher, quartermaster-general of the army, died here this afternoon at 2:25. General Batcher had been in delicate health for several years past, but his illness did not assume a critical phase until just before the holidays, when he suffered from an attack of angina pectoris. Intermittent work was made at Arlington cemetery, Monday. General Batcher served in the quartermaster's department of the Pacific coast, doing duty as chief quartermaster at Portland, Or., and depot quartermaster at San Francisco.

EXTENSIVE REPAIRS TO THE BALTIMORE.

Washington, Jan. 7.—The naval board of construction today decided to rehabilitate almost completely the cruiser Baltimore, now lying at the New York navy yard. Her improvements will involve an expenditure of about \$500,000, and take at least a year and a half.

END OF THE VENEZUELA WAR.
