RHODE ISLAND DISASTER

Two River Dams Burst--Buildings Destroyed and Several Drowned

SPANISH BREAD RIOTS

MADRID, March 12.—There is much suffering among the poor for lack of food throughout Spain and bread riots are reported from several provinces.

BEN HARRISON NO BETTER.

INDIANAPOLIS, March 12.—The physicians in attendance on ex-President Harrison have issued the latest report to the effect that the condition of the distinguished patient is unfavorable.

WATER-POWER DAMS BURST.

WOONSOCKET, Rhode Island, March 12.—Two dams across the Blackstone River above this place were unable to withstand the flood pressure of water and went out this forenoon. Several buildings were swept away and so far as known six persons drowned.

[Woonsocket is situated in the extreme north part of the state. It is a manufacturing town of 25,000 population. ED GUARD.]

BOTHA RUMORS AGAIN.

LONDON, March 12.—There are rumors that have appearance of credibility that General Botha is ready to make a speedy surrender of his Boer command.

PORTO RICO LABOR CONDITIONS.

SAN JUAN, March 12.—The surplus labor population has been so reduced by emigration that planters are experiencing difficulty in procuring sufficient help to care for the crops.

COUNTERFEITERS ARRESTED.

CLIFTON, ARIZONA, March 12.—Considerable counterfeit money has been placed in circulation in this vicinity during several months past.

Secret service detectives have been on the watch with the result that a gang of six counterfeiters having the unlawful stuff in their possession were arrested today. Their tools, dies and other apparatus were secured by the officers.

STAMP MILL SECURED.

Young & Son Will Control the Blazier Quartz Mill.

C M Young has returned from Portland. While in the metropolis he made arrangements whereby Young & Son will use the quartz mill, two stamps, owned by J E Blazier, of Portland, on the Sunset claim in the Blue River mining district. This will crush five tons of ore each 24 hours, of the Sunset rock, it being very easily milled on account of its softness.

This will be great aid to them in their prospect work, as they can always have a prospect test.

Cow Caused Train Delay.

A combination of circumstances caused a Springfield train the loss of a cow Saturday. The train was switching in the yard at that place when one of the town cows had to be driven from the front of the engine. She walked off about twenty steps and about the time the engine got under headway deliberately walked back upon the track.

The air brakes refused to work and the engineer could not escape striking her, although it meant trouble as the engine was moving slowly. The result was a cow under the engine and an hour's hard work getting the remains out so the train could proceed.

INDOOR BASEBALL.—The U O indoor baseball team is practicing regularly for a return game with the Corvallis team to be played in this city in the near future. Games are also being arranged for between Multnomah Athletic Club and Albany college, to be played soon. Captain Edwards' team is a crackerjack and is willing to meet any other team in the state.

IN DEMAND.—Corvallis Gazette: "Dr E J Thompson was elected Saturday to fill the pulpit of the Presbyterian church at Eugene. The same day he was offered the pastorate of three other churches. The congregation which secures the services of Dr Thompson, is to be heartily congratulated. Its membership will grow and its influence be measurably extended."

MYTHICAL SURVEYORS.—Corvallis Gazette: The Junction City Times continues to report the progress of surveyors on the proposed railroad line between that place and Corvallis. These mythical surveyors have kept their distance up to date and like rain-bows. Would it were otherwise.

MORE OIL.

A Plain Deposit Near Chapman's Sawmill.

E F Chapman informs us that on a little creek just above his sawmill about 18 miles east of Eugene may be seen a light skim of white-purple oil nearly any day in the year. It can be gathered with sheets of paper and the same will burn with great brilliancy. Mr Chapman has noticed the deposit for a long time at this particular location. This is not many miles from the discovery made by Ed Daryee, of Camp Creek.

Mr Chapman is greatly in favor of procuring an expert and testing the matter.

John H Fletcher locates Ohio claim in Blue River district.

MARRIAGE LICENSE.

Samuel C Darling to Miss Edith M Wallace, J C Mulligan witness. The young man being under age, his father gives consent to marriage.

Mitchellite Rewarded.

Salem Journal, March 11: Hon E H Flagg left this morning for Circle City, Alaska, having recently received the appointment of deputy internal revenue collector at that place under Col D M Dunne. Mr Flagg's headquarters will be at Circle City. The position pays a salary of \$1200 per annum with an expense allowance of \$500. Mr Flagg may be followed in the summer by his family. By leaving this early in the season, Mr Flagg expects to reach Circle City via the Chilkoote Pass before the ice becomes melted and renders boating on the streams perilous.

At a special meeting of Salem Typographical Union, No 210, held Sunday afternoon, the members of that society presented Mr Flagg with a handsome watch fob. Mr Flagg was for many years identified with the Union printers of the city and the gift was made as a token of remembrance and in appreciation of his services as an officer of the Union.

FINED \$50 AND COSTS.—Ed Vaughan, who stole over \$30 worth of cigars from J T Witter's saloon and who was arrested at Chapman's sawmill near Hendricks' Ferry last Friday, was tried before Justice C A Wintermeier this morning. He pleaded guilty and was fined \$50 and costs, which he paid. He also settled with Mr Witter for the cigars stolen.

FINE NEW RESIDENCE.—O F Knox having purchased from Dr A W Patterson the vacant lot on the corner of Eleventh and Hilliard streets, is preparing to erect a fine new residence on the same and will let the contract as soon as the weather settles. The lot is an admirable one for a residence.

SCHOOL ELECTION.

Bonding Proposition Carried By a Large Vote.

M'CLUNG AND CRAW RE-ELECTED.

Daily Guard March 12
By their votes yesterday the taxpayers of Eugene have proven conclusively that a large majority of them are of a progressive spirit and are in favor of better educational facilities. The question of bonding the district for \$25,000 for new buildings and repairs to old buildings was carried by a vote of 234 for and 32 against.

The vote for J H McClung, director, and Geo F Craw, clerk, was 258 and 263 respectively, no opposition ticket being in the field. Mr Craw has filled the office of school clerk for the past several years in a very creditable manner and he will continue to give the district excellent service during the coming term. Mr McClung, who has just finished a term as director, has proven himself to be thoroughly competent in the management of the school district's affairs, and as his business qualifications and reputation as a first class citizen are known to all, the taxpayers are satisfied that their choice is an excellent one.

Now for our fine new brick school house and the remodeling of the old Central building. The new structure will be erected on the district's lot near the University and will be finished in time for the opening of school next September. It will be built on modern lines and will be in keeping with its environment. The Central building, after the contemplated repairs are made, will be occupied by the High School and as many of the grammar grades as there will be room for. We believe it is the intention of the school board to put a new roof on the building, raise it a few feet and place furnaces below so as to heat it with steam or hot air. Other minor improvements will be made.

Already two architects, Edward M Lazarus and Delos D Neer, of Portland, are in the city to submit plans for the new building.

THE BONDS.

The board of directors are authorized to meet at once and issue the bonds. The people of Eugene generally are in favor of issuing them to local capital, and it is thought that every dollar's worth of them can be taken up right here in Eugene. They will be issued in small amounts, probably as low as \$50, and the small bidders will be given first choice.

The law provides that "The county treasurer shall sell said bonds for the best price obtainable, and hold the proceeds subject to the order of the directors, but no bonds shall be sold for less than par." It also provides that a tax levy be made on the property of the district sufficient to pay the interest each year on the bonds and for an additional sum so that at the time the bonds mature this additional sum will aggregate to the amount for which they were issued and they will be redeemed promptly at maturity.

IT'S A BOY.—Born, in Eugene, Ore, March 12, 1901, to the wife of Will G Gilstrap, a son, weight 10 pounds. Editor Gilstrap is a happy mortal today and wears a fatherly smile.

CITY COUNCIL

Regular Monthly Session Held Last Night.

JUDGES AND CLERKS OF ELECTION.

Daily Guard March 12
The regular monthly meeting of the city council was held last evening and the following business transacted; present, Mayor Harris, Councilmen Osburn, Preston, White, Peter and Williams:

The monthly report of street committee was read by Councilman White and ordered placed on file.

The committee reported favorably on the petition to improve Fourth and Twelfth streets and on motion of Councilman White council ordered that as aforesaid streets be graded and graveled and committee was ordered to establish grade on Fourth and Twelfth streets between points designated in petition.

On petition of Mr Ruth et al for construction of a sidewalk on east side of Madison street to north end, council reported favorably and sidewalk ordered constructed.

Petition of owners of property abutting Park street that the grading and graveled of said Park street be paid for out of the road fund of this district, on motion of Councilman Roney was indefinitely laid on table. City Attorney Stevens was instructed to proceed in the collection of assessments from property owners for this improvement of said Park street.

Petition of Wm McPherson that property owners on Olive street between Tenth and Eleventh be notified to connect privys with sewers, referred to health committee.

On motion of Councilman Osburn the recorder was authorized to give formal notice of forthcoming city election.

JUDGES AND CLERKS OF ELECTION.

The following judges and clerks of election were suggested by councilmen of the various wards and were approved by the council:

First Ward—J T Rowland, judge; P J McPherson and J W Christian, clerks. Polling place, engine house on East Eleventh street.

Second Ward—B Beeler, judge; B Whittam and R McMurphy, clerks. Polling place, engine house on East Eighth street.

Third Ward—M S Wallis, judge; W C Yoran and L T Harris, clerks. Polling place, Griffin Hardware Co's warehouse on West Seventh street.

Presentation of new bills took place, after which council adjourned.

FROM DAWSON.—Merritt Davis has just received a letter from Robert Baker, at Dawson City, who with his brother was thought to have been frozen to death on a recent prospecting trip. Mr Baker writes that they had returned to Dawson and were well. They had been on Jack Wade creek, 170 miles from Dawson, and had found some good prospects, intending to return there in the spring. He wrote that the thermometer registered from 40 to 70 degrees below zero.

BORN.—Near Muddy Station, Linn county, Oregon, March 9, 1901, to the wife of Boliver Cogswell, a daughter; weight 12 pounds.

President, Cashier.

More Cherry Block.

Daily Guard March 11

It seems that Mr Cherry cannot supply rooms fast enough in his new block at the corner of Sixth and Willamette streets.

This morning he entered into an agreement with the Eugene Laundry Co for a building that will occupy nearly all the remaining vacant frontage on his lot. The new building will be 23 by 70 feet in size, and will be built at once. Weather permitting it will be ready for occupancy some time in the first half of April.

Shoup May Succeed Evans.

Washington, March 6.—A number of members of the house and senate have joined the petition to the president asking him to appoint former Senator Shoup, of Idaho, commissioner of pensions, to succeed Evans, who is about to retire. It is believed that Senator Shoup will get the place.

JURYMEN CUT DOWN.—Roseburg Review: There was considerable complaint among the circuit court jury-men here last week over the action of the recent session of the legislature in cutting their allowance to \$1.50 per day. They should be patient, however and remember that some officials had to have their salaries raised and fat jobs were made for others, and it will not do to add too much to the tax burden at one time or there might be a change in officials when election day comes again.

Daily Guard, March 12

CAR BROKEN INTO.—Some time last night some miscreant broke into a box car at the S P depot and stole a lot of oranges and four boxes of inner tubes for bicycle tires consigned to B D Paine & Co of this city. Marshal Brady and M S Huobis searched four boxes this morning but no traces of the stolen goods were found and they were not held. As the contents of the boxes are of no value to the ordinary thief, no doubt they have been thrown away somewhere and will be found soon.
