PORTSMOUTH, March 28.—A force of one thousand Boers is reported moving southward toward the Orange River.

### DEWET A PRISONER.

Special to the Guard.

PORTSMOUTH, March 28.—The British forces have effected the capture of the famous Boer commander General Dewet.

### NEBRASKA SENATORS ELECTED.

Special to the Guard.

LINCOLN, Nebraska, March 28.—After an unprecedented struggle over the election of two United States senators to represent Nebraska the warring Republican factions came together and made a choice on the last day of the session.

All the candidates who had received the steady support of their adherents since the first ballot were withdrawn.

Then the Republican majority cast its entire vote for Millard and Detrich, names not voted for before, and they were elected.

### AGUINALDO A CAPTIVE.

Special to the Guard.

MANILA, March 28.—General McArthur confirms the reported capture of the Philippine insurgent leader, Aguinaldo, by American troops. His capture was effected with difficu y.

### UNION OF BOER COMMANDS.

## HERMANN MAY GO.

### Land Commissioner Not Likely to Succeed Himself.

Washington March 26.—The Evening Times says the manner in which Western men are urging the retention of Commissioner Hermann indicates that there is a probability of a change. It speaks of the friction between Secretary Hitchcock and the commissioner as one of the causes for the proposed change. The suggestion is also made that Director Merriam, of the census, will succeed Hermann, but this is not likely. If a change should occur it is believed a Western man will be selected.

## Blue River Mines.

BLUE RIVER, March 22.

Assessment work is being done on several locations. Everything looks bright in the Blue River district. The weather is squally at date of writing, but there is not much snow.

## Bridge-Tender Killed.

ALBANY, Or, March 27.—John Behan, night watchman on the Corvallis & Eastern bridge, while opening the draw tonight for the Modoc, accidentally fell off into the pier and was instantly killed.

Daily Guard, March 28

A SEVERE FALL.—E J Crawford, Sr, of the Eugene sawmill, accidentally fell from a pile of lumber to the ground, a distance of about 12 feet, this afternoon at 2 o'clock at the mill. He alighted on his left hip, severely bruising him and shaking him up pretty badly, but he is not seriously hurt. Where the accident happened the ground was strewn with pieces of lumber, and had he alighted on one of these he would have been pretty badly injured. As it happened he struck on a clear spot.

The Southern Pacific's tie burnettizing plant that is located at Latham, in the southern part of Lane county, will complete its work there in about a month, and will then be moved to Deitz, in Northern California, where it will be employed until that section of the road shall be served. Its work is entirely satisfactory.

## Oregon Forestry Map.

A forestry map of Oregon, showing the timber lands in colors, is being prepared at Washington for the Oregon commissioners to the Pan-American exposition. When completed the map will be a great boon to those who are looking over timber land with a view to purchasing. Each color will be descriptive as regards estimates of timber and meadows, and bald hills where there never has been timber will also be shown up.

The map was made from sketches of the different parts of the state drawn by Forestry Expert Johnson. A hand map in colors is being made for the use of the Oregon commissioners at the exposition. Mr Johnson's report on forestry matters makes 2000 pages. It contains much information regarding timber land in Oregon.

## To Found a Model Town.

A gigantic scheme is afloat to found a great model industrial town in the eastern part of the country, where shall be gathered a variety of manufacturers and an army of employes, under social conditions; the town and manufactures to be organized according to the most approved business methods, with the highest regard to the physical and intellectual welfare of its residents. Fifty years ago a medicine was founded which also had in view the welfare of humanity. This was Hostetter's Stomach Bitters, a remedy famed the world over for its cure of dyspepsia, constipation, indigestion, belching, insomnia, biliousness, nervousness and malaria, fever and ague. As a spring tonic and blood purifier, it is unequalled. Our private revenue stamp covers the neck of the bottle.

## U. O. ATHLETIC NOTES.

### Contract for Three Years Made With Multnomah—Other Matters.

Training has begun in earnest at the University by the track athletes. Trainer Trine has been at work since Monday and is highly pleased with the material at hand. Thirty-five men are in active training, the work this week being done in the gymnasium. Outdoor work will be commenced as soon as the weather permits. There is plenty of good Freshman material this year, and these men, together with last year's team who are all back except Bishop and Angell, will form an aggregation of athletes which will be hard to beat.

All arrangements have been made for the field meet with Multnomah Athletic Club to be held in Portland Saturday, May 25. In this meet all the regular events will be had except the shot put and hammer throw, which Multnomah is unwilling to compete in. The Multnomah men are training under "Jack" King, and they will have a strong team with plenty of material to draw from. A contract has been made between U O and Multnomah to hold a field meet each year for three years. An excursion will be run from Eugene to Portland for the meet on May 25th, and a large number of students and citizens will take advantage of the low fare to attend and cheer our boys on to victory.

Manager C N McArthur is now endeavoring to schedule a meet with the University of California in the early part of May. The California team is going to make a trip north and it is probable they will stop off in Eugene.

The Oregon-Washington meet which occurs Saturday, May 18, will be held at Bangs' park where there is plenty of room for all the events. The track will be put in first-class shape and the grounds improved for the occasion. Excursions to this meet will be run from Albany, Corvallis and other points. The S P Co, will offer reduced rates from all points on the Oregon division.

The Washington team this year is much stronger than last year, but Oregon's team has also been materially strengthened, and the chances are very even.

Baseball Manager Oscar Gorrell will have his men out as soon as the weather permits. There are 22 men on the baseball list, and from them a rattling good nine should be selected.

Ray Goodrich, '04, will be assistant manager of the track team.

## No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at W L DeLano's drug store.

## Fire Insurance.

The Oregon Fire Relief Association, with headquarters at McMinnville, Oregon, has several hundred members in Lane county, who have secured their insurance for actual cost. The association is now saving its members about $250 a day in the state. There were 384 certificates of insurance issued from the 1st to the 25th of March which is conclusive evidence of a good healthy growth and safe reliable insurance.

S K George, of Springfield, is agent for Lane county and would be glad to call on you if you are in any way interested in securing insurance at actual cost.

## 900 Acres for Rent.

My 900 acre farm and ranch across the Coast Fork from Goshen, near Cloverdale, is for rent. 150 acres of same is plow land.

Good for farming and stock. Winter before last 255 head of cattle were kept on this place and were only fed 10 tons of hay, coming out in good condition. The winter just passed 150 head of cattle were kept without other feed than the range.

ANOTHER HOSPITAL PATIENT.—Theodore Brockman, an employe of the Booth-Kelly Co, was brought down from Wendling last evening with a badly sprained ankle and was placed in the hospital. The accident which caused the sprain happened Monday. Brockman was working in the upper logging camp 2½ miles above Wendling. He was walking on a log and in some manner slipped off, his right foot doubling under him as he fell, spraining the ankle severely. He is unable to walk without the aid of crutches.

# TRAPPED AT LAST

## Aguinaldo a Prisoner in American Hands

### CAUGHT BY FUNSTON

MANILA, March 28.—General Frederick Funston's daring project for the capture of Aguinaldo in his hiding place in the Providence of Isabela, Island of Luzon, has proved completely successful. Aguinaldo was captured there on March 23.

The United States gunboat Vicksburg, Commander E B Barry, with General Funston and Aguinaldo on board, arrived here this morning.

Aguinaldo was brought ashore at 3:10 p m today and taken before General McArthur at the Malacanang Palace. He talked freely, but seemed ignorant concerning recent events. He appeared to be in good health and was even cheerful. He lunched with the officers of General Mac Arthur's staff, and was then escorted to the Enda-street jail.

Aguinaldo's capture was attended with considerable difficulty, an insurgent major being killed at the time of the event. Twenty rifles and a number of important papers were captured.

LONDON, March 28.—A dispatch from Manila says that several members of Aguinaldo's staff were captured with him and brought to Manila. The insurgent leader and his men were captured near Casiguran, north of Baler.

## Livery Business Sale.

A sale was consummated today whereby Eli Bangs disposed of a one-half interest in his extensive Eugene livery business and the stage lines connected therewith to B F Goodpasture, the well known stockbuyer. The new firm which will take effect Monday, April 1, will be known as Bangs & Goodpasture.

The new partner in this popular business is well known throughout the county, having engaged in the stock-buying and shipping business for several years past. He is a native born son of Lane county.

## MAKE IT A RED LETTER DAY.

### Superintendent Ackerman's Arbor Day Suggestions to Teachers.

Superintendent of Public Instruction Ackerman has issued a program for Arbor Day, which occurs April 12. The program is a neat 16-page pamphlet, full of new verses and essays appropriate to the occasion. On the introductory page Superintendent Ackerman has an address to the teachers, in which he makes the following timely remarks:

"This little manual is designed to furnish suggestive material for the appropriate observance of Arbor Day, and also to call your attention to the advisability and even the necessity, of awakening an interest on the part of parents and pupils in the importance of beautifying the surroundings of our schools and homes.

"As one goes from place to place, he is impressed with the fact that many a school and many a home could be made more inviting by clearing the yard of rubbish and debris, by repairing a fence, by planting a shrub, vine or flower. In most instances, these things can be done with little outlay of time and money. The question is, 'Why are these not done?'

"The answer must lie in the character of the people themselves. They have forgotten, or, perhaps, they have never realized how much benefit can be derived from pleasant home surroundings. Here is the teacher's opportunity. Many of these people are only waiting for the suggestion.

"We have all felt the uplifting influence of school or home where there is a characterizing air of refinement and beauty. That such homes and schools are within the reach of all, even the humblest and poorest, should be indelibly impressed upon the minds and consciences of the children under our care. They should be taught how to love beautiful things, and how to bring them into their own lives.

"Let us make Arbor day a red-letter day in our school year, but let us not fix upon this as the limit or our responsibility, for we should not confine our efforts in simply endeavoring to awaken an enthusiam for the best things of life during one day in the year, but rather let it increase from day to day until the result will be manifest in the life and character of those who may come under our supervision. In what better way can we do this than by getting our children interested in the growth of a shrub or flower, or, perchance, simply in cleaning up the yard a bit and by endavoring to keep it in a neat and tidy condition.

"Let us hope that in the future Arbor Day will prove more and more an incentive to the study of nature and all that pertains to right living."

## His Life was Saved.

Mr J E Lilly, a prominent citizen of Hannibal, Mo, lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected soon to die of consumption, when I heard of Dr King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1.00. Trial bottles free at W L DeLano's drug store; every bottle guaranteed.

Daily Guard, March 28

AN ACCIDENT.—Frank Clover's colt, which he was driving home to Coburg yesterday afternoon, became frightened while on the north approach of the Eugene bridge and commenced to run. It ran into a buggy containing Mrs W H Vestal and child, overturning both rigs and precipitating the occupants to the ground. Mrs Vestal and her child were not injured, but Mr Clover's leg was badly sprained. The colt, which had broken loose and ran down the road, was stopped and brought back, and the vehicles were set aright.

## Y. M. C. A. BUILDING FUND.

### Committee Finished Work Among Business Men.

#### $2,555 SUBSCRIBED BY THEM.

Daily Guard March 28.

The committee appointed by a recent meeting of citizens to solicit funds among the business men for the erection of the Y M C A building on the University campus, completed their work late yesterday afternoon. The committee, consisting of R McMurphey, F L Chambers and P E Snodgrass, have worked hard during the last few days and have succeeded in raising $2,555, $55 of which is conditional. This $2,555, together with the $2,760 raised by the students and $1,500 by the faculty, makes a total of $6,815 promised in Eugene.
