"Herr Fischer," he said, "is fightto grant any special privilege to one ing for the same cause as my heroic presidents and the two commanding generals, Botha and Dewet, will share the same fate."

On being questioned regarding the tles the matter definitely, and that reliance he placed on the Boer of-Russia was informally notified to the ficial telegrams and statements in parliament, Mr. Kruger, half rising telegraph and the British press always try to make this much"-and he

measured his little finger-"look like this much"-and he extended both "I am persuaded everything is go-

ing well there precisely because our enemies continue to dissimulate and travesty facts. As regards General Botha's negotiations, the public knows General Botha's last dispatch that it was the British general who first made proposals. Never did the Boer general refuse to listen. We do not fight, except for peace. We are not conquerors, but, although General Botha listened to the British proposals, he never uttered a word of equivocation on the subject of independence. Inependence is the only treasure we cherish, even if we have to sacrifice all others. It is for this reason our

citizens forsook their farms and sacrificed their lives, and our women and children now suffer temporary servitude in the enemy's camp.

Regulations Concerning the Trans-

portation of Supplies. WASHINGTON, April 8 .- The war The lease is to be granted lepartment has received a copy of a regulation to carry into effect an act The United States shall pay to Cocommission amendof the Philippine in half-yearly installments, ing a section of the provisional cus-toms regulations, which is of interest, during the first 25 years after the opening of the canal to the public view of the recently reported service, a share amounting to 5 per frauds in the commissary department cent of its gross income: during a in the islands. It shows the precausecond period of 25 years, 6 per ceut; tions ordered to be taken to guard during a third, 7 per cent, and during against any misappropriation of gova fourth, 8 per cent. This is on the ernment supplies. These regulations provide briefly that where supplies acceptance by China, which was had for the army or navy in the Philip pensable for the gradual evacuation basis of a 99-year lease. The United States shall guarantee that this share shall be in no case less than \$250,000 pines come on other than government annually. In case of the issuance of ressels they shall be accompanied by stock. Colombia is to receive a share a certificate from the chief of departbased upon that given it by the Panment charged with their custody certifying that the goods are exclusively be carried out when the normal ama Canal Company, amounting to one-thirteenth of the number of shares for the army or the navy or the in- uation is completely restored to a issued. Colombia is to receive \$250,-
