Disquieting Condition of Affairs in Hayti and San Domingo

GOLD BARS FOUND

Special to the Guard.

BREMENHAVEN, April 13.-Three gold ingots, worth \$22,750, supposed to have been stolen from the steamship the date of location; fourth, number of Kaiser Wilhelm Der Grosse, in transition from New York linear feet claimed along the vein of to France, were found today by the stewart while he was lode each way from the point of discleaning the ship.

BOUNDARY DISPUTE.

Special to the Guard.

Kingston, Jamaica, April 13.—The boundary dispute between Hayti and San Domingo may cause war. At least it is disquieting. The international boundary commission by its report has added many square miles of Haytian territory and this is the cause of much harsh comment.

SERGEANT MUNSON ON TRIAL.

Special to the Guard.

Manila, April 13.—Sergent Munson, commissiary officer concerned in the great scandeal is on trial. His feet in height to-wit, one such post of enemies are doing everything to convict him.

GONE WRONG.

Special to the Guard.

Seattle, Wash, April 13.—Fred Dingle, a well known society young man has absconded with three thousand dollars of railroad money. He was a victim of the gambling habit.

FAVORS BRICK.

Mistake if Wood Is Used.

EDITOR GUARD:-Since the school

be erected this summer, the people, tax

payers and patrons of the schools in

Eugene, ought to insist that the build-

ing be brick, and not wood. This

building should be permanent, first-

class, and designed to last a half cen-

tury or mere. At the meeting of the

citizens held to consider the question

whether the district should issue bonds

for the erection of the building or

buildings, it certainly was understood

by a majority of the persons present at

that meeting, that the building should

be brick. The difference in the cost of

a brick or wood structure is but little

comparatively, but the brick is so

much more durable, easier to heat and

a building that is durable and first-

one, and the people will commend

Notice.

VETERAN'S ASSOCIATION.

Reunion Will be Held in Eugene Thinks the Directors Will Make a June 4, 5 and 6, 1901.

The third annual reunion of Lane directors of this district have adopted county Veteran Association will be a plan for the new school building to held at Eugene, Oregon, Tuesday. Wednesday and Thursday, June 4, 5 and 6, 1901:

A general invitation is extended to all soldiers and sailors of any wars to join with us and spend a few days in social intercourse. Our camp fires and meetings will be attended by veterans and comrades of the late wars, who will relate their varied experiences. Old-time songs as well as new ones, will add zest to our meetings.

To the comrades of the war of '61-'65, we insist upon you being with us. Our reunions are not too frequent, while our numbers are growing less. Let us get together again while time gives us strength, and talk of times "long gone

AMENDED MINING LAW.

Published by the Request of Numerous Blue River Miners.

The following was the only important amendment to the mining law made by the last legislature: Sections 1, 2 and 3 of the Act of 1898.

Sec 1. Any person a citizen of the United States or one who has declared his intention to become such who discovers a vein or lode of mineralr bearing rock in place upon the unappropriated public domain of the United States within this state may locate a claim upon such vein or lode so discovered by posting thereon a notice of such discovery and location which said notice shall contain: First, the name of lode or claim; second, the name of the locator or locators; third, covery, with the width on each side of said lode or vein; fith, the general course or strike of the vein or lode as may be, with reference to some natural object or permanent monument in the Grove. vicinity thereof, and by defining the boundaries upon the surface of each claim so that the same may be readily gene traced. Such boundaries shall be marked within 30 days after posting such notice by six substantial posts projecting not less than three feet, above the surface of the ground, and not less than four inches square or in diameter, or by substantial mounds or stone, or earth and stone, at least two mound of rock at each corner and at

the center ends of such claims. Sec 2. Such locator shall, within 60 days from and after the posting of the location notices by him upon the lode or claim, file for record with the recorder of conveyances, if there be one, who shall be the custodian of mining records and miners liens, otherwise with the clerk of the county wherein the said claim is situated, a copy of ber Co. the notice so posted by him upon the lode or claim, having attached thereto an affidavit showing that the work reof this act has been done and performed, and shall pay to the recorder or cierk the fee of \$1,00 for such record thereof, which said sum the recorder or clerk shall immediately pay over to the treasurer of such county and shall take his receipt therefor, as in the case possession of such officer. Such re- slowly gaining strength, corder or clerk shall immediately record such location notice and affidavit shall be entitled to record, or recorded, Mary Eddy, and family. nntil the work required by section three of this act has been done and the affidavit in proof thereof is attached

to the notice to be recorded. Sec 3. Before the expiration of 60 days from the date of the posting of the notice of the discovery upon his claim as aforesaid, and before recording the notice of location as required by section two of this act, the locator must sink a discovery shaft upon the claim located to a depth of at least 10 feet from the lowest part of the rim of such shaft at the surface, or deeper if necessary o show by such work the lode or vein of mineral deposit in place. A cut or crosscut or tunnel which cuts the lode at a depth of 10 feet or an open cut at least six feet keep warm during the winter weather, deep, four feet wide and 10 feet in weather of the spring and summer, where the same may be in any manthere is no comparison. This building | cer discovered, is equivalent to such is to be erected from borrowed money, discovery shaft.
