L. H. PORTER, Assistant.

## TARIFF AGAINST PHILIPPINES

### Supreme Court Made no Disposal of Philippine Tariff Case

COURT ADJOURNED TILL OCTOBER  
Special to the Guard.

WASHINGTON, May 28.—The supreme court of the United States took adjournment today till the second Monday in October.

The Philippines tariff case was left on the court docket without being disposed of or even any mention being made of the suit.

The government continues to collect duties on products shipped from the Philippines. The treasury department claims there is nothing in the decision of the court in the case of importers of Cuban products to cause a change of the policy to which the administration is committed.

SOME CHURCH BIGOTRY.

Special to the Guard

DES MOINES, Iowa, May 28.—The general assembly of the United Presbyterian church has officially adopted a revised church creed.

Under it all persons who hold membership in secret societies are barred from the church.

In effect the action of the assembly expels members who refuse to sever their affiliations with secret societies.

A very spirited debate preceded the decision of the assembly, the minority making a strong fight against the anti-secret society part of the creed.

## DIVINITY SCHOOL.

Class of Six Finish the Course  
at the Divinity School.

BACCALAUREATE SERMON.

The baccalaureate sermon of the Eugene Divinity School was delivered Sunday morning at the First Christian church by Rev. J. F. Ghoramley, pastor of the First Christian church of Portland. The sermon was a very able effort, Rev. Ghoramley holding the strict attention of the large audience present for nearly an hour.

The rostrum was beautifully decorated with flowers for the occasion and special music was rendered by the choir.

At the close of the sermon the following persons were ordained into the ministry, Rev. M. L. Rose performing the ordination ceremony in an impressive manner: Chas. R. Moore, Victor E. Hoven, Mrs. G. S. O. Humbert, Mrs. Clara G. Eason, Robert A. Copple, J. A. Lindsey, Willard A. Elkins.

The graduating exercises of the Eugene Divinity School were held Monday night in the Christian church. A large audience was present, the gallery and lecture room being thrown open for the occasion.

The auditorium was handsomely decorated with choice roses and other flowers also with the national colors.

The program commenced with a selection on the piano by Mrs. Willard A. Elkins. Dr. Frank Strong, president of the University, was then introduced, and he delivered a short characteristic address full of good thoughts, and at the conclusion congratulated Dean E. C. Sanderson for the good work being done by the Divinity School.

Mrs. J. H. Weider and Miss Florence Bourne then delighted the audience with a vocal duet, and they were followed by the address to the class by Hon. B. F. Mulkey, instructor in the Monmouth state normal school and state senator from Polk county.

Prof. Mulkey, who spoke at considerable length, gave the class some excellent advice. His address is interesting, being delivered in a forceful manner. After Prof. Mulkey's address, Prof. I. M. Gies, the ever-popular baritone soloist, favored the audience with a solo, which was received with prolonged applause. Dean E. C. Sanderson then presented the diplomas to the class and conferred degrees as follows:

Classical Ministerial Course, B. D.—Edwin F. Beaudreau.

English Ministerial Course—Harry Benton, Mrs. Harry Benton, Clara G. Eason, John G. Handaker, Robert A. Copple.

Department of Oratory—Harry Benton, Mrs. Harry Benton.

After the conferring of the degrees the benediction was pronounced by Rev. M. L. Rose, and the audience dispersed.

MINING CONGRESS.

The City of Boise, Idaho, is Preparing to Care for 3,000 Visitors.

Special to the Guard.

BOISE, Idaho, May 28.—The city of Boise is preparing to entertain fully 3,000 visitors during the session of the International Mining Congress, to be held July 23, 24 and 25. This will be a great undertaking where the hotel accommodations are far less than 2,000 people, but every home in Boise will be thrown open and the city will be practically turned over to the visitors.

The cities of Knoxville, Tennessee, Cleveland, Ohio, Los Angeles, California, are active candidates for next year's session. News has been received at headquarters that Cleveland will enlist the services of Senator Mark Hanna and that he will head the delegation from that city. The delegates from Missouri will come in a special train, as will those from Illinois.

According to Secretary Mahon, such widespread interest in a session of the congress was never before manifested. The Natatorium building, one of the largest and hand-somest structures of its kind in the United States, will be reserved for the mineral exhibit, while its spacious grounds will be at the service of manufacturers desiring to exhibit mining machinery.

STATE GRANGE.

It Has a Membership of 2,470, an Increase of 242 During the Year.

Special to the Guard.

ALBANY, May 28.—The State Grange, twenty-eighth session, convened here this forenoon, with all officers and a good delegation present. Master B. G. Leedy, of Tigardville, presided. C. L. Smith addressed morning session and State Lecturer Buxton the afternoon session. Reports show membership of 2,470, an increase of 242 during the year. There are 58 granges in the state.

MCKENZIE WAGON ROAD.—R. S. Becknap, who conducts a summer feed stand on the McKenzie wagon road near Belknap Springs, informed the GUARD today that he is of the opinion that the road across the mountains is now open for travel. Before he came down on his way to Portland on the Hill post-office train, two parties with wagons had started across and had been gone three nights when he left. As they had feed for but one night he is confident they would have returned before he left had they failed to cross the summit. The road is bare of snow almost to the head of the Lost Creek canyon.

EASTERN OREGON FIELD DAY.

Pendleton High School Wins Trophy Cup.

Special to the Guard.

PENDLETON, Or., May 28.—The annual field day meet between the schools of Eastern Oregon was held here yesterday afternoon and the trophy cup was won by Pendleton high school for a second time with 47 points. Weston state normal school won second place with 43 points; Baker City high school 38; Union high school 7.

There were 15 events and 50 entries. Dorsey, of Walla Walla, was referee. On a slow track the 100-yard dash was won by Raddley, of Weston, in 11 seconds. Half-mile run by Brown, of Baker City, in 2 minutes 14 seconds. Other records good considering the condition of the track.

The four teams will make a special effort next year. Baker City, Weston and Union are determined to prevent Pendleton from winning the cup a third time. If she does, she will be entitled to hold it permanently.

MILITIA ENCAMPMENT.

Will Be Held Near Eugene Probably June 25 to July 3.

Special to the Guard.

SALEM, Or., May 27.—While no official announcement has been made here of the date upon which the National Guard encampment will be held it is believed from unofficial reports that it is the intention to hold the Fourth Regiment encampment near Eugene from June 25 to July 3, and the Third Regiment field maneuver from July 5 to 15.

Death of Mrs. Ray DeLano.

Daily Guard May 28

This morning all Eugene was saddened to learn of the death of Mrs. Ray DeLano which occurred at her residence on Eleventh street, between Oak and Pearl, last night about 10:30 o'clock.

Yesterday morning the physicians performed an operation upon the lady for appendicitis, but owing to her weak condition she was unable to survive the shock.

Mrs. DeLano, whose maiden name was Miss Ray Lawrence, was 42 years old at the time of her death. In 1881 she was married in Iowa to Willis H. DeLano, coming to Eugene a year later. Mr. DeLano died in 1887, leaving only one child, Miss Fay, who was with her mother at the time of her death. Besides her daughter, the deceased leaves a mother, Mrs. Hanna Lawrence, of this city, two sisters, Mrs. Agnes Thompson, of Iowa, and Mrs. Chas. Dickerson, of Junction City, who is now visiting in the East, and one brother, J. O. Lawrence, of Monticello, Iowa.

Mrs. DeLano was very popular in Eugene's society circles and her friends, who are legion, are greatly pained to learn of her death. She was a member of the Women's Relief Corps and was an active worker in that order.

The funeral will be held tomorrow afternoon at 2:30 o'clock at the residence, to be conducted by Rev. D. E. Loveridge, rector of the Episcopal church, and the remains will be laid to rest in the Masonic cemetery.

James L. Scott.

Daily Guard, May 27

James Lyons Scott died this morning about 6 o'clock at his home near Goshen.

Mr. Scott was born in Kentucky February 7, 1825, therefore being aged over 75 years. He came to Oregon in 1882 and settled in Eugene, where he lived until last fall when he moved to the place near Goshen where he died. The deceased leaves a wife and one daughter. He was a member of the Cumberland Presbyterian church.

The funeral will be held tomorrow at 11 a. m. at the deceased's late residence and interment will take place in Mulkey cemetery west of Eugene.

FARM HOUSE BURNED.—Saturday morning at 2 a. m., the house of Joel Addington who lives at Lost Valley, was discovered on fire. When the fire was first seen it had made such headway that it was impossible to check and the house and all the contents were destroyed. The cause of the fire was a defective flue. The family are left in straitened circumstances.

PORTION ACCEPTED.—Meritt Davis, of this city, has accepted a position as instructor in the Capital Business College at Salem, his duties to commence with the fall term of school. He will teach penmanship and other commercial studies to be lectured upon later. Mr. Davis is a competent instructor and we are glad to see him get this position.

REVOLVER LOST.—With black belt and holster, in the vicinity of Coyote, Reward of \$250 paid for return of same to G. W. Hunter.

BORN.—In Pendleton, to Mrs. Frederick North, formerly Mrs. Clara Condon of this city, a son.

## A BIG HAILSTORM.

Came from the East and Finished at East Suburbs of Eugene.

CONSIDERABLE DAMAGE TO CROPS.

A small portion of Lane county can boast of a record-breaking hailstorm. It occurred Saturday afternoon about 4 o'clock when, after a few hours of very sultry weather, the storm broke from the foothills between the McKenzie and Willamette rivers, about 12 miles east of Eugene, in the vicinity of what is known as the Cedar Flat country. It struck at the John Disher place, a mile above Thurston, but did not extend into the McKenzie river bottom.

AT THURSTON.

The next report of the storm that we can give comes from Dr. Russell, at Thurston, nine miles easterly from Eugene. He writes us that at 4 o'clock a terrific hailstorm passed over that place. Some of the hail measured 1 1/2 inches and three-quarters of an inch thick. It broke large glass in Dr. Russell's bay window and destroyed his wife's pretty flower garden. Broke windows in Platt and Scodfield residences, and 24 panes of glass in one house at "High Banks." Destroyed grain in the fields, cutting it off and beating it down. Fruit covers the ground from prune and cherry trees, while much of the fruit remaining is bruised. Much of the foliage was cut off. The fine Rees prune orchard at Thurston lost most of its fruit.

AT SPRINGFIELD.

Springfield was in the center of the storm, and several hundred panes of glass will be required to close up windows. The Washburne flouring mills alone had about 50 panes broken. Fruit trees were stripped of fruit and foliage, and the leaves of shade trees littered the ground. Gardens were ruined; in that respect Joe Stewart is an especial sufferer, the result of many evenings' work being lost out of existence.

The hail continued west through the Springfield bottom, and spent its force shortly before reaching the eastern suburbs of Eugene. North of Eugene a number of trees along the river just above the head of the Eugene millrace went down. One of the trees was a straight, thrifty young ash, about sixty feet high and sixteen inches in diameter at the butt. It was broken off about four feet above the ground, was perfect, without check or flaw. As it fell it turned about one-third around. It is not improbable that something of a cyclonic nature dipped down at that point. The fallen timber indicates it. No timber above or below that point was blown down, so far as we can learn.

For several hours after the hail the course of the storm was marked by exquisite perfume from the battered fir and other leaves.

MOP YARDS DAMAGED.

The George A. Dorris yard sustained some damage from the storm. It is a wired yard, also it would have been badly hurt, as it was in the center of the storm.

The Nels yard, just above Mr. Dorris, was greatly damaged, the hops being well along and on poles. The hail damaged the vines badly as it struck

them, the solid pole behind allowed no give to the vine.

The St. John yard also poles, was badly hurt. Will Seavey's pole yard also came off damaged.

In the Cheshire yard, on Patterson Island, ten acres of the hops were considerably injured, while fourteen acres escaped with nominal damage.

The Campbell & Walker yard, wire, had the buds (ends of vines) broken off throughout, but otherwise escaped injury.

The buds were broken off in a corner of the Linton yard across the river from Eugene.

Altogether we do not believe that five thousand dollars will cover the loss to the hopgrowers.

GRAIN DAMAGES.

Gum McPherson had one hundred acres of wheat that was just beginning to head practically ruined. He estimates his loss at \$100. Other farms where considerable damage was done were: Frank Powers, Vitus & Son, Peter Roler, James Ebbert, Charles Gories, Aurelius Arnstange, John Anderson, W. W. Withers and S. M. Douglas.

Commissioner H. D. Edwards was in big luck. Though his farm was in the course of the storm it missed him.

NOTES AND LOSSES.

James Moore had his head badly bruised while holding his team at the Douglas place above Springfield, having lost his hat. Two teams ran away at that place.

The greenhouse at the Chase vegetable gardens below Springfield, on the east side of the river, had about \$150 worth of glass broken. The gardens were not badly injured.

The old Jesse Cox hop yard east of Goshen, now owned by F. E. Dunn and under lease to Sovereign Bros., was considerably injured.

The hail "jumped" the Doane residence in the Springfield bottom, there being no hail for about 50 yards.

Ex-County Clerk Walker was hit on a big toe by a chunk of the hail while viewing the storm from his porch in the Springfield bottom. W. R. is not yet through swearing about it. His appetite for strawberries and cream is not so strong, the hail having pounded his fine strawberry bed out of any chance for fruit this year.

It did not reach to Coburg, finishing about the Spores bridge across the McKenzie river. There was scarcely any rain at Coburg.

James Tolman was camped at the head of the Eugene millrace. By some means one of the horses got down and the other frightened animal trampled over it, breaking a leg. It was shot.

The fruit and grapes on the Rev. Loveridge place in the Springfield bottom were destroyed. About 500 square feet of glass on the greenhouse were broken.

A large lumn tree was struck by lightning and destroyed at the Wm. Goodpasture place.

Daily Guard May 28

CAME NEAR DROWNING.—A team belonging to Albert Gordon, the drayman, came near being drowned this morning. Chas. White, driver for Mr. Gordon, was working the team near Gange Park in the construction of a bridge across one of the channels of the Willamette in that vicinity. The team was being driven across this channel when the horses in some manner became entangled, and the water being quite deep, they were carried down stream about 50 yards by the swift current. After considerable effort the horses were cut loose and the horses freed but not before they were nearly exhausted.

## ..FRANK DUNN..

Moquet Carpet, with border,  
all new colors.  
Body Brussels, with border,  
new designs.  
Tapestry Brussels,  
Velvet Carpet.

These all came in Tuesday, just from the factory. It will be a treat for you to visit our carpet room. New Portiers and Lace Curtains, all draped to show you what they look like. No trouble to show our line.

WINDOW SHADES in new colors.

## ..FRANK DUNN..

## Don't Listen

To the man that says it's easy enough to take a wheel apart and put it in good working order. Only the Expert with the proper tools can do it well.

Bicycle Repairing

Should not be attempted at home. If your wheel looks old and shabby, have it frame enameled. If it is out of order have it set right. The cost in either case will be trifling.

We have four Experts

Who Repair and Manufacture Bicycles. Competent men who have worked in Ohio, Illinois, Missouri, Kansas, Mexico, Idaho and Oregon. All are men of experience. We also repair guns and sewing machines.

## Barker Gun Works.
