The Dissenting Justices.

Three of the nine justices of the of the United States Supreme Court dissented from the opinion of the majority of the court that congress has the right to formulate a tariff against imports from our new island possessions. The Associated Press report says:

In his dissenting opinion Justice Harlin was passionate and oratorical. It is declared by people who heard his famous dissent in the income tax decision that he was even more earnest and vehement than he was on that other occasion. Justice Brewer, who also dissented from the majority opinion, spoke not a word during the entire proceedings. Chief Justice Fuller's dissent is regarded as a fine specimen of composition, and it was delivered with a calm demeanor that is characteristic of the learned head of the court.

NEWS FROM THE FAR NORTH.

L L Bales, private mail carrier, has arrived at Seattle from Cape Nome in thirty-five days, the record winter or spring trip. He took steamer at Bristol Bay, at the southern point of Behring Sea, just above the Alaskan peninsula.

Bales made the trip in eighteen days of actual travel, having been detained eight days between Nome and Bristol Bay, waiting for mail, and nine days at Bristol Bay awaiting the departure of the steamer. He brought out a great bundle of private mail and files of the Nome newspaper extending from November to April 6. He brought the first news of Nome since about the first of February, when the last papers from that section arrived out.

The gist of the decision of the supreme court of the United States as to imports from Porto Rico is to the effect that this country has the legal right to govern its new possessions as territories, to make special laws for them, and to tax their products as congress may determine. In other words there is one law for Oregon and another for Porto Rico and the Philippines. It is an unrighteous decision, made at the behest of President McKinley's administration and the sugar trust.

Charles Yun Marshall of Soo Choo, China, took the medal in oratory at the Nashville, (Tenn), Vanderbilt University contest yesterday. The name would indicate that he is a half-breed. His subject, the "Miracle of the Twentieth Century," referred to the suppositious awakening of China from the lethargy of centuries.

The long drawn out contest between the railroad to Astoria and the Columbia River steamers is at an end after twenty-two months of merry war. It is claimed that the actual loss of the competing lines together with the loss of profits, will reach the substantial sum of six hundred thousand dollars.

A New York clergyman performed the marriage ceremony for two socialist contracting parties yesterday. No vows were taken. They will have to settle the matter as to which shall do the "obeying" between themselves.

The Salem Journal says the good name of Salem "will suffer permenent injury if there is not some effort made to protect such funds as the public school savings and the Y M C A funds" in the settlement of the affairs of the badly bursted Gilbert Bros' bank.

Dr Paine writes from Italy that he "put in one day in the Paris salon." Now we will have a chance to learn how it compares with those of Eugene when he returns.

Portland police circles aresagitated over the suspension of an officer who would not lay by his umbrella while on duty, at command of the chief.

One hundred and sixty-five thousand bags of coffee received by five steamers at New York yesterday is said to be a record-breaker.

OLD PEOPLE

Have a charm of their own when they are not weak and feeble, but hale and hearty, enjoying the sports and pleasures of youth though they cannot participate in them. The whole secret of a sturdy old age is this: Keep the stomach and organs of digestion and nutrition in perfect order. The young man who does not think of his stomach will be made to think of it as he grows old. It is the "weak" stomach, incapable of supplying the adequate nutrition for the body, which causes the weakness and feebleness of old age.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It makes the "weak" stomach strong, and so enables the body to be fully nourished and strengthened by the food which is eaten.

"I suffered for six years with constipation and indigestion, during which time I employed several physicians, but they could not reach my case," writes Mr. G. Popplewell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me, could not retain food on my stomach; had vertigo and would fall helpless to the floor. Two years ago I commenced taking Doctor Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since. I am now in good health for one of my age—60 years. I owe it all to Dr. Pierce's medicines."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

SCOTT'S EMULSION

of cod-liver oil is the means of life, and enjoyment of life to housands: men women and children.

When appetite fails, it restores it. When food is burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge: the thick end is food. But what is the use of food, when you hate it, and can't digest it?

Scott's Emulsion of cod-liver oil is the food that makes you forget your stomach.

If you have not tried it, send for free sample.

A COOS COUNTY MURDER.

Laudis, Formerly of the Siuslaw River, Suspected of Being Guilty Party.

Roseburg Review, May 28.

Further particulars reached the Review this morning concerning the discovery near Coquille City, Saturday, of the body of Jesse E Eudally, who was reported missing from that place. Friday morning Jesse McQuigg, while walking along the railroad near Cedar Point, noticed a man digging in the brush near the road. His curiosity was aroused and he went back later to examine the spot. Finding where the earth showed signs of disturbance, he commenced to dig down and a little way below the surface found a man's foot. He went to Coquille City telling of his discovery. An organized party returned to the spot and unearthed the body. It proved to be the remains of Eudally. A bullet hole in the back of the head showed the manner in which he met death.

Eudally came to Coos county from Blackville, Oklahoma, and had been employed by Geo Yokum, of Coos river. Eudally received $64 from his employer May 23, and the fact that no money was found upon his body shows the sole motive for the murder to be robbery. McQuigg could not give an accurate description of the party he saw at the spot where the body was found, but he says that he wore a gray suit of clothes.

LATER.

Special to the Review.

Marshfield, May 28.—A man by the name Laudis is suspected of the murder of Jesse E Eudally. Laudis disappeared immediately after the finding of the body near Coquille City and searching parties are scouring the county in seach of him, every avenue to escape being watched to prevent him from leaving the country. He has relatives who it is thought are aiding him. His friendship with the Indians and his thorough knowledge of the country will render it exceedingly difficult to capture him. His former residence at Siuslaw is believed to be the objective point to which the fugitive is headed.
