#### The Pioneer Returns.

Pittsfield, Ill, Democrat, August 14.

Tomorrow Judge J F McCoy, of Martinsburg, will start to re-visit Eugene, Oregon, and other parts of that state, to which in the early 60s he went overland with an ox team and outfit. There, in the prime of manhood, he soon became one of the active pioneers of that new country and identified with all the prominent men and measures of the state's early history. In 1881 he was called back to his old home in this county to take care of his widowed mother, who recently died, and has remained a citizen here in the discharge of that filial duty ever since. Believed from that time back to the scenes of his early life with the record of a good, faithful and law-abiding citizen, enjoying the esteem of all who know him. His host of friends wish him bon voyage, a happy visit, and in due season a safe return among us. And in this the Democrat most heartily joins.

WEDDING WOMEN OF WOODCRAFT.—Mrs S K George organized a Circle of Women of Woodcraft at Wendling, Saturday. The following officers were elected and installed: Past Guardian Neighbor, Mrs Lizzie Webb; Guardian Neighbor, Miss Bertha Holcomb; Advisor, Mrs R C Morehead; Clerk, Miss Leona Holcomb; Attendant, Miss Sarah Bryant; Captain Guards, Mrs M C McCullough; Banker, Mrs Lavinia Kester; Magician, Mrs Lily Foster; Inside Sentinel, O W Webb; Outside Sentinel, Rosa Harrison; Physician, H F Ong; Managers, G O Bassett, M Harrison, Mrs Ella Fernham.

A HARD LICK.—Albany Democrat: Ira Campbell, of the EUGENE GUARD, returned home from the bay today, driven out on account of the absence of three-queching establishments and the dissipated condition of lovers' lane.

Another Letter From Central Oregon's Watering Place.

AUGUST 19, 1901.

EDITOR GUARD:—The crowds at this beautiful watering place remain about stationary, the inward and outward passengers being about equal. During the past few days the weather has been delightful, neither too cool nor too warm.

Saturday afternoon the U S light-house tender Columbine came into the bay at high tide. During the afternoon she was visited by hundreds. In the evening her electricians gave an exhibition with her search light, a couple of hundred people being present. First the light was thrown on the Baptist church on the hill. A portion of the congregation was quite nervous as to what it was, but the pastor, equal to the occasion, said it was some person employed by the devil to disturb the meeting by aid of a search light. At Nye creek a number of the people thought some new planet was lighting up the world. At Newport it was turned on the houses and several persons in the residences were found in ridiculous positions, while several lovers were seen embracing. The light was also thrown on the bay and out to the bar, as well as to Yaquina and South Beach. It is wonderful how powerful it is.

This place is principally made up of hotels and lodging houses, although it has a few permanent stores. The barbers are professionals, and they don't mind the state law as to shaving on Sunday, either.

A number of politicians are and have been here for the past few days: Gov Geer, of Salem; Chas A Johns, of Baker City; W R Bilyeu and Judge Whitney, of Albany; ex-Congressman Ellis and Chas Wilkins, of Pendleton; Dr D A Paine, of Eugene; Attorney Hayter, of Dallas; Senator Huston, of Hillsboro; Editor Hoefler, of Salem; Col Parker, of Walla Walla; Judge Long, of Portland, and many others.

One of the greatest pleasures of guests here is the continual hunt for "water agates," while few are found. You can purchase them in the rough from 10 to 50 cents or from \$1.50 to \$25 for mounted and polished ones.

Newport has a grand opera house. We understand it cost \$7000 and it now could be purchased for \$700 to \$800. Every other night the building is used for dances but this demonstrates the small number of men at the beach, proportionately. Saturday night 65 ladies were present and only 18 gentlemen.

Everybody wants to go to Nye creek, but it is overrun. A hotel at that point would be a paying investment.

Four Masked Men Held Up Saloon and Faro Bank—Got \$400.

Special to the Guard.

BAKER CITY, August 20.—Four masked highwaymen held up the Log Cabin saloon in this city early this morning about 2 o'clock.

They compelled the proprietor of the saloon to open the safe, and from it secured about \$400. They were very nervous, one of the men discharging a revolver in the face of the faro dealer, apparently by accident. No one was hurt.

They operated so hurriedly that they overlooked not less than \$300 in sight on the different gambling tables, \$700 in the safe and \$100 in the cash register. The saloon is located in the heart of the city. About fifteen persons were in the gambling room.

They had horses tied to a hitching rack two blocks away, and after completing their work rode hurriedly away in the darkness. The officers are on a hunt for the robbers.

Railroad Wreck From Powder Explosion.

A singular accident occurred to a Southern Pacific freight train near Glendale Saturday afternoon. The train was a long and heavy one, drawn by three engines. Near the middle of the train were three cars loaded with giant powder. In going up the steep grade near Tunnel 7, the train broke in two. The emergency brake being instantly set, brought the train to a sudden stop, the severe concussion of which exploded the giant powder in the three cars, blowing them to atoms and damaging those immediately in front and behind them.

The track was torn and twisted for some 50 yards or more covered by the explosion. This together with the demolishing of the cars was the only damage done. Fortunately there was no one near the cars at the time of the explosion.

The concussion was felt for a long distance, houses on the hillside hundreds of feet away being quite extensively damaged. The detonation was heard in Roseburg, 30 miles away. Had the explosion occurred inside the tunnel the road would have been badly crippled, and there would have been little chance for any one of those on the train to escape.

Islander Wreck Incidents.

The dispatches tell how passengers on the Alaska steamer Islander, parted with their treasure, with one exception, when the steamer was going down through collision with an iceberg in northern waters:

Mr Blomauer, of Portland, Or, had \$14,000 in gold dust in his satchel, but promptly abandoned it, tumbled into the water, was rescued, and is thankful.

D H Hart, a Klondike king, had \$40,000 in gold dust, which he abandoned, jumped into the last boat and reached shore safely. M Martin, of Winnipeg, dropped his satchel, containing \$4000, and a friend a portmanteau with \$3000, and each escaped. Another Klondiker, whose name is not given, is reported to have taken his portmanteau, containing \$40,000 in gold dust, from the purser, and jumped from the sinking steamer to a boat, which he failed to reach. Both man and treasure sank.

WILL PACK FRUIT.

T. N. Segar Will Ship Italian Prunes and Bartlett Pears East.

T N Segar will again run the packing house on Pearl street this season. He is having it placed in order and his boxes and crates are already on hands. He says he expects to pack a number of carloads of choice Italian prunes and Bartlett pears, and will commence work about two weeks from Monday. Mr Segar says he will be able to pay cash and thinks prices will be remunerative to the grower.

Railroad Construction.

Special to the Guard.

BOISE Idaho, Aug. 20.—A special to the Boise Capital News announces that work has been resumed with a full force of men and including the complete grading outfit of Wilkerson & Thompson on the Pacific & Idaho Northern railway from the new town of Council, the present terminus, to the great Seven Devils copper camps—a distance of 45 miles. The work will be pushed to rapid completion. It is claimed that the Seven Devils will rival Butte as a copper mining district, and one mine alone has already been developed to such an extent as to be rated at a value of \$3,000,000. A smelter is being erected near Weiser, and the construction of the P & I N as announced will bring a boom in Southern Idaho never before equaled.

THRASHING ACCIDENT.

John Bowers. Near Irving. Had His Arm Broken in Two Places.

Daily Guard, August 20

John Bowers, who resides near Irving, while feeding a threshing machine yesterday, caught his left arm in a pulley, breaking it between the elbow and wrist. It is a compound fracture and several of the smaller bones were literally crushed. Mr Bowers is a married man, 36 years of age.

Dr T W Harris was called and set the broken arm and the patient is getting along nicely.

DIED.—Albany Democrat: "Wm Cochran died at Rowland August 17, after an illness of some time, at the age of 87 years. He was born in Madison county, Kentucky, November 20, 1813, moving from there to Illinois when four years of age, and from there to Missouri in 1818. In 1847 he started for Oregon, meeting with many experiences. He stopped near Oregon City with but a dollar in his pocket. In 1849 he came to Linn county, and became one of Linn county's most prosperous citizens, accumulating a large property, at one time being the largest taxpayer in the county, owning over two thousand acres of land. He died a poor man. He was an upright citizen and did much towards the up-building of Linn county." He was a brother of the late Hon R R Cochran, of Lane county.
