LARGE WOOL SALES.

Daily Guard, August 27

Saturday S. H. Friendly purchased 30,000 pounds of wool from W. Saunders, and today disposed of about 100,000 pounds to M. Koshland, of Portland. This is a large sale of wool for the Willamette valley. The wool is quite choice and was sought after by buyers because it is of the Cotswold variety.

A Texas Famine.

San Antonio, Tex. Aug. 26.—Reports today from Zapata county confirm the news that the poorer classes there are facing starvation. They must have immediate help in the way of food or the results will be terrible. Range water has failed, and cattle are too weak to travel and are dying rapidly. The country is literally burned up by drought. There is not a green thing to be seen except cactus plants. Zapata county is 50 miles from the nearest railroad.

An Article by Rev. M. L. Rose in an Eastern Journal.

We take the following from "Business in Christianity," a magazine published by the Christian Church, at Kansas City, Mo., for August, 1901:

Eugene, the county seat of Lane county, on the bank of the Willamette river at the highest point reached by steamers, in the midst of a fertile valley dotted with comfortable homes and fruitful fields and orchards, hemmed in by hills varying in height from a few hundred to a thousand feet, is truly beautiful for situation. The hills are covered with trees so large that to tell their size would be to be discredited by those who have not seen an Oregon forest. Mills are turning these forests into lumber and Eugene is the center of a large lumber trade. Besides a sawmill and planing mills, Eugene has a furniture factory, excelsior mills, flouring mills, creamery, cannery, fruit dryer, foundries, tannery, soap factory, etc. Gold mining is done quite extensively in the hills near by.

The University of Oregon is located here, also the Eugene Divinity School with its faithful corps of teachers training young men and women for the ministry of the Christian church.

The city has three large public school buildings, one of which is used for the High School.

On one of the best corners in this educational and commercial center the Christian church owns the best and most beautiful church building in the city. The Church Extension Board granted this church a loan of \$500 at the critical time of completing the building. The loan is all returned and the church free from debt and growing in grace and numbers. The wisdom of the board in aiding this church commends itself to all who visit this center of influence. There are many more open fields in this growing west that ought to be entered. May the churches give the board money to answer the urgent calls that are made.

MORTON L. ROSE, Pastor.

Obituary.

Cynthia Jane York was born in Marion county, Oregon, December 19, 1852. Was married to John Isham, in the same county, January 28, 1868. They came to Lane county in 1871, locating on a homestead near McKenzie Bridge on account of the delicate health of the wife. Removed to Crook county, near Prineville, in the fall of 1898.

About a year ago she began to suffer from dropsy which finally caused her death in Eugene, where she had come for medical attention, Wednesday, August 21st. Mr. Isham was notified by telephone and gave instructions to hold the body until the rest of the family could arrive, two daughters being with the mother. On the arrival of the husband the burial took place Sunday, August 25, at 2:30 o'clock in the afternoon, to the I. O. O. F. cemetery. The services were conducted by Rev. Green.

Eleven children were born to Mr. and Mrs. Isham, of whom nine are living, the youngest a son of nine. Mr. Isham and family will move back to their McKenzie home this fall, probably by November 1st.

COMMITTED FOR BURGLARY.—Constable J. H. Miller, of Junction City, brought up on the afternoon train two boys, Chas. Todd and Gus Shoemaker, and turned them over to Sheriff Withers for safe keeping until the meeting of the next term of circuit court. They are charged with burglary, and their bonds are fixed at \$250 each. It appears they entered the Stanley farm house, about a mile south of Junction, broke open a trunk and stole therefrom some clothing and a razor. They were arrested and taken before Judge Miller, of Junction, and held in the above amounts. They are aged 16 and 17 years respectively and are tramps from the towns of Sacramento and Red Bluff, Calif, they claim. Lane county will give them free board until October.

W. Saunders has sold 15,000 pounds of wool to Bernheim Bros., of Portland, at 15 cents per pound.

The Man That Got Away With Chester Chrisman's Bicycle

Arrested in Portland.

Daily Guard August 27

Chief of Police Sidney Scott this morning received a letter from D. M. McLaughlin, the Portland Chief of Police, stating that they had arrested a man attempting to sell Chester Chrisman's bicycle that was stolen the other day from the Eugene depot. It was the same style, model and number, being a Columbia, model 68 and No. 1,908 and was sold by Loughmiller & Peter, of this city, February 2, 1901.

Mr. Scott left on the 2:08 north bound train for Portland, with a complaint and warrant of arrest, and expects to arrive with the man on tomorrow afternoon's train. This makes three stolen wheels the Eugene officers have traced up this summer.

Senator Simon's Father.

The Portland Telegram has this about David Simon, father of United States Senator Simon, who died in Portland, Sunday, August 26:

Mr. Simon was a native of Germany, and was 81 years old. He came to the United States nearly 60 years ago, first settling in New Orleans engaging in the mercantile pursuits. In 1850 he returned to Germany, and married Miss Elise Leopold, with whom he lived until her death, which occurred about 40 years after the marriage. They remained in Germany for two years after their marriage, when they came to New Orleans, where Mr. Simon again took up mercantile pursuits.

From New Orleans they went to Sacramento, and afterwards to San Francisco. Mr. Simon came to Portland in 1857 to see the place, with a view of locating. He was at once caught by the prospects of the place, and sent for his family, which joined him shortly afterwards. He made a success in business here, and retired from active business 25 years ago. He mingled but little with the world, spending his time with his family. His seclusion became more marked in 1890, when he lost his wife, who died in that year.

The Deadly Trolley.

City trolley wires furnishing power for running streetcars carry heavy loads of electricity. As an instance of their deadly nature we clip this from the Portland Telegram of August 26th:

Two big draft horses, owned by a Santal, a scavenger, met with a horrible end at Sixth and Pettygrove streets at 5 o'clock this morning. It was by a hair's breadth that Santal, in an effort to save one of his animals, did not suffer the same fate. The team was driven into a low-hanging live wire, crossed on a trolley wire, the neck and their heads were nearly burned off.

CONTRACT LET.—Monday evening the street committee of the city of Eugene opened bids for the construction of 3000 feet of sewer on Eleventh, Hilliard and Twelfth streets. The following bids were submitted: W. B. Mumme & Bro., \$2,090; M. D. Bissell, \$2,390; R. M. Day, \$2,520. The contract was let to the lowest bidder, Mumme Bros., whose bid did not include stand pipes, which, however, will not cost to exceed \$10 in full, the city to allow the contractors not to exceed 20 cents per foot for construction of said pipes. The contractors will be required to give a bond in the sum of \$2000 as a guarantee of doing the work according to contract, and will be further required to assume all responsibility in case of accident or damage while constructing the sewer.

THE WHEAT CROP.—Portland Rural Spirit: The biggest record wheat crop of the United States was that of 1891, namely 675,000,000 bushels. The crop of 1901 bids fair to exceed it by from 50,000,000 to 75,000,000 bushels. Do not be in a hurry to rush your wheat to market. While your crop is very large, the European demand is correspondingly large, and our corn crop has been damaged considerably and may take many bushels of wheat to make good the loss. Prices will, without doubt, be high, and they who have wheat will benefit by it.

PATRICK DUNN'S WILL.—Ashland Tidings: The will of the late Patrick Dunn, of this city, has been filed with the County Court for probate, and disposes of his real and personal property estimated to be worth about \$50,000. Mrs. F. Dunn was named as executrix, but she declined in favor of Geo. W. Dunn, who will administer on the estate for the heirs. One-half of the entire estate is left to the widow of the deceased and the other half is to be shared equally between the children.—Mrs. Lizzie Van Sant, G. W. Dunn, Mrs. E. A. Rice and Mrs. O. H. Caldwell.

Mrs. Melvina Gore Clayton, died in Ashland, Aug. 22, aged 46 years. She received her education at the University of Oregon. She leaves a husband and two children.
