SALMON HATCHERIES.

Special Fish Warden Makes Favorable Reports as to the McKenzie and Siuslaw Rivers.

Astoria Budge Oct. 15

Several letters were received at the fish warden's office today from field and hatchery superintendents and all reported that the work of which they had charge was progressing well

James T Hatton who had been exploiting the McKenzie river, a branch of the Willamette which is believed to have been the greatest breeding ground for Columbia river salmon in early days, writes that he has found several good locations on the McKenzie for hatcheries and that when the falls are arranged at Oregon City so that the fish can get up there will be no limit to the number of fish that can be propagated there.

H E Austen, who has charge of the hatchery work on the Siuslaw, has been up Wild Cat creek, a tributary of that river, and has found what he believes to be the natural spawning ground for salmon and has put in racks to catch the fish.

Education in Porto Rico.

The expense of maintaining schools in Porto Rico is very high, if we consider the amount spent for the small number of pupils enrolled, but as the country is gradually brought in closer touch with our own, their system will evidently be changed, until it reaches our present state of perfection. In this country the people are being educated to the fact that there is a sure cure for dyspepsia, indigestion, constipation, liver and kidney troubles, and that medicine is Hostetter's Stomach Bitters. It should be taken at the very first symptom, if you would avoid unnecessary suffering. It will give prompt relief and eventually cure, as hundreds of people, including many prominent physicians, have testified during the past 50 years.

A Fiendish Attack.

An attack was lately made on C F Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes that he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at W L DeLano's drug store.

Tarweed as a Crop.

Tarweed has come to the front as one of California's diversified and valuable products, and under the scientific name of Grindelia robusta is being shipped to an eastern patent medicine firm and manufactured into cough medicine. Briggs Argus says: J W Thompson, of College City, cut and baled 75 bales of 250 pounds each last year and will prepare about the same quantity this year. And thus a market has been established for what has hitherto been considered worthless and a nuisance.

SURVEYORS ARRIVE.

Will Commence Work on Bohemia Railroad at Once.

Special to the Guard.

COTTAGE GROVE, Or, Oct 17—A party of surveyors arrived here this afternoon from Portland and will at once commence the survey for the railroad from here to the Bohemia mines.

The survey is to be final and construction is to follow as rapidly as possible.

For Moral Cause.

Burns, Or, Oct 14—It now transpires that G W Hayes, register of the United States land office at Burns, was removed because of his alleged intimacy with the wife of G W Horton, a local druggist. The latter made a complaint against Hayes at Washington. The neglect of his family by Hayes on account of his infatuation for the good-looking Mrs Horton, has for some time been a live social scandal in the town. Hayes was formerly well respected, but has been gambling heavily of late.

Tot Causes Night Alarm.

"One night my brother's baby was taken with Croup," writes Mrs J C Snider, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for coughs, colds, throat and lung troubles. 50c and $1.00. Trial bottles free at W L DeLano's drug store.

The Best Prescription for Malaria.

Chills and Fever is a bottle GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.
