THE RIGHT OF FREE PRESS.

The Spokesman-Review, (rep.) has the following to say in reference to the "Right of Free Press."

"Yellow journalism" is offensive to many people, and it is a proper subject of criticism; but to be effective, the critics must speak with reason and fairness. The efforts of Hearst's business rivals to make it appear that his newspapers were responsible for Czolgosz's murder of President McKinley are far fetched and ridiculous. There is no evidence that the President's slayer ever read either of those publications. He himself distinctly stated that he was excited to the deed by anarchistic writings and more particularly by a lecture delivered by Emma Goldman.

There is no doubt that the Hearst papers transcended the bounds of good taste and fairness in their criticism of President McKinley; but a number of his critics have been at greater fault. The New York Sun, which seems to lead the attack on the Journal, has long been notorious for its violent abuse of public men. It hounded Grant, Garfield and Cleveland with pitiless ferocity, and it has not spared President McKinley.

Democratic attacks on President McKinley have never equaled the savage onslaughts by the republican press on ex-President Cleveland; and Hearst's criticisms of the recent administration were not so blind, bitter and untruthful as were the attacks made on Mr. Bryan by republican journals in all parts of the country. Hundreds of republican papers never speak of Mr. Bryan save to abuse and vilify him. To this day they lie about him and misrepresent him; and some of them have carried their opposition to the littleness of refusing to print the kind words which he uttered when the president was stricken down by the hand of the assassin.

The right and the duty of a free press to criticise the official acts of public men must not be abridged merely because a mad anarchist takes it into his addled brain to slay a president or a governor. In a republic of 75,000,000 people great policies must invite strenuous opposition, and the champions of undebatable doctrines must expect vigorous criticism. But it goes without saying that there are bounds which decent citizens will not cross.

OREGON'S TIMBER.

Forestry Expert Johnson makes the following estimate of the timber in Oregon. This estimate applies only to trees 18 inches and over in diameter, 30 feet from the ground:

	Feet.
Yellow or red fir—	
Oregon pine	255,000,000,000
Spruce	15,000,000,000
Hemlock	7,000,000,000
Yellow pine	20,000,000,000
Sugar pine	8,000,000,000
White pine	3,000,000,000
Noble fir	2,000,000,000
Silver fir	1,000,000,000
Red cedar	2,000,000,000
White cedar	1,000,000,000
Tamarack	2,000,000,000
White fir	2,000,000,000
Miscellaneous—oak, maple, etc	17,000,000,000
Total	335,000,000,000

One-eighth of the timber land has been burned over. Two years ago it was not known there was any redwood in Oregon, but in Curry county there are 1000 acres.

The penalty for train robbing should be death. The men who attempted to kill the brave express messenger, Mr. Charles, are murderers at heart and would not scruple to take the life of any number of citizens for unlawful gain. A term in the penitentiary for such villians would be no considerate penalty.

Heavy capitalists and property owners should come to the front to the man and help Eugene get a factory that will pay 500 per cent the first year, alone. Don't stand back. Come to the front like men.

Mr. Charles, the express messenger, who so bravely defended the property of Wells Fargo & Co's express last night, certainly earned promotion.

Doctors not seldom give up a case, but a mother never does. While life lasts, while there is a spark of vitality which love's labor may fan into a flame, she toils untiringly for the child she brought into the world. And sometimes where the doctors fail the mother succeeds. She has no prejudices. Any means she will use which will save her child.

The mother's prescription given below is a case in point. Her daughter was given up by physicians as suffering from an incurable disease, called "wasting of the digestive organs." The mother prescribed Dr. Pierce's Golden Medical Discovery and "Favorite Prescription," and had the happiness of seeing her daughter restored to perfect health.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It is a nerve-nourishing, flesh-forming medicine—making new blood and new life.

"Golden Medical Discovery" contains no alcohol and it is absolutely free from opium, cocaine and all other narcotics. It is a true temperance medicine.

"My sister (of Arlington, Washington Co., Neb.,) was taken very sick and had several doctors," writes Mrs. C. L. Harrison, of Elk City, Douglas Co., Nebr. They could not do her any good, and told my mother they would not come any more, as no doctor could help her, that she could not get well. She had 'wasting of the digestive organs.' My mother said to my sister: 'Well, I almost know that Dr. Pierce's medicines will cure her.' So she bought six bottles—three of 'Golden Medical Discovery,' three of 'Favorite Prescription,' and some of the 'Pellets,' and now my sister is a well woman.

"We thank you for your medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.
