WORN BY PASSING COINS.

An Object Lesson Offered by Ticket-

Window Ledges. "Talk about money burning holes in people's pockets," remarked an observant stranger the other day, "but iver and kidney troubles. Many physicians prescribe and recommend it. Do not fall the ticket seller's window on one of the L stations as he spoke. The woodwork was scooped out several inches deep where the intended passenger usually shoves in his fare, and the cavity was twice as wide as it was deep.

NOV. 30TH

"That," said the observant man, "is a more graphic illustration of what conust the thing you want, sir .- Tit- stancy will do than all the lessons ever taught by the dripping of water upon CLAIM ANTS FOR PENSION that a drop of water would wear away the greatest stone, but here we have a mute picture of what the constant showrocks. They used to tell us in school ing of coins in and out of that ticket seller's window has done. You will notice that the wood is worn out as smoothly and evenly as if it were done by the finest kind of tools in the hands of the finest kind of a carpenter. There isn't the faintest suspicion of a splinter "Yes; of course you know that there. Millions of nickels and dimes "I know they are," she said, "but when it is day in China it's night that whether and repassed through that window and been shoved along that hardwood board, which was originally level and flat as a street of asphalt, until they wore that cavity which you now see there.

"I do not know that there is any particular way of shoving the money between ticket seller and purchaser, but there must be, because the cavity is shaped like an elongated saucer, demonstrating beyond any doubt that there must be a universal way for moving the coins back and forward. I have traveled a good deal, but nowhere have I "What we need to do, "cried I, hotly, seen such a thorough object lesson as the hollow of that board affords. To "I took out all I saw, sir!" pro- make a cavity like that the exchange tested the legislator, with convincing of coin must have been simply enormous and beyond the imagination of man to conceive. It is one of the greatest curlosities of the city. I doubt that it has an equal in the world. This is the fifth or sixth window sill on the L that I have noticed worn away by coins in this way. At 42d, 33d, 23d and 14th street, on the 6th avenue road, the Browne-Yes. I just loaned him cashlers' window ledges are especially well worn away by the passing of coin. I don't suppose that one New Yorker BROOKLYN, N. Y., Oct. 14 .- People in a hundred notices the fact as he reaches forth for his ticket.-New York Mail and Express.
