### BODY ARRIVED.

Particulars of Harry Smith's Accidental Death.

Daily Guard Dec 11.  
The remains of Harry Smith, who met his death by accident in a coal mine at Gebo, Montana, last Friday morning, arrived in Eugene on the 2:05 southbound train this afternoon, accompanied by the dead boy's brother, Gilbert Smith, who was working in the same mine.  
The remains were met at the depot by the boy's parents, Mr and Mrs G. A. Smith, a large number of friends and the local camp of Modern Woodmen, to which order the deceased belonged. Undertaker Gordon took charge of the body which was taken to the Congregational church where Rev. Mac H. Wallace delivered the funeral sermon. The pall-bearers were Henry Schwaning, Paul Green, W. C. McGuire, Frank Taylor, Clayton Hawkins and T. A. Campbell, all brothers of the deceased in the lodge. After the ceremonies at the church, interment was made in the I. O. O. F. cemetery.  
The deceased was 21 years old last May. He has resided with his parents out near Martin's brick yard for a number of years and left here in May, arriving in Montana in July. He was an upright young man and was liked by all who knew him.  
From his brother, Gilbert, the GUARD is informed of the sad death as follows: The young man was working on the night shift in a coal mine at Gebo, Montana. Some time between 3 and 6 o'clock Friday morning his clothing was caught in the shaft of a fan engine in such a manner as to strangle him to death. He was alone at the time and no one knew of the accident until his brother found him dead at 7 o'clock in the morning. His parents were immediately telegraphed to and they telegraphed back to bring the body home for burial.

### DEPOT YARD IMPROVEMENTS.

Two carloads of decomposed granite from near Grants Pass has been sidetracked here with which to improve that part of the N. P. Co's platform made of that material. Seven carloads of sawdust will arrive soon to be placed in the stock pens, which are now extremely muddy.

### A CUTTING AFFRAY.

Mack Burns and Edgar Spores Have an Altercation.

SPORES WAS STABBED.  
Saturday afternoon about 4:30 o'clock Mack Burns stabbed Edgar Spores several times on the face, arm, hand and back with a pocket knife on Burns' place a short distance west of Eugene.  
The particulars of the affair as near as obtainable are as follows: It seems that Burns had warned Spores not to come on his place, they having had some previous trouble over land matters. Spores had purchased some chickens from Mr Christie who had been living on Burns' place, but who was just then moving away. Spores went to the place after them and Burns, who was there at the time, seeing him coming, said: "Spores, I have told you never to come on this place, now leave." Spores refused to leave and went inside the house. Burns started toward Spores, whereupon the latter picked up a chair and hit Burns over the head. Burns pulled out his pocket-knife and commenced slashing at Spores, cutting several small gashes on his face, arm, hand and back, the wounds, however, not being of a very serious nature. A physician was not sent for until Sunday evening when a telephone message summoned Dr. Payne. The doctor started for Coburg this morning but was unable to get there on account of the high water.  
Burns gave himself up to Constable Thuman at Coburg and this morning was brought to Eugene by that official. An examination was waived and the prisoner bound over to await the next session of circuit court.  
Both participants in this affair are married men and have families.

### LOTS OF WATER.

Newport News: The steamer Roberts, Captain Johnson, sailed Saturday morning for Sitka, with a cargo of flour and feed. Captain Johnson reports a very satisfactory condition of the bar. The channel which formerly ran to the northward of the channel rock, previous to its removal, now runs straight out to sea. The reported 16 feet of water on the bar as he passed out at low water.

A BIG DEER.—The other day dogs chased a deer into Wm. McLean's door yard on Camp creek. The children were playing in the yard and the deer, maddened with fright, ran them into the house. The dogs made their appearance and chased the deer away but it returned soon and this time came near killing one of the children. Mr. McLean shot the deer and when it was dressed it weighed 199 pounds.

THE RAZOR FACTORY.—P. Goesser, one of the proprietors of the new razor factory in the Troy laundry building, informs a reporter that the machinery is all in position and will be put in operation tomorrow. Besides manufacturing razors the company will do all kinds of grinding, making a specialty of grinding old razors and surgical instruments.

### RECORDER'S COURT.

James McCarty, a logger, was up before Recorder Dorris on the charge of being drunk and disorderly. He was fined \$5 and costs, amounting in all \$8. Early this morning Policemen Croner and Pratt arrested several loggers for being too boisterous but McCarty is the only one given a hearing so far.

BORN.—In Eugene on North Madison street, this morning to Mr and Mrs H. A. Cox, a 10-pound son.

BORN.—In Eugene, Oregon, Dec 8, 1901, to the wife of F. J. Craig, a 10-pound son.

### A LIVELY MEETING.

A Number of Citizens Talk on the Ward Ordinance.

LIBRARY TAX PASSED.  
Daily Guard, Dec 11.  
Council met last evening. Present, Mayor Chrisman and Councilmen Peter, Green, White, Barker and Osburn and about 100 citizens.  
Minutes of Nov 11th read and approved.  
A number of bills were allowed.  
Councilman White from judicial committee reported adversely on the opening of Tenth street to Willamette street. Report on arc light at High and Eleventh streets. Report adopted.  
Monthly street report filed. It showed 11,820 feet of lumber had been used during November, and that \$31.85 had been collected and paid for repairs to sidewalks.  
A petition from the fire department asking that regulations be established so not more than five men be allowed to ride in a drag when hauling apparatus to a fire was referred to the fire and water committee. The drymen have refused to haul any apparatus unless these regulations are made.  
A petition for an arc light on the corner of Madison and West Seventh streets, referred to the committee on fire and water.  
Communication from board of fire delegates announcing the election of W. C. Yoran chief engineer and Geo. Monroe, assistant.  
Ordinance abolishing wards taken up.  
Councilman Peter offered a substitute to the ordinance as follows: "That one councilman shall be elected from the residents of each of said wards by the voters thereof at the general election held in said city, on each alternate year, commencing with the year 1903 and three councilmen shall be elected from the residents of the city at large on each alternate year commencing with the year 1902." Carried by a vote of 4 to 3. Ayes, Peter, Osburn, Reaney, Mayor Chrisman, Noss, Green, White, Barker.  
Previous to this an amendment was offered by Councilman Green revealing the figures of 1902 and 1903, but was lost.  
Councilman Green presented a remonstrance against abolishing the wards containing 505 voters and tax payers. The names were read by Attorney J. M. Williams. Ordered filed.  
Pending action the following citizens were allowed the privilege to speak in opposition to the ordinance: J. J. Watson, J. H. McCullough, J. M. Shelly, R. McMurphy, J. T. Rowland and A. C. Jennings. The audience cheered the gentlemen a number of times. The speakers were against any change in the city election laws.  
For the council Roney and Osburn spoke in favor of their position by saying they believed it would be best for the city to elect three councilmen at large. It was then proposed by Judge Walton, A. C. Jennings and J. M. Shelly that instead of abolishing the wards or changing our election process, that Eugene be divided into four wards to conform to the division of the city into four precincts for county elections.  
Councilmen Roney and Osburn and Peter stated that they were perfectly willing to investigate the 4 ward plan, as there was plenty of time to pass ordinance relating to the election.  
[The charter provides only for the election of six councilmen.]  
Councilmen Osburn, Peter and Green appointed to investigate the law as to whether or not the city of Eugene must have four wards as stated by A. C. Jennings, to conform with the state law. The above three councilmen appointed to confer with the county court concerning the matter.  
On motion of Councilman Peter the further consideration of the ordinance was laid over until next month.  
Councilman Osburn reported favorably on one-fifth of a mill tax for the benefit of the free library conducted by the Fortnightly Club. The levy was made for five years and will bring the library an annual revenue of \$250.  
Ordinance passed to regulate the use of sewers and punishing violations thereof. Passed. It provides against throwing solid matter into closet basins, etc.  
An ordinance for levying sewer assessment for the new sewer on Eleventh and Hilyard streets was passed.  
An ordinance requiring a builder's license was passed. For constructing buildings valued at \$100 and over the builder must get a license of the recorder for which he pays a fee of \$1.  
Bills were read and referred to the finance committee. An eight-foot sidewalk was ordered built on North Park street from Wilkinson's blacksmith shop to the rear of the old courthouse building.  
The street commissioner reported \$423 collected on poll taxes.  
Street committee reported sewer on Eleventh, High and Twelfth streets completed. Warrant issued for contract.  
Council adjourned.

### A SENSATIONAL MURDER.

THE NEW CASE RIVALS THE BONINE CASE.

CORONATION DAY.  
Special to the GUARD.  
LONDON, England, Dec 10.—The King has fixed upon June 26, 1902, as coronation day. Parliament meets Jan 16th.  
RAILROAD RATE WAR.  
Special to the GUARD.  
SALT LAKE, Utah, Dec 10.—A railroad rate war is on. Fifty per cent on west bound freights is usual.  
DEWET STILL LIVELY.  
Special to the GUARD.  
HEILBRON, Dec 10.—General Dewet nearly surrounded Gen Kitchener's scouts a few days ago. Wilson relieved and both columns retired.  
SENSATIONAL MURDER.  
Special to the GUARD.  
WASHINGTON, D. C., Dec 10.—Mrs Ada Gibbert Denis, a fashionable dressmaker of this city, was found dying in her room at 5 o'clock this morning. Her skull was badly fractured, her jaw bone broken and the left ear severed. Her assailant or assailants are unknown. It rivals the celebrated Bonine case.

### WRECK ON NORTHERN.

Head-End Collision Near Yakima of Two Freight Trains.  
North Yakima, Dec 9.—A head-end collision between an extra east-bound freight and No 54 freight, two miles north of here, on the Northern Pacific, at midnight, last night, resulted in the death of two trainmen and the injury of several others. The killed are Engineer Cooper and fireman, name unknown. The injured are brakeman J. J. Peters, arm mangled and internally injured; fireman B. B. Stott, leg broken and foot crushed; brakeman W. D. Arey, head and face, scalded; conductor Joseph Chase, head cut and scalded; fireman Alfred Schanzko, bruised and scalded.

### RICH BODY OF COPPER.

Recently Uncovered at Pope and Day's Bohemia Mine.  
Daily Guard, Dec 11.  
On the Belcher claim, owned by the United States Consolidated Gold Mining Co. in the Bohemia district, the principal stockholders in which are Messrs I. W. Pope and F. S. Day, of this city, a fine body of copper ore has just been opened.  
Assayer Herbert Leigh, who returned yesterday from a trip to Bohemia, brought down with him some small samples of the ore, assays of which are being made this afternoon. Mr Leigh this morning said the samples showed much richness and he expected them to assay very high.  
The Belcher claim is an extension of the famous Helena mine, and further development will no doubt show it to be as rich in gold as the Helena besides yielding big quantities of copper.  
Mr Leigh has a claim between the Helena and Belcher, running crosswise with these two.

### ELECTION OF OFFICERS.
