Counterfeit Gold.

Few persons know that the gold used in color printing and on picture frames is made from a composition powder of bronze and spelter, and not from pure gold leaf, but which, however gives the same effect. There is another article that is very much imitated, and that is Hostetter's Stomach Bitters. Spurious dealers often refill the bottles, and thus give them the same appearance as the original, but unless they have our Private Stamp unbroken over the neck they are not genuine. Refuse all such imitations. The genuine Hostetter's Stomach Bitters has an unequalled record of cures of stomach complaints back of it, such as dyspepsia, indigestion, constipation, biliousness, nervousness, insomnia, and malaria, fever and ague.

DON'T WANT A ROADMASTER.—At the present term of commissioners' court there have been presented to that body remonstrances against the appointment of a county roadmaster from 15 different precincts, with a total of 566 names attached thereto. It seems to be the general wish among the taxpayers of the county that a roadmaster is unnecessary, and that office will probably remain unfilled in Lane county.

RAILROAD TO SIUSLAW.

Trade Would Go to Portland Instead of San Francisco.

H H Fisk, the well known resident of the lower Siuslaw, writes as follows to the Oregonian:

MAPLETON, Or, March 5.—(To the Editor.)—Having been a resident of Western Lane county for the past 14 years, and noticing that its trade during this period has gone to San Francisco, I have asked my neighbors, and now ask Portland. Why are no steps taken to divert this trade to the metropolis of Oregon? Why are the people of Western Oregon and the people of Portland so negligent of their own interests? Belonging, as we do, to the same great state, our interests are surely mutual. It is conceded that we have the finest dairy country in the West, and our fruit and vegetables cannot be surpassed. Our lumbering industry is developing, and will soon be enormous, as we have thousands of acres of the finest timber in the world. The development of our resources however, is held in check, for the want of proper shipping facilities, and as it is, Portland gets very little of our trade. It has lately occurred to me that all of this might be remedied by a railroad from Yaquina down the Coast to the Alsea, Siuslaw, Umpqua, and as far south as Coos Bay, a distance of 80 miles. A railroad from Yaquina south would do more to develop this part of the Coast, and at the same time insure to Portland the trade that now goes to California, than any other project.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. It overcomes constipation, improves appetite, gives perfect health. Only 50c at W L Delano's drug store.

ROSEBURG WILL ADVERTISE.—Review: "At a special meeting of the board of trade Tuesday evening the principal topic discussed was the matter of advertising Douglas county and its resources. The special committee on advertifing reported favorably on the issuance of a 20-page illustrated booklet for distribution in the East and elsewhere. After considering various motions it was decided to adopt the recommendations of the committie and issue 5000 copies of such booklet." Roseburg, together with nearly every town of importance in Western Oregon, realizes the value of such a manner of advertising. When is Eugene going to get a move on in this matter?
