"if" in referring to his prospect of Pierce's Favorite election;

. . Mr Furnish, if elected, will make a careful, capable Governor. But he will not have such a walkover next June as some Republican nominees have had heretofore.

Candidate Furnish undoubtedly felt a chilly sensation in the region of the backbone when he read that, and then remembered that the big part of the nearly ten thousand majority of the Eastern Oregon district for the Republican candidate for congress came from Portland, also that his competitor to be, Mr Chamberlain, carried Portland for prosecuting attorney by several thousand majority at that same election. Mr Furnish has reason to feel chilly when he consults those Multnomah county election returns.

A GRASS TRUST BEAT MOODY.

Congressman Malcolm Moody has found out what it means to publicly work for corporate interests-that is when his home people are the ones hit hard. He has been retired from the Portland and Eastern Oregon congressional district simply because his vote and influence were thrown in favor of monopoly, of leasing the public range to large corporations to the practical exclusion of small stockmen. He made the mistake in supposing that the party record for trusts would carry him through with his constituents. But those constituents kicked over the traces when a practical illustration of trust legislation came directly home to them. And the district that gave Moody nearly ten thousand Wheeling has begun and J N Lindthirty-five thousand two years ago repudiated him.

It was all right for Moody to vote for trusts on clothing, machinery, sugar, in fact about all the necessaries of life, but it was all wrong for him to vote for an Eastern Oregon grass trust. He has found it out too late.

A MILLIONAIRE'S PLIGHT.

Do John D Rockefeller's millions -most of them wrongfully taken from the public-bring him happiness these days? Not likely. He would probably give them all, and too willingly, for the precious boon of health.

Billy is the man who killed grounds bareheaded when there is two swan at 17 shots last winter at 30 sunshipe in the hope that the sun's yards with R D Hawley's 30-30 Marrays may bring some relief.

George E Chamberlain, prosecuting attorney of Multnomah county, is the Democratic candidate against William J. Furnish, a Pendleton banker, on the Republican ticket. Chamberlain has never failed to overcome odds when nominated and, we believe, is very liable to do business for Oregon as her governor.

It was left for Chicago to find a use for the football player. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds.
