Chainless Imperial, \$35.00. Paine & Co. A carload of furniture arrived today for Chambers & Bro. An awning was placed in front of the new McClung block today. A first-class experienced bicycle repairman now at Chambers' hardware. John Ingham will soon build an addition to his cottage on High street. New stock of wall paper now in. A large amount at price at Chambers' hardware. The Fish Bro's wagon, new 3-inch motor, a bargain for the man needing it. Moon's. No wheel as good as the Crescent, get one and know it. See them at Chambers' hardware. The quarterly report of the superintendent of the state penitentiary just received shows 318 prisoners. Moon carries the most complete line of garden and field seeds in the city and his prices are the lowest. Prune and spray your trees quick, before the buds swell. Full outfit, big little, at Chambers' hardware. The postoffice at Aurora was robbed Monday night. The robbers blew open the safe and secured about \$300. C B Baughman finished a very successful term of school at Thurston on Friday and has returned to Eugene. Heavy field and yard wire fence, 100 cents rod at Chambers' hardware. L O Beckwith's narrowing his frame building on West Eighth street about a week, that much of it being on Mike Schneider's lot. Free-Morrow coaster. The first 25 rollers will get a Morrow coaster without charge. F L Chambers Bro. Albany's city council has ordered numbering of the houses and naming of the streets preparatory to free delivery. The First National Bank has just received a Burroughs adding machine. Adds, subtracts, multiplies and divides automatically. J F Sterner, the Ninth street grocer, today put up a new sign in front of his place of business. Whiting, the sign painter, is the artist. First bulk garden seed. Chambers hardware. The fishing season is here and Chambers Hardware is ready for it with the biggest and best assortment of tackle ever brought to Eugene. A petition is being circulated among the business men of Roseburg, the purpose of which is a 6 o'clock closing agreement. It is understood the petition is meeting with much favor, and the ultimate success of the movement is almost assured. 352 bicycles sold at the Crescent agency in 1901. Only the best build and lightest running wheel could possibly make this record. Plenty more just as good at Chambers hardware. In E Schwarzschild's show window there is a panoramic photograph of the city taken from the Butte. It is about three feet long, and a half-toned and made from it will appear in the new immigration pamphlet now being printed by Miller, the printer. Yesterday's Salem Statesman: Miss Made Hammit, of Eugene, arrived yesterday afternoon to accept a position as instructor in the Reform School. Helms W Thompson, an attorney, of Eugene, was in the city yesterday, having had some business before the supreme court. All kinds of horse gardening tools at Chambers hardware.

**MR. HALE'S PLACE**

Will be Filled by the Central Committee.

**A MEETING APRIL 25.**  
Daily Guard, April 17  
As will be noticed by a call to the democratic central committee, printed in another part of today's **GUARD**, the place on the county ticket made vacant by C K Hale declining to run for representative will be filled by naming a candidate at a meeting of the central committee to be held at the courthouse at one o'clock in the afternoon, Thursday, April 24th.  
It is very much regretted by the democrats throughout the county that Mr Hale has withdrawn his name from the ticket, as he would have made a splendid run, but another strong man to fill his place will be put up at the meeting of the central committee.

**A HAPPY WEDDING.**

**Miss Clarice Evenson Becomes the Bride of Clive Cheshire.**  
Daily Guard April 16  
A simple, though happy home wedding took place at high noon today at the home of Mrs E Evenson at East Twelfth and Patterson streets, when Miss Clarice Evenson became the wife of Clive S Cheshire. The officiating clergyman was Dr E C Sanderson, dean of the Eugene Divinity School.  
The ceremony was performed in the presence of only a few relatives and intimate friends of the couple, and was followed by a pretty dinner at the home.  
The bride is the youngest daughter of Mrs E Evenson. She has lived in Eugene from early childhood, and has many warm friends. Mr Cheshire has also lived here a greater part of his life, is a popular young man, and is at present in partnership with C C Hammond in conducting the **Cachon Cafe**.  
Mr and Mrs Cheshire left on the 1:42 train, amid showers of rice, this afternoon for a trip to Portland and Tacoma, and when they return they will occupy rooms in Dr and Mrs C W Lowe's residence at 26 West Seventh street.

**C. E. WOODSON.**

**Former Eugene Young Man for County Judge of Benton.**  
Corvallis Times: The republicans of Benton county have filled up the vacant places on their ticket. The action was taken at a meeting of the central committee Monday. The new candidate for county judge is C E Woodson.  
Mr Woodson was formerly teacher of Latin in the State University. Something over two years ago he came to Corvallis and shortly afterward became a law partner with E R Bryson. Mr Woodson is a nice young man, and has won considerable reputation as an actor in local amateur theatricals. Last September he retired from the law practice and has since been employed in the First National bank of Corvallis.

**Strikes a Rich Find.**

"I was troubled for several years with chronic indigestion and nervous debility," writes F J Green, of Lancaster, N H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by W L DeLano.  
**THE OREGON PROSPECTOR.**—R F Baker & Co, real estate dealers, have just had printed for free distribution to homeseekers a pamphlet entitled "The Oregon Prospector." It has 12 pages which are filled up with a description of the state, Lane county and Eugene, besides a large number of illustrations, including one of Willamette street, the University buildings, the courthouse, the banks, several store buildings, the Methodist and Christian churches, the Patterson School, a birdseye view of Springfield, etc. It is a splendid advertisement for the city.

**DR. KING A SOCIALIST.**

**Was One of the First Members of the Party in Eugene.**  
Daily Guard, April 17  
In this morning's Register appeared the following from the republican nominee for coroner:  
I understand this morning from a reliable source that I am charged by the democrats as being socialist. If having voted the straight republican ticket from my first to last ballot without scratching my ticket, and never missing an election constitutes a socialist, then I am undoubtedly one.  
**DR C B KING.**  
Dr King undoubtedly is a socialist. He may never have voted the socialist ticket, but he was one of the first members of the branch of that party organized here Jan 6, 1902. His name was subscribed to the following statement, but was scratched off at his request after he had been nominated by the republicans for coroner:  
I, the undersigned, recognizing the class struggle between the capitalist class and the working class, and the necessity of the working class constituting themselves into a political party, distinct from and opposed to all parties formed by the propertied class, hereby declare that I have severed my relations with all other parties; that I endorse the platform and constitution of the Socialist party and hereby apply for membership in said party.

**IN CALIFORNIA.**

**Prof. Washburn and the San Jose Fruit Pests.**  
Special to the Guard.  
**BERKELEY, Calif.**, April 17.—Prof F L Washburn, on his way from Oregon to Minnesota, has stopped at the California Experiment Station at Berkeley, and while here has been asked by the director to take charge of some investigations being made on the peach borer in Santa Clara valley, near San Jose. This insect is one of the most serious pests which the fruit raiser has to contend with, and in the past he has depended largely upon removing the borers with a knife or instrument made for the purpose. This not only takes time—and time means money—but it wounds the tree to such an alarming extent that it sometimes appears that the remedy is worse than the disease. The California entomologist, Professor Woodworth, is working now with sulphuric acid, and from the present outlook this agent seems to promise what the growers most desire, a safe and expeditious means of eradicating this troublesome pest. Certain precautions have to be observed in its use to insure safety to trees.  
Mr Washburn has just returned from San Jose and speaks highly of the outlook in this line. In speaking of his visit to San Jose, he says:  
"I drove for 30 miles in a continuous orchard, white with bloom, on roads as level and clean and hard as a barn floor, and saw hardly a foot of land not under cultivation in this 30 mile drive. The roads are all macadamized and for miles out of San Jose are sprinkled in summer. The trees are French prune, apricot, peach, cherry, some olive and almond. English walnuts, shade the roads outside of the fences in places. Some growers irrigate and some do not, depending upon individual views, and on the length of the purse. I saw a few vineyards near San Jose, not attractive now with their short stumps of vines, but I have been assured that when in leaf they add to the landscape."  
Mr Washburn leaves for his Minnesota post within a week.

**MR. PRESTON'S BUILDING.**

**Will Be a Handsome One When Second Story is Erected.**  
Workmen this morning commenced to tear down the fire wall of W M Preston's brick building preparatory to the erection of the second story.  
The old wooden sidewalk in front of the building was also torn out this morning and gravel placed in for a cement walk.  
When the improvements are completed the building will be a handsome one. Mr Preston's plans call for a fine plate glass front, the present one to be taken out and placed in the Park street entrance when the new addition is finished. A stairway will be put in next to the Hendricks building occupied by Hall's grocery store, and the second story will be partitioned off into convenient office rooms. The front of the building will present an imposing appearance.  
The excavation for the basement under the new addition is down four or five feet of the required seven.

**Night Was Her Terror.**

"I would cough nearly all night long," writes Mrs Chas Applegate, of Alexandria, Ind, "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three 41.00 bottles of Dr King's New Discovery wholly cured me and I gained 25 pounds." It's absolutely guaranteed to cure coughs, colds, is grippe, bronchitis and throat and lung troubles. Price 50c and \$1.00. Trial bottles free at W L DeLano's drug store.

You want a good clean bed when you stop over night in Eugene. New beds and newly papered and painted rooms at the **Courthouse Lodging House**. No old, dusty, worn-out carpets but clean painted floors with a nice bright Brussels carpet rug to each bed. Just back of the courthouse.

**ANOTHER NEW BRICK**

**Mike Schneider Has Let the Contract for His Building.**  
**CONTRACT PRICE IS \$4800.**  
Mike Schneider has let the contract for the erection of a fine new brick building on his lot at the corner of West Eighth and Olive streets to W H Fenton for \$4,800.  
The building will be two stories high and 50x75 feet in dimensions.  
Mr Fenton will soon commence work on the structure and will have it finished by autumn.

**EARL SANDERS.**

**Candidate for the Legislature From Wasco, Crook, Lake and Klamath.**  
**THE DALLES**, April 17.—Earl Sanders, a prominent young attorney of The Dalles, who was recently nominated by the democrats for joint representative for Wasco, Crook, Lake and Klamath counties, is probably the youngest nominee on the state legislative ticket. He was born July 13, 1875, in Stanton, Michigan. He graduated from The Dalles High School in 1897 and later attended the State University at Eugene.  
When the Spanish-American war broke out he enlisted with his home company and served in the Philippines. He was slightly wounded at the battle of Malabon. After five days in the hospital he was again on the firing line, where he remained until the close of the campaign. After his return he prepared and delivered throughout the state a lecture on his experience in the army.  
His legal education was acquired in the office of Judge A S Bennett of this city.

**A SERIOUS WRECK.**

**Trammen Miraculously Escaped Injury.**  
**ROSEBURG**, April 17.—The wreck of the northbound extra freight train at Salt creek Tuesday was a serious one. Three cars loaded with granite and two filled with empty cans were tele-scoped and demolished and the engine was tipped over and badly wrecked. Engineer Glass and Fireman Wiley Francis [of Eugene] miraculously escaped without serious injury. The wreck occurred from some unknown cause at the water tank, and that structure, with its substantial foundation framework, was completely destroyed. A new track was built around the wrecked engine and the passenger trains were not much delayed. A Portland wrecking crew went to the scene this morning to pick up the wrecked engine and further repair the damage.
