O. N. G. ENCAMPMENT.

Will Probably Be Held at Clatsop Beach.

OVER 1200 MEN WILL ATTEND.

The forthcoming brigade encampment of the Oregon National Guard is being taken up for discussion generally in militia circles says the Portland Telegram. Some weeks ago Governor Geer authorized the encampment, and left the power of selecting the place for the holding of the same to Brigadier-General Charles F. Beebe and Adjutant-General C. U. Gantenbein. This selection has not yet been made, but a place much talked of is Clatsop beach, near Gearhart Park, and it is more than likely that the camp will be located there.

Then this, no better place could be selected. Such is the opinion of nearly all guardsmen, and many of them have been encamped there before. The place is in direct touch with the outer world by means of the Astoria railroad, and is within easy access of river transportation facilities by transfer to rail at Astoria. Near Gearhart Park is a 10-acre open field most excellent for drilling ground, and then there is the long stretch of beach which is splendid for marching and maneuvering.

There will at conservative estimate, be about 1200 men in the camp this year, including the Third and Fourth Regiments, Light Battery A and the various hospital and engineering corps of the two regiments. The Fourth Regiment having eight companies and there being seven companies in the Third, would give 15 companies, and averaging about 60 men to a company, not including the officers, it will readily be seen that, swelled by the battery and the various corps, the men encamped will easily come up to the total mentioned above.

He was speechless for about an hour, but subsequently partially regained his speech and was taken to his home in an ambulance. The attending physician reports Mr Beck in a critical condition.

PORTLAND FOR CHAMBERLAIN.—The Dalles Times-Mountaineer: A gentleman just returned from Portland said if one were to judge from general expressions heard on the streets of the metropolis, he would think that Chamberlain would get almost the unanimous vote of that city next June. Everybody, he said, seemed to be booming the Portland man for governor.

QUEER BEDFELLOWS.—Cottage Grove Leader: Politics makes queer bedfellows. The Republican party heads their ticket with a two-year-old Republican for governor, who has been a life-long Democrat, and in this county the tail of the ticket, the coroner, is to be filled by a man who no longer than last January subscribed to the Socialists' doctrine of faith.

A new machine for purifying the water before it is frozen into ice has just been received from Detroit, and when this is put in operation the ice manufactured here will be the best and most healthful to be obtained in the state.

CALLED TO PASTORATE.—Medford Mail: The members of the Christian church of this city have secured the services as pastor, of Rev E. M. Patterson, now stationed at Eugene. The reverend gentleman will not be here, however, to take his charge before the middle of June or July. He comes to us very highly recommended both as an able preacher and a good citizen.

Daily Guard, April 26. A SUCCESSFUL MARKET.—The market conducted today in the vacant room in the Titus block on Willamette street by the ladies of the Episcopal guild was quite a success in every way. A large amount of viands, including chickens, oaks, pies, etc, were sold at a good price, the proceeds to go toward carrying on the work of guild and the church.

Daily Guard, April 26. A SERIOUS FALL.—Julius McCrady while on the roof of his new house out on High street between East Thirteenth and East Fourteenth yesterday afternoon about 4 o'clock fell to a scaffolding below and broke a rib and sustained severe bruises. Dr D. A. Paine attended the injuries and Mr McCrady is getting along nicely today.

An order has been issued by the Southern Pacific Co to the bridgemen and trackmen to be at their work at 7 a.m. and continue working until 5 p.m., going to and returning from their work on their own time before and after these hours.

HONEST GEORGE

How Chamberlain Paid Another Man's Debts.

LOST HIS HOME.

Portland Evening Journal: The attempts of a local morning paper to cast slurs on George E. Chamberlain, the Democratic candidate for governor, because he has not accumulated great wealth and is unable to spend thousands of dollars in his campaign revivifies the story that is so well known in Linn county and throughout the Willamette valley. Because this story is true; because all the people in the valley know it, and because George E. Chamberlain would do the same thing again under the same circumstances, are reasons why Linn county is expected to give him a thousand or 1500 majority at the June election. The incident occurred nine years ago in the city of Albany.

When the Linn County National Bank went into liquidation, Mr Chamberlain had for some time been a resident of that city and he by diligent and wise practice of his profession accumulated some wealth. He had a beautiful home which was conservatively valued at \$2000 and had other assets which made his total holdings, as it is understood there, about \$2500 in round numbers. Mr Chamberlain had accumulated a fund by saving some notes, which were held in the Linn County National Bank. The bank failed. To profit at his name and credit, he turned over all his property and every dollar he possessed in the world to discharge the obligations, which he had undertaken for another man, and then applied himself to the payment of the balance, refusing any propositions looking toward a settlement at less than 100 cents on the dollar plus the accrued interest. Although urged to do so, he refused to compromise any obligation under which he stood. The incident is cited by his friends as indicative of his high sense of personal honor.

THE UNCLE SAM MINE.

The Stamp Mill Ready for Operation—Will Add Five More Stamps.

Daily Guard, April 26. Messrs Samuel Brewbaker and son and Geo H. Yerlinton, of the Uncle Sam Mining and Milling Company, of Eugene, were in the city yesterday on business in connection with their mining property in the Blue River district, says yesterday's Brownsville Times. The Uncle Sam Company now have a 5-stamp quartz mill ready for operation and are only waiting for the snow to melt so that they can get supplies to their mill. The gentlemen came down from their mines Saturday and report four feet of snow at the mines. The Uncle Sam property is located on the Callipoola side of the district and is a fine piece of property. This mill is the first to be erected on the Callipoola side, but in a short time there will be several others. The gentlemen informed a Times representative that it was their intention to add an additional five-stamps at the earliest possible moment, they having erected their mill buildings for that purpose.

I. O. F. ANNIVERSARY.—Portland and visiting Odd Fellows dedicated the "Home" at Kenilworth addition adjoining this city this afternoon, the date being the 83rd anniversary of the institution of American Odd Fellowship. The Rebekahs held open house at Odd Fellows' temple in the afternoon and in the evening a good program was rendered at the White Temple.

BORN.—In Eugene, April 25, 1922, to the wife of H. D. Brown, a son.
Mr and Mrs Horace Burnett have engaged rooms on the second floor of the Odd Fellows' temple and moved into the same today.

Fifty Wells Walla women caused a big sensation in that town Thursday by paying a visit to several saloons in that city. They acted in a very orderly manner, their quite crusade being merely for the purpose of morally influencing the proposition of making Walla Walla a "dry" town.

AT THE UNIVERSITY

Faculty Beat the Varsity at Baseball 11 to 7.

OTHER NOTES.

Daily Guard, April 26. The initial baseball game of the season was played yesterday afternoon on Kincaid field. It was a game between a team selected from the faculty and the varsity nine. Although the faculty team had no previous practice whatever the score resulted 11 to 7 in their favor.

About 300 spectators assembled to see the game. The ladies of the YWCA were on hand with peanuts and candies which added to the success financially. The management cleared about \$37 and the girls \$9. However, the share of the latter will be used to send delegates to the Pacific coast conference.

Enthusiasm ran high at critical moments, especially at the last inning when the faculty ran in the score. The positions were held as follows:

Varsity.	Faculty.	
Ross	p	Converse
Murphy	c	Ressler
Watts	1st b	Glan
Starr	2nd b	Burden
Herschebe	3rd b	Rodmond
Robertson	s	Dearborn
Kelley	1st	Whitney
McClain	c	Adams
Merchant	r f	Schafer

Umpire, Professor Lachman; Scores were made as follows: For faculty, by Schafer, 2; by Converse, 1; Dearborn, 3; Glan, 2; Ressler, 1; Burden, 1; Whitney, 1. For Varsity, Robertson, 3; Kelley, Murphy, Ross, Watts, 1 each.

The Philological society held a short session last evening and elected the following officers: President, Blythe; vice, Denmore; secretary, Fisher; assistant secretary, Stockton; treasurer, Wagner; editor, Tomlinson; censor, Moulton; librarian, Watson; sergeant-at-arms, Gorrell.

The Y W C A held a special meeting last evening in Professor Schmidt's room. The hall was well filled by members and visitors. The speakers of the evening were Miss Bertha Conde, national secretary, and Miss Mabel Stafford, coast secretary of the Y W C A.

Mr H. C. Galey has discontinued his work at the University. He left last night for Roseburg where he has accepted the position as cashier at the First National Bank of that place. Mr Galey was colleague on the debating team and his place will be hard to fill. However, Mr C. W. Riddell has been chosen by the remaining members as a suitable man for the place.

U. O. LOSES DR. STRONG.

Elected President of the State University of Kansas.

Daily Guard April 26. Regent S. H. Friend received a telegram at four o'clock this afternoon conveying the unwelcome intelligence that Dr Strong, President of the University of Oregon, has been elected president of the University of Kansas.

A meeting of the Board of Regents of the State University has been called to meet in Portland next Saturday when it is probable Dr Strong will tender his resignation as president.

The Portland Evening Journal is a very lively, newsy evening paper. It is full of readable matter with the latest dispatches, and has a permanent appearance about it.

The lower floor joists have been laid and the brick work commenced on the addition to Wm. Preston's building. Everything is now almost ready for the work of building the second story.

Junction City Times April 26: John Edwards, who lived near Lancaster, has shipped his household goods, farming implements and stock to Snohomish, Washington, where his sons, Fred and Floyd reside. Floyd came down and helped load the car and accompanied it to its destination. The freight charge for the car was \$102.

Empty houses and housekeeping rooms are as scarce as hens' teeth in Eugene. This can be testified to by the city editor who, ever since he was married last Sunday, has been on a search for a place to live and finally has found two small rooms in the Odd Fellows' block that were not occupied or engaged. It would pay anyone who has the money to erect a number of tenement houses.
