

FURNISH'S CAMPAIGN EXPENSES.

The Oregonian asserts that "there was not the slightest reason for suspicion of the use of money" in the nomination of Mr. Furnish over Governor Geer.

However, the Oregonian laid itself open to just criticism in leading substantial aid to a man whom it must have known, at least suspected from his record, would in case of election have used the office for personal profit and aggrandizement.

PRESIDENTIAL JEALOUSY.

President Roosevelt has at last given General Miles, commanding general of the army, permission to go to the Philippines, "about the 16th of September."

The honors that would without doubt be heaped on the old general if present, would be far from agreeable to the president.

The steel trust is somewhat of an octopus itself. It is clearing one hundred and fifty millions a year while the property is worth a billion and a half more than the combined par value of the common and preferred stock.

President Roosevelt is speech-making up in drama. His candidacy for the office he holds is like his buffalo hunting—of the strenuous order.

Other girls should take warning Miss Thompson, a prominent young woman of Huntington, Tennessee, was shot and killed yesterday because she refused to marry the shooter.

Messages may now be sent to incoming and outgoing vessels fitted with the Marconi system of wireless telegraphy, via Sagsponack Long Island, the charge being \$2 per message of ten words, and 12 cents for each additional word, and 12 cents for each additional word.

The bottle manufacturer's trust has raised the price of bottles. It is not so much the cost of the bottle, though, as what they put in it that causes trouble.

First Filipino: "I believe I'm going to like these Americans almost as much as our old friends, the Spaniards."

Second Filipino: "Why, how so?"
