S. H. HOVEY, Asst. Cashier

KILLED BY A FALLING TREE

A sad accident occurred in Baldere's logging camp a few miles from Gardiner Tuesday morning, August 26, by which Joseph Lloyd, of Point Terrace, was instantly killed.

The circumstances were related to the Florence West by one of the crew as follows:
The men were at work with a donkey engine hauling logs and instead of all following the same track, occasionally a log would slide behind a tree, making it necessary to unfasten the chain and take a new hitch. One had just been caught in this way and Lloyd, accompanied by the book-tender, went to it for the purpose of loosening it. The other men noticed that the tree around which the chain was wrapped, was falling and shouted to warn Lloyd and his companion. The latter lay down beside the log and was unhurt, but Lloyd attempting to run out of the way of danger, was caught by the tree and instantly killed.

A messenger was at once sent to Point Terrace to inform the relatives of the deceased. Many of the logs and the body was brought to Eugene the next day.
Joseph Lloyd was about 21 years of age and had resided near Point Terrace for several years. He was well liked by all his associates and was a general favorite among the men in the logging camp.

QUARTER CENTURY WITH S. P. CO.

A quarter of a century ago today L. G. Adair took up his duties with the S. P. Railroad Company at Eugene and today he declared that he is "ready to be placed on the shelf and fed on doughnuts and butter-milk" for the rest of his days.

He jokingly added that he was old enough to vote and that he had no intention of retiring from active service. Mr. Adair is well along in years has been a conscientious employe and always on the alert for the interests of the company he works for.
The GUARD joins his many friends in wishing him many more years of peaceful and prosperous existence in our midst.

Diamond Goods

Some one who reads this is going to buy a nice diamond very soon and the question arises: Where will that person buy it?
If he is somewhat posted he will see us.
Our diamond business is growing. We buy only good stones and sell them on close margins.
If you are interested call and be convinced.

M. R. JANNEY.

TERRIBLE MT. PELEE

One Thousand Lives Lost by Saturday Night's Explosion

A Paper Hanger's Crime—Cut Throat of His Wife and Four Children—Railroad Accident.

LONDON, Sept 2.—The police are hunting every nook of the city for a paper hanger who cut the throats of his wife and four children, then disappeared.

Coal Mine Fire.

COOPER, W Va, Sept 2.—Striking workmen fired the Pocahontas Colliery Company's mine and it is burning fiercely. It seems impossible to handle the fire. Great damage is threatened.
A guard stationed at the mine fired on strikers who approached too closely.

Usual Railroad Accident.

KANSAS CITY, Mo, Sept 2.—A head-end collision between two freight trains today resulted in the death of the engineers and firemen on both trains.

Ten Thousand Homeless.

CONSTANTINOPLE, Sept 2.—A conflagration in the Inum Karassar quarter of the city last night destroyed two thousand houses before it burned itself out.
There are fully ten thousand homeless.

Pelee Won't Quit.

FORT DE FRANCE, Island of Martinique, Sept 2.—Not less than one thousand persons were killed by the eruption of Mount Pelee Saturday night, while many were injured.
The earthquake shocks, rumbling and trembling of the earth continue at intervals. The people on the northern part of the island are panic-stricken.
They had never fully recovered confidence since the former eruption and now seem to have lost all courage.

P FRANK & SON WILL RETIRE

Have Sold Out Their Large "Racket" Store on East Ninth Street.

The well known mercantile firm of P Frank & Son who conduct the large "Racket" store in their own brick building on East ninth street have sold out their business and have announced their intention of retiring from active business life. Such was a statement made to a GUARD reporter today by C S Frank, the junior member of the firm, but he said that he is not at liberty at present to give out the names of the purchasers.

The new purchasers will not take possession of the store until January 1, 1903, but the deal has been entirely completed. Invoicing of the stock will begin about December 31st.

The Messrs Frank opened their store in Eugene on the 17th day of May, 1890, in a small building and with a small stock. By strict attention to business, judicious advertising, shrewd purchases and fair and square dealing they have built up a magnificent business, have had to enlarge their quarters several times, and in 1896 erected a large two-story brick and occupied the entire lower floor with their goods.
While the GUARD regrets to see the gentlemen go out of business we are glad to know that they will remain in Eugene.

MARRIAGE LICENCES IN AUGUST

During the month of August just past County Clerk E. U. Lee issued 20 marriage licenses. During the corresponding month last year there were 15 licenses issued and during July of this year only 12. Following is a complete list of those who secured licenses in August:

- Aug. 1—E Justice and Mary Curtis, Willard Gray witness; Langdon Morse and Sarah E. Russell, C. C. Coffman witness; Harry C. Hart and L. Hattie Orpud, J. E. Young witness; J. B. Scorsford and E. E. Cummins, H. L. Rane witness.
- Aug. 2—R. Scoggin and Mrs. Nellie Hubbard, M. C. Brent witness.
- Aug. 4—Elmer James and Laura Snodgrass, F. L. Snodgrass witness.
- Aug. 6—W. G. Beattie and Willametta Hanna, H. R. Hanna witness.
- Aug. 9—Silas Gibbs and Cora Arce, F. G. Eoy witness.
- Aug. 16—John Mathews and Lela Dobbins, V. B. Dobbins witness; Ernest C. Lockwood and Margarette M. Gough, D. P. Barton witness.
- Aug. 20—Claude C. Basche and Grace H. Campbell, J. P. Hayden witness; Rollo Skaggs and Leah Lewis, A. D. Skaggs witness; Geo. O. Knowles and Bella Casterline, Wm. S. Plowman witness.
- Aug. 22—W. E. Haynes and Velma Deming, S. W. Haynes witness.
- Aug. 23—Buller Howe and Matilda Long, George Howe witness.
- Aug. 29—William Lane and Mrs. C. S. Hillabiddle, S. M. Vinson witness; M. W. Pennington and Ethel M. Stroud, Fred Stroud witness; William Taylor and Nellie Hedrick, J. J. Taylor witness.
- Aug. 30—Edward A. Robinson and Thos. Aulau, Hiram Mowsey witness; A. C. Wheeler and Julia M. Vaughn, J. Q. Vaughn witness.

Mary Clayton Howe.

Mrs. Mary Clayton Howe died Sunday morning, August 31, at her home on West Tenth street, surrounded by relatives and friends after a more or less prolonged illness.
She was a good woman whose removal from the circle of family and friends will be sorely felt.
The deceased was born April 30, 1841, in Illinois, Scotland, and came to Canada in 1851. She was 61 years of age.
She leaves an aged husband, John Clayton, a brother, Mrs. James Olfitt, a sister, and the following children: Ed. Howe, Eugene; Mrs. Geo. Nelson, Silverton; Mrs. Chas. Parsons, Eugene; and Miss Alice Howe at home.
The funeral services will be conducted tomorrow at 10 a. m. by Rev. D. E. Loveridge with interment in Old Fellows' cemetery.

Rock Crusher No. 2

The county rock crusher No. 2 is being moved from Thurston to Jasper where it will be operated during the remainder of the season. It will start up at Jasper tomorrow.
The crusher has been at work on the McKenzie road improvement, half of the money for which was raised by the citizens and the other half appropriated by the county. The crusher has prepared material for 2 1/2 miles of road from one-half mile this side of Thurston to the Barney Wood hill. Chas. Croser is graveling the road from High Banks to where the rock crusher's work began and from the Barney Wood hill to the ferry.

Married.

Henry Duckworth, of Elmira, and Miss Bertha Allison, of Hale, were married in the Hoffman House parlor this afternoon at 2:30 o'clock, Rev. M. P. Horn officiating. The young people have many friends in the respective neighborhoods in which they reside who wish them much happiness.

Foot Mashed.

Saturday afternoon Clyde Mitchell, who is employed at the Eugene saw-mill, met with an accident Saturday afternoon which will lay him up for quite awhile. A log fell on his right foot, badly mashing the member and breaking the bone. Dr. L. W. Brown attended the injuries.

Married.

Edwin A. Robinson and Miss Theo. Aulau, both of the Aulau neighborhood in South Lane, were married Saturday night at 9 o'clock in the Hoffman House parlor, Rev. B. F. Reynolds officiating.

CONTRACT NULLANDVOID

Fifteenth Sewer Contract Let to Mummy Bros Illegally.

Serious Charges of Collusion With Councilman Read By Councilman Dorris.

At a call meeting of the city council this afternoon at 4:30 o'clock for the purpose of discussing the legality of the contract let by the street committee to Mummy Bros for the construction of the Fifteenth street sewer, Councilman Dorris read a letter from an unsuccessful bidder, Rhymer & Rhymer, of Portland, stating that the contractor, E. R. Mummy, had told him one night on the train that he was in partnership with M. S. Barker, member of the council, and that he could thereby make some \$300 by the collusion. Mr. Mummy was present and addressed the council, absolutely denying the truth of the charges.
The ordinance provides that certain committee work should have been done prior to letting contracts of this sort and it was found that this was not done in this case and City Attorney Williams therefore declared the contract with Mummy Bros null and void.
Councilman Dorris, Barker and Green constitute the street committee. Barker and Green let the contract against the vote of Dorris and the latter is fighting it.

BUILDING PROGRESS.

Work on Various New Bricks Rushing—Building Will Not Let Up This Winter.

According to common usage, the store will be ready to move into in about two weeks. The concrete walk on the south side is being completed as rapidly as possible. The upstairs will next receive the attention of the carpenters.
The Roney block on West Eighth street is receiving finishing touches. The telephone office fixtures will be moved this week some time from the First National Bank building to the new quarters in the Roney block.
Work on the Smeeds Hotel is rushing along. The office has received a new coat of plaster and the change to larger front windows has been made. Work of installing furniture will soon commence.
John B. Coleman, owner of the one-story bricks adjacent to the Smeeds, states that with a sufficient guarantee of patronage he would add a story to his block. The suggestion that it could be used for an extension to the hotel might be utilized.
The numerous residences in course of construction about town are being completed as rapidly as the limited supply of help will permit. Good carpenters are very scarce. Contractor J. M. Eddy stated today that there will be no let up in building this fall and winter. He said he has as much work before him as he has put behind him for the year. Other contractors are similarly fixed, so we may as well prepare to see every sunny hour this winter made use of.

To School Patrons and Teachers.

The public schools of this city will open on September 15th, at 9 a. m. There will be an examination of pupils conditioned in any subject, and of pupils new to the schools who wish to be assigned to a grade on Thursday, September 11th at 9 a. m. in the Patterson building. There will be a general teachers' meeting on Friday, September 12th, at 9 a. m. in the Patterson building. The superintendent's office will hereafter be on the first floor of the Patterson building.

Will Have a Float.

Little was accomplished but much was discussed at the meeting of Iowans in East park last night. It was decided to construct a float for the carnival and see to it in general that Iowa was honored as her sons merit. The Iowa Association are in earnest in doing up-to-date things and their part of the program will be watched with interest.

LOGGERS CONFER WITH MILL MEN

At a meeting of the Siuslaw Loggers' Union last Saturday a committee of three consisting of J. L. Atkinson, president of the union; C. W. Lyons, vice-president, and Harvey Sale, secretary, was appointed to meet A. W. Beadle, president of the Siuslaw-San Francisco Lumber Company in regard to a new and more satisfactory arrangement for payment of the loggers who bank logs for the company.

Under the present system the loggers bank the logs for the company and they are scaled and paid for at the convenience of the corporation. The request of the loggers is that the logs shall be scaled every month and paid for when received at the mill.

I. B. Cushman, manager of the mill for the company, was with the conference.
The above request of the loggers was made to President Beadle at a meeting in Eugene today. He has taken the matter under consideration and will give an answer to the committee tomorrow.

Died.

William G. Eaton died of senile debility at Junction City Saturday evening at 7 o'clock, aged 85 years, 7 months and 9 days. He resided with his son, J. J. Eaton. A daughter, Mrs. Amanda Harper, resides at Coifax, Washington, and two sons, Charles and F. M., near that city.

Mr. Eaton was born in Knox county, Tennessee, January 22, 1817. He emigrated to Jackson county, Missouri, in 1845. In 1847 Mr. Eaton enlisted in the war with Mexico. He was mustered out in 1848. In 1853 crossed the plains with his family to Oregon, settling in Lane county about 12 miles below Eugene, and in 1879 moved to Junction City. Mr. Eaton at the time of his death was probably the oldest man in Lane county. He was a member of the Christian church.

Lost and Found \$675.

A. G. Geyer, of Silver Lake, came into town this morning to take out a load of provisions, etc. this week. He had some horseshoeing done at Mc-Intosh. In the inside pocket was a long leather pocketbook containing checks worth \$675 on Eugene banks, a ten dollar bill and several valuable papers. He carried his coat across the street to Bangs' stable and came down town where he missed his wallet. He stopped payment of the checks at the banks and thought he would be at considerable loss of time in getting new checks, but the pocketbook was found later in the day in the barn.

Florence Schools.

A meeting of the board of directors of Florence school district was held Tuesday evening, August 26, to consider the matter of employing teachers for the coming term of school, neither of the teachers elected at the former meeting having accepted.
After considering the applications received, Miss Anna C. Wright, of Yaguina, was elected principal, and Miss Myrtle Lee Stuart, of Mohawk, teacher in the primary department.

Dr. Whitman's Work.

Two Linn county citizens, Cyrus H. Walker, of Albany, and George Durhart, of Spicer, each had Dr. Marcus Whitman as attending physician at their birth. Mr. Walker's birth-place was at the Whitman Mission Home, Walla Walla, in December 1838. Mr. Durhart's was at the Mission some 12 miles east of the mission, in Oct., 1846.

WING AND WINGASHORE

Old Lumber Schooner on Sand on Siuslaw Bar.

Attempted to Sail Into the River, But the Wind Died Suddenly—Will Float Off Soon.

FLORENCE, Sept 1.—The schooner Wing and Wing, in ballast, bound from San Francisco for the Siuslaw river to take on a cargo of lumber, went ashore about dusk Thursday evening just outside the Siuslaw bar. The schooner attempted to sail into the river, but the wind died suddenly and she was thrown on the beach. The vessel is in an upright position and is in no danger and will probably be pulled off the beach soon. She is now high and dry on the beach, and a crew of men are at work unloading the ballast.

When the schooner went ashore the small steamer General H. G. Wright, which belongs to the government surveying party now at work in this vicinity, was at the government works near the mouth of the river, and gave the alarm. The tug Roberts, owned by Meyer & Kyle, of this city, went down to the bar, but was unable to reach the schooner. The tug went down again later and will assist in helping the schooner off the beach.

The Wing and Wing has had an unlicked voyage and is out from San Francisco 84 days. She first appeared off the mouth of the Siuslaw 10 days ago but was unable to cross the bar. After being driven about in different directions she attempted to sail into the river with the above result. The schooner is in charge of Capt. Grimm with a crew of six men. The Wing and Wing is now 45 years old and has carried lumber from the Siuslaw for a longer time than any boat in the service.

SHIPPING ON THE Siuslaw.

The steam schooner Acme, the largest vessel which enters the Siuslaw, just above Florence taking on cargoes of lumber. All of these vessels are from San Francisco. The schooner Oakland, from Oakland, has secured a cargo and is lying near the mouth of the river, waiting to be towed across the bar at the first opportunity. This vessel is a new one and is on her first trip. The crew did not get along well with their captain and nearly all left him when they reached Florence. The captain has only two men and no cook to take the schooner back to Oakland.

"Nothing Succeeds Like Success."

The New York Racket store opened for business on the 17th of May, 1890, by inaugurating the real-net-spot-cash-on-delivery-over-the-counter system. Our prices must have been right or we would not have met with success from the start which all must admit are stern and stubborn facts. The ray-go-go-system is the true philosophy of an economical low-price system and upon which the net spot cash system has succeeded. Upon these principles we have built up the Racket business which our friends have appreciated by the patronage they have given us. After nearly thirteen years of cash business, we have concluded to show our large stock of Racket goods and retire from this business. Our present stock is full of good value in all departments, which will be sold at the right prices until January 1st.
Please remember that this is not talk but facts and you will find a full stock of up-to-date goods, just bought and all marked in plain figures at prices that will sell them.
P. FRANK & SON,
36 E. Ninth St. Eugene, Oregon.

15 per-cent off

Our big line of 61 different patterns in Fancy Dress Goods Novelties will be sold at a discount of 15 per cent in order to reduce the stock. Call early. Sale may last only few days.
