### DIED IN THE PHILIPPINES

Levi T. Lindley, of Lane County, Succumbs to the Terrible Dysentery.

Mrs. Mary J. Lindley, of Irving, has received the following letter telling her of the death of her son, Levi T. Lindley, in the Philippine Islands: OFFICE OF THE QUARTERMASTER, BALAYAN, SANTIAGO, P. I., July 22, 1902.

Very sincerely,  
CHAS. O. THOMAS JR.,  
Second Lt. in Cavalry, A. A. Quartermaster.

### A NEW BRIDGE ORDERED BUILT

Cottage Grove Bridge Demand Attention of the Commissioners' Court Today.

A committee of citizens from Cottage Grove consisting of R. M. Veitch, Oliver Veitch, J. P. Curran, C. H. Burkholder, John Baker and A. H. King, today waited on the commissioners' court beseeching improvement on the Cottage Grove bridge connecting East and West Cottage Grove. They report that the bridge is sadly in need of repair and that a large amount of traffic is constantly crossing the same.

The case is somewhat similar to the Eugene bridge which still goes unrepaid.

### Dahlin Turns Up.

As predicted by the GUARD, the strange man working in a bar at the Hotel Harrishburg has turned out to be Olaf Dahlin, the Swede from Florence, who left his effort in the Harrishburg hotel and it was thought, had jumped into the river and drowned himself. The Harrishburg correspondent to the Portland Telegram writes as follows:

HARRISHBURG, Sept. 2.—Olaf Dahlin, who mysteriously disappeared from the hotel in this city two weeks ago today, returned yesterday. He had been working with a threshing crew across the river. A letter was received by a citizen here yesterday from J. L. Dahlin, of Florence, asking for any developments in the case.

### Letter List.

The following persons should call for letters which remain dead at the Eugene post-office:

I. J. Anderson, W. C. Black, G. F. Chase, Manly I. Clark, E. T. Cockerham, Mr. M. E. Hargrove, Francis J. Hall, John Jacobs, Clarence Johnson, Jorgen Olson, Miss Flora Patterson, James L. Scott, Mrs. Jessie Taylor.

### Born.

Tuesday, September 2, 1902, to Mr and Mrs J. B. Ray, 671 Olive street, a daughter.

### WILLAMETTE VALLEY CROPS

The following is taken from the regular weekly weather and crop bulletin issued by the U. S. weather bureau at Portland:

WILLAMETTE VALLEY.  
Dayton, Yamhill county, J. M. Crawford: Spring oats and barley are yielding well; pasture is poor, except stubble; hops will soon be ready to pick; late potatoes are ripening rather too fast; another week will finish three-thing.

Blanton, Polk county, N. F. Gregg: Threshing about completed, except a few patches of late oats; the yield has been disappointing; many fields of wheat are falling below the average. Hoppicking will begin in all yards by the 5th; a good quality but not a heavy yield is expected. The striped bugs are taking about all the gardens.

Marquam, Clackamas county, M. D. Leabo: Harvest well under way and in another week most of the threshing will have been done. Hoppicking will commence about the 4th or 5th with prospects favoring a good yield. Vegetation badly dried up; potato crop in need of rain.

B-thany, Washington county, N. Johnson: Threshing about all done; late potatoes looking well; onions ripening fast; apples a poor crop.

Cottage Grove, Lane county, Richard Topp: Threshing nearly finished; farmers are busy baling hay; gardens not yet being gathered; potato crop will be below average.

### ANOTHER BUSINESS CHANGE

Creed C. Hammond and Oliver Uebshire, who have been in partnership in conducting the Cahoon Cafe, sometime today dissolved partnership. Mr. Hammond purchasing the interest held by Mr. Uebshire and will continue to conduct the business.

Mr. Uebshire will take a much needed rest and will endeavor to regain a few pounds of avoirdupois lost by his strenuous duties in the cafe.

Mr. Hammond announces that the name of the establishment has been changed and it will hereafter be known as the Hazelwood Restaurant and Bakery.

### To Increase Working Force.

The "Iowa" Mining Company directors, F. M. Wilkins, H. R. Kincaid, D. J. Grover, J. M. Williams and F. A. Rankin yesterday met in the office of the secretary, J. M. Williams. The directors were highly pleased with the report from the mines that a new ledge had been uncovered in prospecting.

The company owns five claims to B-hemita and assayed last year \$1000 to the ton on their property. The new ledge is apparently just as valuable and work will be rushed to get the precious metal out as soon as possible.

The "Monticello" company hold three good claims in Bohemita and at their meeting yesterday voted to increase the working force at the mines.

The "Monticello" directors are: H. R. Kincaid, C. C. Hammond, M. R. Janney, F. A. Rankin and J. M. Williams. Mr. Williams is secretary of both companies.

### Painting the Bridge.

D. M. McCrady's force of painters who have been repainting the steel bridge across the Willamette at Spring field, have finished putting on the first coat and are now ready for the second coat. If the commissioners' court kept all bridges in the county in as good repair as they do the Springfield bridge no one would have grounds for complaint.

### A Parson's Noble Act.

"I want all the world to know," writes Rev. C. J. Bushong, of Astoria, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine, all-around cure they exceed anything I ever saw." Electric Bitters are the surest of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50 cents. Satisfaction guaranteed by W. L. De Lano.

### HIS BODY IS OSSIFYING

Ernest Miller's Case Near Albany a Peculiar One—Cannot Move His Body.

The Albany Democrat man, with a couple of friends Sunday evening visited the pleasant home of Mart Miller, at Knox's Butte, says that paper, where they had a visit with Mr. Miller and his family, including his son, Ernest, whose case is an intensely interesting one. Seven years ago his joints began to harden. Three years ago he left the house for the last time, and a year ago he was placed in bed a twisted, solid mass, gradually ossifying and offering all the efforts of local physicians to assist him. For a year he has lain in exactly the same position without stirring or being stirred, a movement causing such pain as to call for other means of taking care of him, which have been neatly and ingeniously devised. His arms, legs and body are misshapen, and even his neck is stiff, so that he can not move his head at all. But to offset this misfortune, he has a face as beautiful as one ever saw, that of a young woman, with lovely glossy hair, eyes that are bright, a sweet expression on the countenance and an active mind, with the capacity to give expression to his thoughts in an interesting way. Most people with healthy, active bodies, complain at the little life of life, but Ernest is happy and contented, looking on the bright side of what there is for him.

He is a voracious reader of good books and newspapers, during the Tracy hunt taking a lively interest in the chase, whenever any one has the time to turn the leaves, having a book or paper on a rack before him. A looking-glass is arranged so as to show the passing of people and teams on the road near by. He belongs to the Sun-Union Society, a national organization, and has received letters from as far as Germany, which afford him great pleasure. He enjoys novelties, pictures, etc., and always appreciates visitors. A worthy and faithful father and mother and six brothers and three sisters, part of whom are at home, give him company, but neighbors are always welcome. He will be 18 in a few days.

A strange part of his physical condition is that his pulse is about 130 continually and sometimes as high as 160. His circulation of course is poor. He undoubtedly is gradually becoming ossified, but his appetite is good, and the indications are that he will live a good many years, a blessing, notwithstanding his misfortune, to sit in contact with his beautiful life.

Those who are discontented may well visit him and learn a lesson. The misshapen face will leave an impression which will be of a pleasant character.

### HOPPICKING.

Hoppickers Wanted.

Picking hops on the Campbell & Walker yard one mile above the University at Judkins' Point will begin Friday, September 11.

Wired yard, heavy hops and little leaf. Have just cultivated the summer growth of weeds out so ground will be clean for pickers. Inquire on premises, or address W. R. WALKER, Eugene.

To Hop Pickers.

Hop picking will begin in the Cheek-lye yard Monday, September 8. Good camping ground.

Hoppicking.

Hoppickers are notified that the Brighton yard will commence picking Monday morning, September 8th.

Notice to Hoppickers.

Hoppicking will begin in the John Davis yard, formerly the Liston yard, Monday, September 8.

Notice to Hoppickers.

Hoppicking in the Anderson yard near Springfield will commence September 10.

Hoppicking Notice.

We will commence picking hops at our yard five miles below Eugene on the River road Monday, Sept. 8. Pickers wanted. Forty acres of hops. GOMPH & MILLER.

### THE FIRE FIEND IS AT WORK

Empty House Burned to the Ground and a Widow's Barn Set on Fire.

Last Tuesday night in the dead hour of the night the residents of the country about three and a half miles north of Eugene were alarmed by a glowing sky, the sure sign of a fire. They found that a barn belonging to a widow had been set on fire and destroyed. They suspected a party but nothing was definite so no arrests were made.

Last night the vacant house just across the road was discovered to be on fire. The property had just been sold through the agency of E. J. Frazier to E. R. Wilson and the latter had come East preparing to return to his newly acquired home.

The house was destroyed. There was no insurance on either piece of property.

This morning the neighbors of that community held an indignation meeting and offered a reward of \$100 for the apprehension of the arson fiend. They have a strong suspicion as to his identity and it won't be long until the reward is pulled down. This afternoon E. J. Frazier offered \$50 additional reward, making \$150 total.

The sheriff's office has been notified of the case and the officers will use every means to run down the miscreant.

### ROBBERY AT HARRISHBURG

HARRISHBURG, Sept. 4.—Burglars entered May & Senders store last night by breaking a hole through the brick wall, but with indifferent success. They forced the counter till and obtained from it \$7 to \$10 in small change. No trace of dynamite or other explosive was to be seen this morning. The safe had been attacked, but without success.

The only apparent damage was the breaking off of the door knob. The combination was intact. Of course in so large and varied stock of goods a small loss would not be liable to immediate detection, and so far, they do not miss any article of merchandise. The thieves obtained a pick and crowbar by breaking into the tool house at the railroad depot, and with these they broke a hole about midway in the north wall of the store building. The whole job is conceded to be the work of amateurs, and the firm has cause to congratulate themselves upon getting off so lightly. No clew.

### Permanent Officers.

Daily Guard Sept 4.  
Eugene Typographical Union No 528, last night elected permanent officers and took obligations as the laws of the order direct, J. H. Copeland, of the GUARD, officiating. The union has eleven charter members. Following are the officers under whom the organization will reach the development attained by elder unions:

Harry Shaw, of the Register, president; B. F. Ames, of the GUARD, vice-president; Miss A. A. Miller, of the Journal, secretary-treasurer; Claude Sylvester, of the GUARD, sergeant-at-arms. Executive committee: Shaw, Sylvester and Miss Rose Cross.

### Engineers Enroute.

Daily Guard Sept 4.  
G. Lyman Moody and C. E. Cook, locating and examining engineers for the Great Central Railroad, left today for the Salt Creek route on the Middle Fork where they will do the scientific work necessary in locating the most feasible route for the railroad.

On the McKenzie route the greatest elevation found to overcome was 5175 more than 5200 feet, which is 500 feet less than the highest point reached by the present wagon road. By the Diamond Peak pass the engineers have strong hopes of finding a better route.

### Lower Valley Hoppickers.

The Oregonian says that probably one thousand persons left Portland yesterday by cars and river boats for the lower valley hopfields. The railroad company took much interest in the rush of women and children over the line to send its Oregon traveling passenger agent, the genial Jones—J. P. Jones—along to assist in taking care of the women and children. These hoppickers were unloaded in Clackamas, Polk, Yamhill and Marion counties.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach trouble. Unrivalled for diseases of the stomach, liver and kidneys, they build up and give new life to the whole system. Try them. Only 50c. Guaranteed by W. L. De Lano.

### CALIFORNIA DEMOCRATS

SACRAMENTO, Cal., Sept. 4.—Franklin K. Lane, city attorney of San Francisco, was yesterday nominated for governor by the Democratic State Convention on the first ballot. The vote stood:

Lane ..... 445  
J. V. Coleman ..... 193  
Thomas O. T. Land ..... 47  
Other nominations were as follows:  
Chief Justice—John K. Law, of Merced, by acclamation.  
Associate Justice—E. C. Farnsworth, Jr. of Tulare; N. K. Bowden, of Santa Clara.  
Secretary of State—Alex. Rosenbrough, of Alameda.  
Controller—F. W. Hartley, of San Francisco.  
Attorney-General—W. A. Gett, of Sacramento.  
Treasurer—S. H. Brooks, of Contra Costa.  
Surveyor-General—Charles H. Holcomb, of San Francisco.  
Superintendent of Public Instruction—E. W. Lindsey, of Fresno.  
State Printer—E. I. Woodman, of Sacramento.  
Clerk of Supreme Court—L. H. Wilson, of Santa Rosa.  
Lieutenant-Governor—Isidore Dockweiler, of Los Angeles.

### A Big Mine Sale.

ASHLAND, Or., Sept. 4.—One of the most important mining deals ever consummated in this section is the sale of the extensive copper fields on Joe creek, a tributary of Elliott creek, in the Siskiyou mountains by Messrs W. H. Hamilton, S. McVey, L. F. Cooper and G. B. Adams, to a Montana company for \$300,000. For the past six months competent mining engineers and experts have been examining the property, and have reported very favorably on it.

### Heavy Immigration.

That there has been a heavy immigration to Oregon in the past year is clearly shown by the annual report of State Superintendent Ackerman, which shows an increase in the number of school voters from 63,359 in 1901, to 85,146 at the present time. The increased enrollment has called for more pupils and more school room. During the past 12 months 94 school houses were erected, as against 72 for the previous year.

### Silvester Cox Case Dismissed.

Sylvester Cox of Springfield who was tried for shooting Billings' bull was dismissed today by Justice Wintermeyer who decided that there was not evidence sufficient to show malice toward the bull. Lark Blyson was counsel for the defense and E. O. Potter for the state.

### A Boy's Wild Ride for Life.

With family around expecting him to die and a son riding for his life, 18 miles to get Dr. King's New Discovery for consumption, coughs and colds. W. H. Brown, of Louisville, Ind., endured death's agonies from asthma, but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night. Like marvelous cures of consumption, pneumonia, bronchitis, coughs and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1. Trial bottles free at W. L. De Lano's drug store.

### Died.

Mrs. Eva J. Warner, aged 32 years, died at her home at Bischoff, Aug. 26, 1902, from consumption. She leaves a husband and four children.

The Oliver plow lasts forever and you can always get extras. Do as your neighbors have done, set aside the old make and get an Oliver. They do the work easy.

### SOUFRIERE IS ACTIVE

The St. Lucia Volcano in Sympathy With Mt. Pelee.

Trust Magnate J. Pierpont Morgan Secretly Consulted Labor Leader Mitchell.

Special to GUARD.

NEW YORK, Sept. 4.—It has leaked out that the trust magnate, J. Pierpont Morgan and President Mitchell of the Union Mine Workers have been in conference over the strike situation.

It is announced that the strike must be brought to an end, which those in close touch with the situation say means that pressure will be brought to bear on the coalmine operators sufficient to make them substantially concede the demands of the miners.

Anyway it looks as if the public would be treated to a sensation in strike news within the next twenty-four hours.

### A Colliery Explosion.

CARDIFF, Wales, Sept. 4.—An explosion in the McClaren colliery today caused the death of twelve miners.

### Streetcars Wrecked.

CHICAGO, Sept. 4.—An obstructed streetcar slot wrecked two streetcars today, injuring a number of passengers.

### A Theater Fire.

CINCINNATI, Sept. 4.—The Odeon theater and music hall was wrecked by a fire this morning. The loss will reach twenty thousand dollars.

### Killed Himself for Love.

ROSEBURG, Sept. 4.—Aden Aldrich, a young man of twenty-one, shot himself through the jaw and head with a rifle at a "pioneer" celebration at Olalla, Douglas county, at noon today, dying almost immediately.

Jealousy prompted the desperate deed, the young woman in the case being Miss Rowena Gurney, of Remote, a Coos county postoffice. Young Aldrich inflicted the fatal wound with a rifle.

### Soufriere Active Again.

CASTRIES, Island of St. Lucia, West Indies, Sept. 4.—Soufriere volcano is again in active eruption.

Lava is being ejected from the crater, forming a considerable stream as it courses down the mountain side.
