## Dangerously Ill Several Weeks--Case Regarded Hopeless.

### Gompers Lands Presidency of Federation of Labor-- Baron Krupp Dead.

By Scripps News Association

BERLIN, Nov. 22.—Baron Krupp, son of and successor to the inventor of the famous Krupp artillery gun, died of apoplexy at Essen, Westphalia, this afternoon.

[The first Baron Krupp died in 1887 leaving this son, just dead, at the head of the greatest corporation of the kind in the world. The Krupp gun is built up by shrinking steel bands over a central steel tube, one layer of bands on guns under 9-inch caliber, two layers on larger calibers. The foundries and shops at Essen cover over a thousand acres and employ twenty-five thousand workmen. The secrets of the manufacture are jealously guarded, experts and commissions from other countries even being denied admission.—EDITOR GUARD.]

Gompers Relected.

By Scripps News Association

NEW ORLEANS, Nov. 22.—Samuel Gompers was unanimously relected president of the American Federation of Labor this morning.

[Samuel Gompers, labor leader, was born in London in 1854. His education was received at a night school while he worked by the day as apprentice to a cigar-maker, afterward to a shoemaker. Coming to the United States he took great interest in labor organization. Has been president of the American Federation of Labor since 1890, with the exception of one year—1894—when he was defeated.—EDITOR GUARD.]

### Coal Strike Commission.

By Scripps News Association

SCRANTON, Nov. 22.—When the coal strike commission convened this morning Attorney Darrow announced that questions at issue had been taken up and considered by the representatives of the miners and operators with such unanimity of understanding that now all parties had hopes of arriving at a speedy settlement of the questions involved outside and apart from the commission. He, therefore, asked for an adjournment.

The commission agreed to adjourn, pending such consideration, and President Gray fixed Wednesday, December 3d as such date.

Attorney Burns, representing the independent coal operators, caused surprise by the statement that his clients had not been consulted regarding a possible settlement. He strongly objected to any adjournment but without avail.

### Suffering Royalty.

By Scripps News Association

ST PETERSBURG, Nov. 22.—The condition of the Czarina who has been dangerously ill several weeks is now regarded as hopeless.

Dr Hulan, the New York specialist, brought here for special consultation with the court physicians, declared today that medicine was useless and that there was no chance for recovery.

# TWO YOUTHFUL BURGLARS CAUGHT

## Robbed the Imperial Hotel at Cottage Grove--Brought to Eugene.

Last evening's late train from Cottage Grove brought Constable B K Lawson in charge of the two youthful prisoners, charged with stealing \$7.50 and a rifle from the Imperial Hotel in Cottage Grove a few days ago. They were caught in Ashland and brought back.

Their names are Byron Daniels, aged 17 years, and Norman Daniels, aged 15 years. After their arrest they admitted their guilt. The boys arrived at Ashland Sunday and the younger of the two worked a day or two at the Ashland House washing dishes.

The goods were stolen on the 10th, one of the boys having before worked in the burglarized hotel. When captured they had but 25 cents and stated they had left the gun on the railroad track near Grants Pass, being unable to sell it.

The boys say they are from Washington, that their mother is dead and their father is a drunkard and his whereabouts are unknown by them. The younger claims that he stole the goods and completely exonerates his brother.

### TO THE REFORM SCHOOL.

The younger boy, Norman Daniels, was today sentenced to the reform school by Judge H R Kinoid. The older boy will be held to appear before the circuit court.

### APPLE SHIPMENTS BEING MADE

J H Zimmer, whom the GUARD mentioned the other day as shipping apples, will finish packing at the A I Billy warehouse on the S P depot ground this evening and will immediately make shipments. One carload goes to Portland while another is destined for San Francisco, the second car being loaded at Coburg.

Mr Zimmer will commence drying apples at his dryer across the river two miles south of Eugene Monday. He expects to dry about 4000 bushels and those that are unfit to dry will be made into vinegar, some 300 or 400 barrels being the expected output.

Mr Zimmer says the apple crop this year is short and the fruit is of poor quality, a good many worms being found. He is shipping principally Baldwins, other varieties being much scarcer.

### J. M. Shelley at Boise.

Boise City Capital News: (Hon J M Shelley and wife, of Eugene, Ore, are in the city visiting their daughter, Mrs Dudley Holland. Mr Shelley is a member of the Oregon legislature from Lane county, as well as a prominent business man and anticipates a very interesting time at the session of that body this winter.

Mr Shelley expresses the opinion that Boise is one of the liveliest towns in the Northwest. Its rapid growth and business activity is a revelation to him.

# HIGH SCHOOL VS SECONDS

## A Good Exhibition of Football This Afternoon.

### The High School Won By the Score of 6 to 5--The Two Teams Evenly Matched.

The cloudiness of the forenoon today did not turn to rain this afternoon much to the delight of the football players and those who wished to get a good view of the long heralded and much mooted game of the season between the High School and the second team of the University. In every game this year the High School boys have been compelled to play with Normals, who are supposed to rate higher than a High School. The second team is not academic.

This afternoon there was great confidence on the part of the High School supporters in their team. Every one knew that the contest would be a fine exhibition of football and they were not disappointed in any respect. The players were all in the game from start to finish.

Following is the result of the game by halves:

First half—Seconds, 8; High School 0.

Second half—Seconds, 0; High School, 6.

# FIRST SUIT ON HOP CONTRACT

## Growing out of the Recent Decision by Judge Geo. H. Burnett.

Guard Special Service.

PORTLAND, Nov. 21.—Albert Lillenthal and Phil Lillenthal, hop brokers of New York and San Francisco, have brought suit in the United States court at Portland against D W Stearns, of Oakland, Douglas county, to recover on contract for hops made early in the season before the price reached the present high price, it being alleged that the defendants refused to live up to their agreements.

In the case of D W and R L Stearns, it is alleged that they contracted their hops for future delivery at 12 cents a pound, the crop of their 30 acres being estimated at 30,000 pounds. The plaintiffs allege that \$1200 was advanced, but that when the hops were harvested the crop being 30,000 pounds, the defendants refused to sell. They placed their loss at \$5551, estimating it on a basis of hops being worth 27 cents a pound.

In the case of A F Stearns, it is claimed that his crop amounts to 15,000 pounds and the loss to the plaintiffs by reason of the increase in price since the contract was made is \$4671.

This is the first suit over this year's hop contracts to be brought in the federal court. The right to institute the proceedings in that court belongs to the plaintiffs, who are non-residents of the state. Another fact in this connection is that the validity of these hop contracts has not been passed on by this higher tribunal.

# Quartz Creek Timber Land Sales.

A short time since we noted the forming of a pool of about six thousand acres of timber land on Quartz Creek, a small tributary of the McKenzie river, emptying into that stream from the south forty-two miles east of Eugene.

Dr T W Harris, who held the largest single interest at the time of the formation of the pool, has increased his holdings to two thousand acres through the purchase of the John Kelly, Misses Kate and Beatie Kelly, J H Booth and W T Campbell interests, comprising 1200 acres.

This is probably the finest body of timber in Lane county, or the state for that matter.

Altogether there are about twelve thousand acres of deeded land in the Quartz Creek district, all available timber.

# Lots of Prunes.

M D Mitchell who has purchased and handled the bulk of prune crops of this region this year, this afternoon informed a reporter that he had already shipped two carloads of the luscious dried fruit to the markets and that he had another car ready for the track. The prunes are of the best quality in the world.

# S. M. DOUGLAS & CO'S DAIRY RANCH

## A Fine Farm of 800 Acres Situated Above Springfield.

This week's Pacific Homestead contains the following:

About six miles east from Eugene, Lane county, Ore, and two miles from Springfield is the dairy ranch belonging to S M Douglas & Co, the largest in that part of the country. The ranch consists of about 800 acres of bottom land and 200 acres of hill land. They have 5 acres in corn for silage and for swing. About 25 acres of vetches and oats for hay, 60 acres of oats and wheat mixed which will be chopped for hog feed. Have 45 acres of wheat and 32 acres of oats.

They are now milking 55 cows, mostly Jerseys and grade Jerseys. They are increasing the herd all the time and will probably milk 70 cows during the winter. Most of the cows are bred to come in in the fall so as to be fresh when butter is highest.

They dry up their cows about six weeks before calving time so as to give them a rest.

In winter the cows are fed corn silage and bran and they are kept in the barn during the night and fed all the oat and wheat hay they will eat up clean; this winter they will be fed oat and vetch hay mixed. During the summer they were pastured on clover

S. M. Douglas & Company's Dairy Herd, Springfield.

and fed out and vetch hay twice a day.

There is a butter making plant on the farm but since March 1891 the cream has been shipped to the Albany Cream and Producers Co, Albany Or, the amount of butter made did not justify the employment of an expert butter maker. The cream is separated daily and shipped Mondays, Wednesdays, Fridays and Saturdays at 7 a m via the S P Co.

Have two square silos, one having 200 tons and the other 100 tons capacity. Have a cow barn 65x124 feet which will stable 90 cows. Have a smaller barn for mules of which there are 10 for working on the farm. They have 35 head of hogs to which are fed skim milk and chopped wheat three times a day.

# Died.

Mrs Rebecca Currie died at her home on South Olive street, Eugene, this morning after an illness of nearly six weeks, aged 75 years, 11 months and 13 days.

Rebecca McElvenny was born near Londonderry, Ireland, Dec 8, 1826. Came to the United States in 1852 and to California by way of the Isthmus in 1859. Was married to A S Currie, who survives her, Oct 4, 1860. The family moved to Eugene in 1881, since which it has been their continuous residence.

She leaves four children, Margaret, C E and J A Currie, and Mrs Mattie Luman. Two children died in infancy. She had many friends who will sadly miss her.

The funeral will take place from the family residence to the Masonic cemetery Sunday forenoon at 10 o'clock.

# Thornton Billmire.

Thornton Billmire died at his home, 215 Washington street last night at 9 o'clock from paralysis.

The funeral will be held Sunday afternoon at one o'clock from the family residence to the I O O F cemetery, J C Richardson to conduct the services. Mr Billmire was aged 69 years, 6 months and 25 days. He came to Oregon from Missouri with his family in 1873 and has lived in Eugene for several years past.

Besides a wife he leaves eight children as follows: G W, James, William and Archie Billmire, all of Eugene; Mrs L A Coldren, of Irving; Mrs S E Sprague, of Eugene; Mrs W P Berger, of Irving, and Mrs H V Johnson, of Junction.

# Juvenile Football.

A game of football between Martin Miller's team and Ed Condon's team was played at the Condon grounds on East Fourteenth street this afternoon. The game was called before time to end on account of slugging. The Miller team won the most points, 10, to the other team's 5.

# BIG VICTORY FOR 'VARSITY

## Pacific University Unable to Stop U. O.

### 70 to 0 Is the Score in Favor of Oregon--Men Encouraged for the Thanksgiving Game.

Daily Guard Nov 21

The struggle this afternoon on the gridiron of the University for football honors between the University of Oregon team and the team from the Pacific University of Forest Grove attracted quite a large crowd from the city and schools. The assembled crowd fully expected to see the visiting team defeated by a considerable score. The playing was quite snappy. The cold weather did seem to lumber the players beautifully to the sensational stunts, which so gladden the hearts of the spectators. The regulation line books, end plays and but very little punting made the result of the game.

Coach McFadden and Captain Day said in the beginning they did not

hope to defeat the heavier aggregation of the 'Varsity.

According to the figures the men weigh 11 pounds more for Oregon to the man. The field was in fast shape and the little fellows were enabled to put up their strongest front to the locals.

Both sides played with a determination and won applause from the side lines without distinction as to who made the star plays.

Spectacular runs seemed to be the order for Oregon while Pacific had to punt for the first time they had the ball. Oregon made few fumbles considering the great number of formations.

The University team is encouraged and hope to win Multnomah Thanksgiving.

Following are the officials, players and the score:

Officials—Edwards, of Albany, and Stevens of Eugene.

# AN UNNATURAL FATHER.

## Fred Wald Practically Disinherited His Children.

Portland Telegram, Nov 21.

There is a strong probability of a contest over the estate left by Fred Wald, who died leaving property valued at \$2600. Some days ago J P Finley, a creditor of the estate, filed a petition for letters of administration, stating that there are four heirs.

This morning a copy of the will was filed, together with the petition of Carl Fiesler, who asked to be appointed executor. The will, which is dated March 24, 1901, gives the four children, Henrietta, Anna, Bertha and Fred \$20 each, the remainder of the property being bequeathed to Carl Fiesler who is also named as executor. John Logan, attorney for the children, intimated that a contest might be commenced. J P Finley has already been appointed executor, so the contest may come from the other side.

# GEO. PICKETT DIED TODAY

## Prolonged Illness Came to an End at Five O'clock This Morning.

This morning at 5 o'clock George Pickett died in his rooms in the Pickett block on Willamette street. For the past year his health has been very poor. The trouble was softening of the brain and the result was that he was for a long time unable to command his faculties. His eyesight grew weaker last winter. He was a well known character in Eugene, having come here some ten years ago and purchased and improved the property where he has resided. He owned considerable other valuable property and was vice president of the Junction City bank.

The deceased was born in Madison county, Arkansas, January 12, 1835, making him almost but not quite 68 years old. He was never married. His only known relative is a sister, Mrs Agnes Joyce, of Dallas, Texas, who has been with her brother for the past eight months, caring for him in all the trouble and sickness. He was a member of a family of eleven and all are dead but this sister.

He came West in 1853, was not settled in any particular place, passed six years in Alaska and was for some time absent where no one knew of his whereabouts.

He belonged to the order of Elks and Masons and the funeral will be held next Monday afternoon at 2:30 o'clock under their auspices. Rev D E Lovelidge will conduct the ceremonies.

# SOCIAL REALM.

Daily Guard Nov 22

The Women's Republican Patriotic League last evening enjoyed the occasion of their annual banquet in Frank's hall prior to the election of new officers for the ensuing year. The spread was of no second class nature as can be attested to by any of the guests present. Mrs Wm Preston was toast mistress for the evening and she filled the office with characteristic grace. The decorations were in keeping with the season. The husbands of the members of the league were present as guests. They responded by invitation to several toasts—Hon S M Moran to "Our Country," Judge J J Walton to "Our City and its Progress," Dr W Kaykendall, to "Oregon," and Mrs Laura Harris to the pleasing subject of "Our Guests."

After the banquet the company adjourned to the hall proper where musical numbers were rendered by Misses Carrie Hall and Rose Moyer. The hall was prettily draped in national colors.

The dance after the program of the band concert next Wednesday evening promises to be another one of those swell affairs for which this city is noted. Great preparations are being made by the young people of Eugene to participate in this part of the evening's festivities. The program of classic, popular and favorite pieces of music will please every attendant at the concert. The new Spanish waltz, "Poet and Peasant," will be played during the evening. This concert will surpass in many ways the past efforts of the band in this direction. J J Hughes, the clarinet virtuoso, will be present and play.

Last evening the dormitory parlors were the scene of another enjoyable event, the reception given by the Coeds of the University in honor of Pacific football team. The rooms were delightfully decorated with ivy and other evergreens. Music, dancing and conversation were the pastimes of the evening. Refreshments were served.

Deacon's regular weekly dance will be held tonight. Good music and a merry time are assured.
